Number of participants	Male	Female	Total
	38	8	46
Resource Persons from HRRP	Biren Shah, DTC, HRRP-Syangja		
Counterpart Coordinator	Biren Shah		Contact No. 9817396852
	Nawaraj Sharma		
Program Brief	The one-day Orientation on Technical Guidelines and Policies for Engineers, Sub Engineer and Assistant sub-engineers was organized by NRA-CLPIU Building, NRA-CLPIU-GMaLI with technical support from HRRP at Hotel Mercury, Putalibazar Municipality, Syangja on 16th September 2019. The program was chaired by Mr.Pravin Dhakal, DLPIU-GMaLI chief, Syagja. The program has participation from DLPIU – Building Syangja, Engineers, sub-engineers and sub-assistant Engineers and technical. Opening Remarks Pravin Dhakal-DLPIU-GMaLI Chief, Syangja He welcomed all the participants to the one-day Orientation on Technical Guidelines and Policies and shared that this is the most important opportunity and learning experience to all the technical staffs working in the reconstruction. He highlighted that the technical staffs are the main actor in the reconstruction and this effort would not have been possible without the hard work of the technicals. He personally thanked all the engineers, sub-engineer and assistant sub-engineers for their hard work. He requested all the participants to not let your motivation and momentum down. He shared that the reconstruction in Syangja district is two years behind with respect to the other 14-most earthquake districts due to the delay in the deployment of technicals in the district just after the quake. He highlighted that the scenarios would have been different if just after the earthquake the technicals would have been deployed in Syangja the condition and status have been different. His major concerns were on when the NRA would complete the process of grievance and list the names of the beneficiaries and the name of		

Activity Report of Orientation

	beneficiaries from RTB to RCB. Finally, he told all the participants to forget the small issues and work together to complete the reconstruction effort. Also, this training is a big opportunity so learn as experienced trainers will be conducting the session, so he requested all the participants to take the training seriously, gain valuable knowledge and follow the rules and regulations of the training. Finally, he focused on the fact that the role of field technicals are most important factor to achieve the goal of prosperous and successful reconstruction. Technicals are the pillar in the reconstruction effort. This forum has provided opportunities in learning new things so don't lose this chance. Learn more, don't feel ashamed to as thing which you don't know.
Session and Observations	
Lists of Session/support from HRRP	• Correction/Exceptional Manual • HCB Manual • NRA Guidelines and Policies • Retrofitting Manual
Good Aspects of the Program & Area of Improvement	• The sub-engineers and sub-Asst engineers were not familiar with these guidelines and manuals which will help them to overcome the future non-compliance decrement and compliance check. • HCB manual and retrofitting manual were new to the technical. Since, retrofit is one of the major challenges of private housing, this orientation helped them to learn a lot about the concept and methods of retrofit.
