Retrofitting

- Technical meeting with Build Change, NSET, and JICA conducted on 3rd January
- Two major issues; retrofitting of damaged buildings and corrections to achieve compliance
- Urgent need to support operationalisation of retrofitting grant
- GoN retrofitting guidelines available and technical notes recently developed, need to look at how to take this technical knowledge and convert into technical assistance
- Oxfam released ToR for retrofitting training

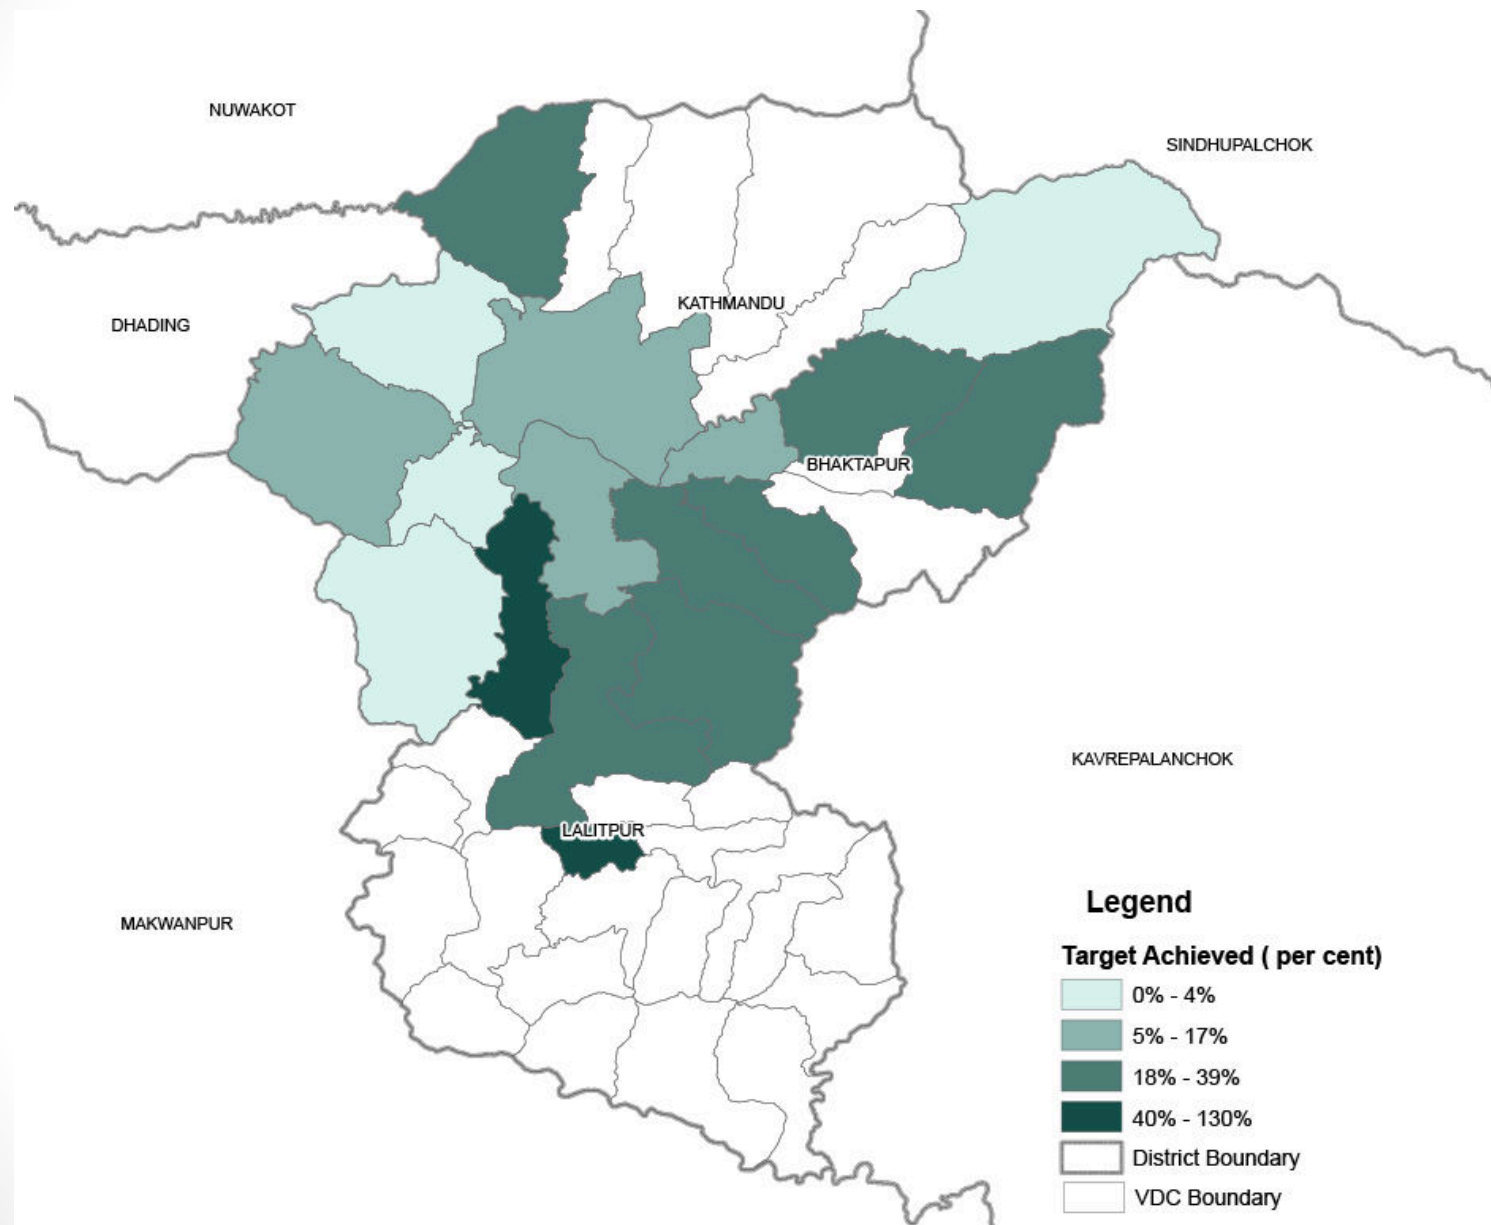

Training

- Short Training coverage: **13** VDCs/ municipalities, **940** trained

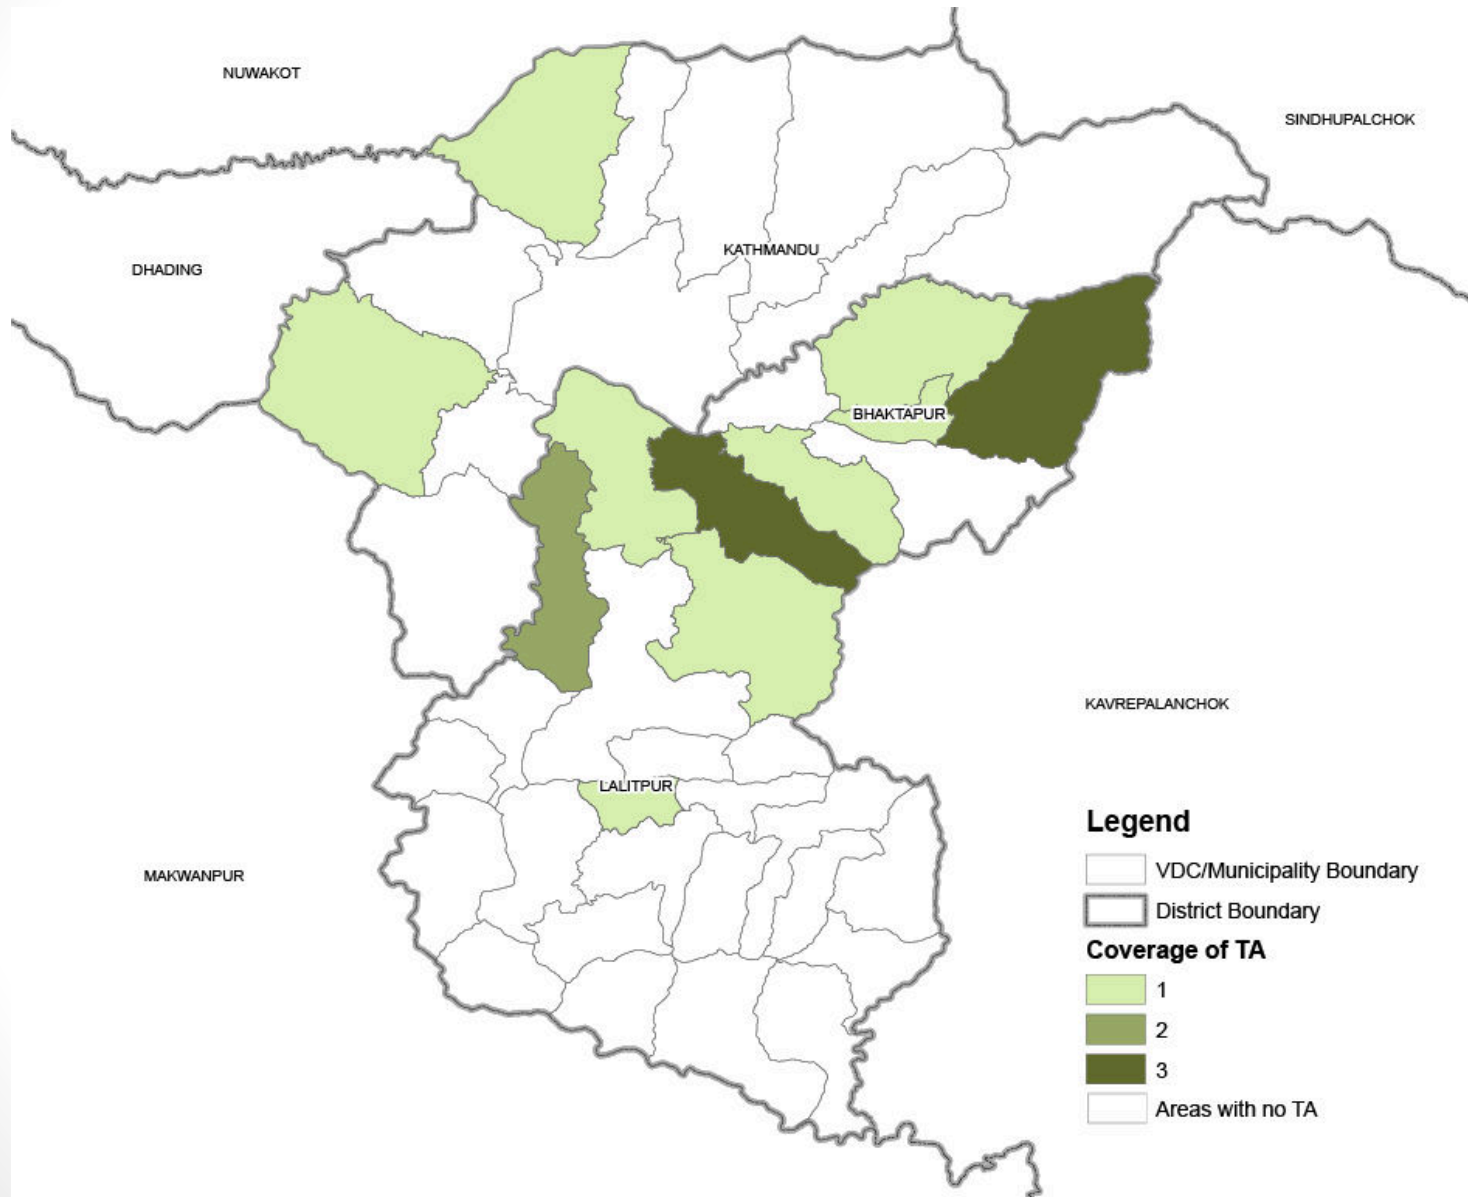

District	VDC	Target	Planned	Reached	Perc_Reached
Bhaktapur	Nagarkot N.P.	378	155	115	30%

Lalitpur	Mahalaxmi N.P.	256	210	100	39%
Lalitpur	Dalchoki	30	30	40	133%

- On the Job Training – continuing to follow up with NRA regarding application of strategy in urban areas

Map: Short Training of Masons (% of target achieved)

Map: Coverage of 6 TA Activities

Technical Assistance

- Six activities recommended in package:
 - Community/household orientation (more than 1 session)
 - Door to Door Technical Assistance (continuous)
 - Short training for Masons
 - Vocational /on the job training for Masons
 - Helpdesk/Technical Support Centre
 - Demonstration construction
- What adaptations are required for valley districts?
- How to improve coverage in valley districts?

WASH

- ‘Shahari Batawaran’, a partner organization has taken initiative to construct 119 latrines in Karyabinayak municipality, albeit without any permission from the authority.
- HRRP 4W has been revised to collect HH WASH data but nothing reported in three valley districts – update?
- Requesting partners to share toilet designs and WASH information material to support with defining the criteria for households to receive the 25,000 NPRs of the last tranche of the housing grant

Education

- In **Kathmandu district**, there are 86 educational institutions (344 classrooms) that need reconstruction, 192 educational institutions (925 classrooms) that need repair or retrofitting.
- In **Lalitpur district**, Chalni Devi School and Rudrayani Secondary School of Karyabinayak municipality are being reconstructed by Rotary club and an unknown partner organization respectively.
- There are no records of **Bhaktapur district** as of yet regarding reconstruction of educational infrastructures.
- Updates?

Health

- A birthing center is being constructed in Sankhu VDC, Lalitpur district, by the Health Foundation
- Updates?

NRA Kathmandu

- 42,655 eligible households and 32,966 have completed enrolment.
- 25,325 households have been recommended for the 1st tranche payment and 17,050 households have received the 1st tranche.
- 10,832 grievances have been registered
- The enrolment process is being managed by the DDC and ward level committee
- Kathmandu NRA office is still in the formation process and not all appointed staffs are in place.
- POs have been reporting directly to central level rather than district NRA offices. So are the cases with heritage sites reconstruction.
- NRA is very interested in conducting joint field visits with HRRP to see POs activities

NRA Lalitpur

- 25,892 eligible households have been identified and 17,142 households have completed the enrolment process.
- 7,000 grievances have been registered so far
- It was reported that one PO has an agreement with NRA to provide financial assistance to 250 HHs in one VDC, but the households have not signed the agreement with the government.
- Very interested in joint field visits to observe activities that are taking place.
- Will continue to share information with HRRP and vice versa

NRA Bhaktapur

- 26,016 eligible households have been identified of whom 19,562 have completed the enrolment process and been recommended for the first tranche payment.
- 6,096 grievances have been registered.
- NRA office is yet to be established in full scale as they are still looking for a new building to move in to.
- NRA and DDC had no information about community infrastructure reconstruction / repair in the district.
- NRA official hasn't met with any POs working in the district yet.

Next Steps

- Next coordination meetings will be held at NRA offices
- Meetings on district basis or for three valley districts?
- Data collection is an on-going process, any information that can be shared is greatly appreciated
- Continuing to update contact list – if there are other POs that should be included please let us know
