Field Visit Reports (Kavrepalanchok)

Visit 1

Date	Location	Participants
22 Oct 2019	Mandandeupur NP, Ward 1, 2, 3, 8	Ishor Neupane, HRRP Reshma Shrestha, HRRP
Objective(s)	- Conduct ward level meeting - Share palika based infographics at the ward level - Conduct housing typology survey	

Why was the visit carried out in this location? Priority wise, Write any other reason

The field visit was the continuation to the planned visit to Mandandeupur municipality (21-22) to collect urban challenges, conduct ward level meetings and observe POs activities.

'If this municipality / ward was visited previously, what were the previous issues (specific ones) and specify the existing issues in the area.

Previous Issues	Current Issues
NA	

Summary

Field Visit:

- No. of HHs visited: 8
- No. of meetings/interaction with engineers: 0
- No. of engineers interacted with: 0
- No. of meetings/interaction with local officials: 1
- No. of local officials interacted with: 1

Meeting: [Meeting-Minutes-Mandandeupur-1](#)

Challenges / Issues Identified	Solutions Provided or Possible Solutions	Decision Taken	Responsible	Timeframe (specify the time taken to decide on the issues identified)
Retrofitting is still a major challenge in all the wards and none of the beneficiaries have move ahead with the retrofitting.	To successfully conduct the retrofit awareness program by the retrofit task force.	Follow-up by ward to each of the retrofit beneficiaries to participate in the awareness program	Ward	Immediate

Retrofitting (Please write specific issues, challenges, best practices related to Retrofitting)

Urban Reconstruction (Please write specific issues, challenges, best practices related to Urban Reconstruction)

The wards visited were the rural wards in the urban municipality and more dominated by brick in cement constructions. Building permits were not regularized due to the rural context and also to ease the reconstruction process.

Vulnerable (Please write specific issues, challenges, best practices related to Vulnerable in Reconstruction)

NA

Photos

Mangal Bahadur Tamang of Mandandeupur-4 constructed his one storey with attic stone in mud mortar house within NPRs 6 lakhs. All four of his family members contributed to both skilled and unskilled labor for the construction. His family is still residing in the temporary shelter nearby and he has plans to move to this house soon after he is able to install doors and windows. He has received all three tranches of housing reconstruction grant.

Dawa Dorje Lama of Mandandeupur-3 constructed his one storey with attic stone in mud mortar house in a period of five months. The total cost of construction was NPRs 10 lakhs. He has received all three tranches of housing reconstruction grant.

Field Visit Reports (Kavrepalanchok)

Visit 2

Date	Location	Participants
11-12 Nov 2019	Temal GP, Ward 3, 8, 9	Raman Acharya, Environmental Specialist, GMALI Chandra Bahadur Niraula, Social Development Specialist, GMALI Reshma Shrestha, HRRP
Objective(s)	- Conduct ward level meeting - Conduct feasibility study for various socio-environmental interventions at the ward level	

Why was the visit carried out in this location? Priority wise, Write any other reason

Marginalized communities were identified in these wards through the preliminary studies in these wards. To assess the reconstruction scenario of these wards, interact with the local authorities on the challenges of reconstruction to meet the deadlines and assess the various socio-environmental interventions that can be done in these wards, the visit was conducted in these three wards.

'If this municipality / ward was visited previously, what were the previous issues (specific ones) and specify the existing issues in the area.

Previous Issues	Current Issues

Questions Collected

Question	Who Asked the Question?	Response Provided (By Whom)
We are preparing to complete the plinth level by the second week of Mangshir. Are we eligible for the second tranche?	Beneficiary	Disbursement of second tranche has been stopped until the next decision and way forward from NRA. (HRRP)
We have been called at the palika for the retrofit awareness program. Does this mean the request we made to convert the beneficiary from retrofit to reconstruction is cancelled?	Beneficiary	For the beneficiary conversion, the retrofit task force will be reassessing the houses. Retrofit too is a feasible and practical process. There are various methods to retrofit and they can be cost effective as well. During the orientation program, all these details will be shared. (HRRP)
For the second tranche, the bank allowed the withdrawal through recommendation letter from the ward for beneficiary death cases but now the recommendation does not work.	Beneficiary	For beneficiary death cases, it has been made compulsory for the beneficiary conversion. The tranche can be withdrawn only after the beneficiary name is converted to the new potential beneficiary.
