

Two important proceedings of the International Conference organized jointly by the Government of Nepal and the partner organizations, namely ICNR 2021 and 4th ASF 2021 were launched during the 7th memorial day of 2015 Nepal earthquake. These two international conferences were related with cross sharing of best practices and way forwards in earthquake and disaster housing recovery and reconstruction.

KEY HIGHLIGHTS

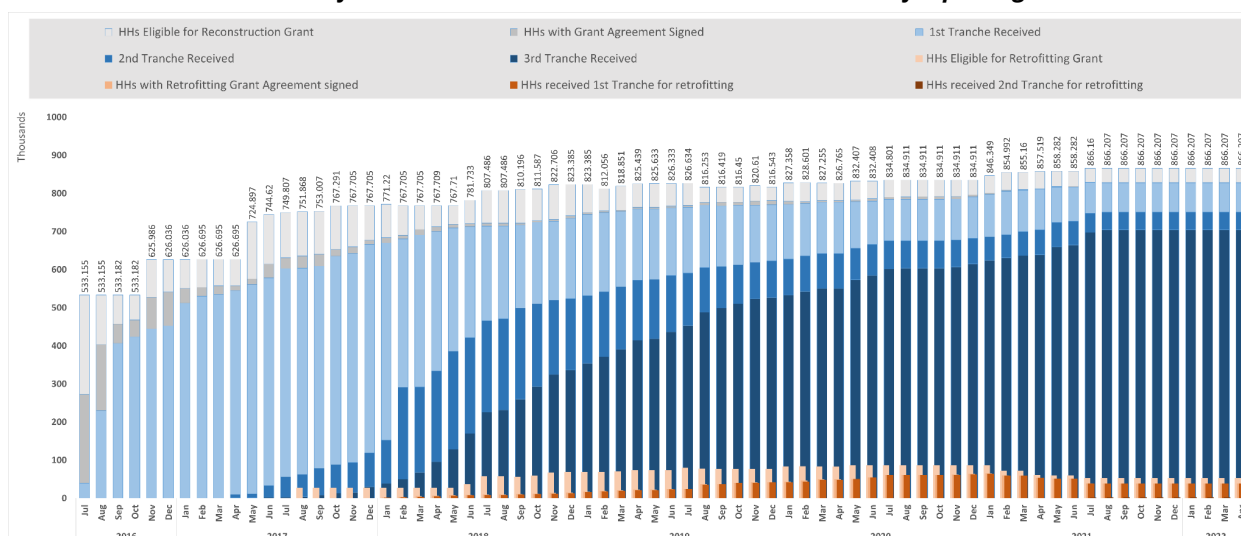

- i) 7th Memorial Day of 2015 Nepal Earthquake was conducted; emphasis was focused on setting up of various preparedness activities to reduce the disaster risk
- ii) NDRRMA conducted interactive meeting as feedstock input to its upcoming fiscal year plan
- iii) Meeting of NDRRMA with His Excellency, the Ambassador of Canada for Nepal, India and Bhutan discussed on extension of EHRP-MDTF
- iv) Handover of Fire Fighting Equipment by USAID Nepal to NDRRMA
- v) Anticipatory Action Week were organized to boost common understanding in disaster risk reduction
- vi) Preparatory Meeting were organized for Nepal's involvement in Global Platform for Disaster Risk Reduction 2022 (GPDRR)
- vii) NDRRMA have conducted interactive consultation workshop on 'Localization Study on Disaster Risk Reduction and Management' at Gandaki and Bagmati Provinces
- viii) NDRRMA continued to conduct orientation on Reconstruction MIS to Palika focals with technical support from HRRP
- ix) Tranche disbursement inspection form has been digitized to support housing reconstruction of monsoon induced disasters

Progress with the disbursement of the GoN housing reconstruction and retrofit grants based on MoUD-DUDBC CLPIU Building and Housing data as of 2 May 2022

7th Memorial Day of 2015 Nepal Earthquake was conducted; emphasis was focused on setting up of various preparedness activities to reduce the disaster risk

On 25 April 2022, an interactive discussion program was organized by National Platform for Disaster Risk Reduction (NPDRR) to mark the 7th Memorial Day of Nepal's 2015 April Earthquake. The program was marked in attendance of the Chief Executive of NDRRMA, Mr. Anil

Pokhrel, Secretary of Government of Nepal-Ministry of Education, Science and Technology, Mr. Yadab Prasad Koirala, Joint Secretary of GoN-Ministry of Home Affairs, Mr. Pradip Koirala, including disaster management specialists, by donor organizations, by representatives of Department of Urban Development and Building Construction (DUDBC)-GoN, NDRRMA staffs, partner organizations and by numerous media. On the occasion, two important proceedings of the International Conferences organized in Kathmandu, Nepal, jointly by the Government of Nepal and the partner organizations - "International Conference on Nepal's Reconstruction 2021" and "4th Asia Shelter Forum 2021" were launched. During the event, prominent speakers from the Ministry level shared their experiences pertaining to Gorkha earthquake recovery and reconstruction as well as of multi-disaster events of Nepal, whereby putting forward emphasis over formulation of appropriate plans of DRRM from local level such as conducting practical exercises of disaster risk preparedness at schools level and sensitizing public towards building the disaster resilient homes and communities. NDRRMA conducted interactive meeting as feedstock input to its upcoming fiscal year plan

Discussions and interactions were held by NDRRMA dated 26 April 2022 in Kathmandu which was participated by the concerned heads and representatives of the GoN-Ministry of Home Affairs, UN Agencies, I/NGOs working in disaster and humanitarian response programs in Nepal on the proposed programs of NDRRMA for DRRM for the upcoming fiscal year. The representatives from different partner organizations shared their program highlights and contributed to cross sharing of way forward in ensuring sound DRRM programming. The partner organizations assured to share collaborative efforts in compelling initiatives together with NDRRMA.

Meeting of NDRRMA with His Excellency, the Ambassador of Canada for Nepal, India and Bhutan discussed on extension of EHRP-MDTF

A meeting was held between NDRRMA and His Excellency, the Ambassador of

Canada for Nepal, India and Bhutan Mr. Cameron MacKay, Representatives of the World Bank Nepal on 13 April 2022. Chief Executive of NDRRMA, Mr. Anil Pokhrel expressed thanks to the Government of Canada and its support to the development sector of Nepal as well as in reconstruction initiatives after the 2015 Gorkha Earthquake. Mr. Pokhrel added to the discussion meeting by sharing about programs like Earthquake Housing Reconstruction Project-Multi Donor Trust Fund (EHRP-MDTF) have contributed to meet larger goals of NDRRMA in making disaster resilient communities. Representative of the World Bank Nepal, Mr. Hemang Karella informed the meeting that upon assessing the upcoming local elections, rising program demands and needs, extension of MDTF's support to NDRRMA would be continued for which discussions will be conducted with four other major donors of MDTF. USAID Nepal handovers Fire Fighting Equipment to NDRRMA

Emergency response training equipment from USAID's PEER-Stage4 program was handed over to NDRRMA. Chief Executive of NDRRMA, Mr. Anil Pokhrel, in a program organized at NDRRMA SinghDurbar on 5 April 2022, handed over training equipment sets for Medical First Response (MFR), Collapsed Structure Search and Rescue (CSSR) and Community Action for Disaster Response (CADRE) to Nepali Army, Nepal Police, Armed Police Force and Nepal Red Cross Society (NRCS). The equipment sets were provided from the USAID funded and NSET implemented 'Program for Enhancement of Emergency Response (PEER Stage IV)'. Read more: [Firefighting-equipment-handover](#). Anticipatory Action Week were organized to boost common understanding in DRRM

To make pre-disaster preparedness activities more effective for disaster risk reduction, an interactive discussion program, "National Dialogue on Anticipatory Action" was organized from 22-23 April 2022 in Kathmandu. The objective of the 2-day focused event was to facilitate a broad understanding between the GoN and various I/NGOs

by conducting a wide-ranging discussion on the experience and learning of organizations working on pre-work and disaster-responsive social security based on impact forecasting. The interactive program was marked by attendance of representatives of various Government ministries, government line agencies and by I/NGOs representatives working in the field of disaster risk reduction and humanitarian sector as well as representatives from local bodies. Preparatory Meeting were organized for Nepal's involvement in Global Platform for Disaster Risk Reduction 2022

NDRRMA in collaboration with DPNet have organized a preparatory meeting to Global Platform for Disaster Risk Reduction (GPDRR) 2022, virtually on 12 April 2022. The program was organized mainly to take constructive inputs to mark Nepal's presence in GPDRR-2022, the seventh version of the Global Platform is going to be organized in Bali, Indonesia from 23-28 May, 2022. GPDRR is the main global forum to assess and discuss progress on the implementation of the Sendai Framework for Disaster Risk Reduction. The prospective events for team Nepal will have a "Ministerial Round Table on Scaling-up Disaster Risk Reduction to Tackle the Climate Emergency and Thinking Resilience: Changing the Approach to Disaster Risk Reduction". There will be high level dialogues, official statements and other major events. It was shared about the proposed content of position paper options. This year GPDRR will be organized in a bubble system following the health protocol.

Under Secretary and Spokesperson of NDRRMA, Dr. Dijan Bhattarai has expressed that DPNet to take member secretary's responsibilities in NPDRR while NDRRMA to lead the overall process of consolidating the ideas, voices and commitments to present on an international platform by involving all concerned stakeholders in the task force and move forward with its formalization. Read more here: [Preparatory meeting on GPDRR2022-Bali](#)

NDRRMA have conducted interactive consultation workshop on 'Localization Study on Disaster Risk Reduction and Management' at Gandaki and Bagmati Provinces

NDRRMA in joint coordination with HRRP has carried out study on localization of disaster risk reduction and management in Nepal with the purpose of examining and identifying the scope for

strengthening institutional capacity of local governments on current needs of disaster risk management and on post disaster reconstruction and settlement recovery. This localization study further aims to identify all actors involved in the process of localization of DRRM, the post-disaster housing and settlement recovery process, bring them together, and map out their relationships to identify strengths, gaps and successes-as they pertain to implementing the DRRM Act 2017 and achieving the mandate of DRRM Strategic Plan of Action 2030.

To take valuable inputs and consolidate the feedback, after successful completion of conducting at national level, NDRRMA has conducted the interactive consultation workshop in Gandaki and Bagmati Provinces dated 18 April and 20 April 2022 respectively. The influential representatives including from NDRRMA, Office of Chief Minister and Council of Ministers, Ministry of Internal Affairs and Justice, District Administrative Office (DAO), government line agencies and partner organizations were actively involved in sharing their feedback and way forward.. For detail, contact: Mr. Rijan Gajurel, Technical Coordinator-Localization, HRRP, 9843217112, rijan.gajurel@hrrpnepal.org.np

NDRRMA with support from HRRP have continued to conduct orientation on Reconstruction MIS

HRRP in coordination with NDRRMA have continued to support Reconstruction MIS (RMIS) virtual orientation to Engineers, IT Officers and other concerned staff working in data management in entire Palikas of total 67 districts out of 77 till date. Districts completed with RMIS training include Makwanpur, Banke, Bardiya, Dhankuta, Sunsari, Kanchanpur, Lamjung, Dolakha, Ramechhap, Kavrepalanchowk, Chitwan, Parsa and Dhading. The RMIS orientation was initiated mainly to address issues on data collection of fire outbreaks and monsoon affected HHs to be enrolled in NDRRMA's Kobo Collect Mobile App and to further implement the RMIS in full fledged manner. Similarly, the orientation also highlighted sharing to tackle the queries on technical issues while using Kobo App and RMIS along with a refresher training to revisit enhancing the learnings of the MIS personnels in the targeted districts. Contact: Mr. Bhim Raj Basnet, Section Officer-NDRRMA. 9851149648, rajand1974@gmail.com

Tranche disbursement inspection form has been digitized to support housing reconstruction of monsoon induced disasters

NDRRMA with technical support from HRRP has reviewed and revised the inspection form on tranche disbursement for housing reconstruction of monsoon induced disasters. Queries and issues on the inspection form were tackled and has been digitized, the technical orientation of which will be planned in upcoming months for all 77 districts of Nepal. Contact: Mr. Bhim Raj Basnet, Section Officer-NDRRMA. 9851149648, rajand1974@gmail.com

PARTNERS' UPDATES

First steering committee discussion meeting for Disability Inclusive Disaster Risk Reduction held

Attulya Foundation has coordinated the first Steering Committee discussion meeting for Disability Inclusive Disaster Risk Reduction (DIDRR) with the technical assistance from Action on Disability Rights and Development (ADRAD) on March 31, 2022. Chairperson of ADRAD, Mr. Birendra Raj Pokhrel highlighted the need for the advocacy of the rights of persons with disabilities during the time of disaster that led to formation of DIDRR steering committee. The participants discussed how the group would technically support relevant activities happening in DIDRR. This committee will be an autonomous body to execute activities on DIDRR issues. The members will ensure that the rights of persons with disabilities are being upheld in DRR.

Chairperson of Atullya Foundation, Mr. Pallav Pant added upon the necessity for the sustainability of the Steering Committee to forward advocacy on rights of persons with disability. Participants highlighted the need for DIDRR guidelines and requested for result-oriented advocacy. Refer: <https://DIDRR-discusses on rights of persons with disability>

Women leadership in humanitarian action and disaster risk reduction: learning and

sharing event

Asian Disaster Preparedness Center (ADPC) co-organized a national workshop on women's leadership in humanitarian action and disaster risk reduction with the Women Humanitarian and Disaster Risk Reduction Platform (WHDRRP) on 31 March 2022. The workshop highlighted WHDRRP's learning from the federal and province-level platform's challenges, opportunities, and ways forward to foster women's leadership in humanitarian action, climate change adaptation (CCA) and DRR. Chief Executive of NDRRMA, Mr. Anil Pokhrel informed the participants that NDRRMA is developing the GESI strategies and will also conduct consultations with women professionals, networks to include their voice and feedback. The panel discussion focused on localization and promoting women-led organizations and women leadership in DRRM/CCA, as well as the importance of ensuring the inclusiveness of vulnerable groups in program design and implementation.

The workshop was organized under ADPC's 'Building Resilience through Inclusive and Climate Adaptive Disaster Risk Reduction in Asia-Pacific (BRDR) program' supported by Swedish International Development Cooperation Agency (SIDA). Primary first aid and health care knows hows training conducted to Palika level search and rescue committee

Dalit Social Development Center, local NGO based in Kapilvastu district has successfully organized 3-days training on providing promotional basic first aid and health care knows hows to members of Palika-level search and rescue committee of Yeshodhara Rural Municipality, dated 5-7 April 2022. The training was supported by Australian Aid and United Mission to Nepal (UMN) while Rupandehi District Chapter of NRCS provided technical support to conduct the training to a group of participants mainly the focal persons based in local schools, Palika health focal person, social mobilizers and security personnels. The purpose of conducting this kind of knowledge and practical based training was to develop volunteers at local level that can act meaningfully in providing primary first aid and health care service to needy people during disasters and humanitarian health emergencies. Refer: <https://participants-express-learning-of-first-aid-knowshows>, [https://news on 3-days promotional basic first-aid-training](https://news-on-3-days-promotional-basic-first-aid-training)

Lesson learnt workshop were organized through Start Fund Nepal

Start Fund Nepal members have organized lesson learned workshops through Start Fund Nepal (SFN) Network on 6-7 April 2022 in Kathmandu. Interactive sessions including panel discussions were also conducted in the workshop. The Start Fund Nepal Pilot is a collectively managed financing mechanism, developed in Nepal by Start Network member NGOs with support from Start Fund Bangladesh and the Global Start Fund. The pilot project is being delivered between April 2021 and March 2022. Refer: <https://nset/NSET2020>

SAJAG Research Project's introduction sharing in NDRRMA

An introductory sharing on the research project, "SAJAG: Preparedness and Planning for the Mountain Hazard and Risk chain in Nepal" was held on 15 April, 2022 at NDRRMA. Four years collaborative research project, SAJAG is designed to make a significant difference to the ways in which residents, government, and the international community take decisions to manage Multi-Hazards and Systemic Risks. The research team consists of Nepali and international researchers and practitioners from a range of disciplines, including Universities of Durham, Northumbria, Oxford, Bristol (UK), National Society for Earthquake Technology-Nepal (NSET), BBC Media Action - Nepal, Stiftelsen Flowminder, IFRC Nepal, Social Science Baha Nepal, Tribhuvan University (Nepal), and Universities of British Columbia (Canada) Auckland and Canterbury (New Zealand). Refer: <https://nset/NSET2020>

Dissemination workshop under DRR Fellowship were conducted

On April 19, 2022, Youth Innovation Lab (YIL) organized a dissemination workshop inviting delegates from the NDRRMA, MoFAGA, USAID/Tayar Nepal Project, municipal representatives from 15 project municipalities, DRR fellows, UN representatives, and DRR stakeholders. The dissemination workshop provided a platform to share the learning of DRR Fellowship through which 15 fellows were placed at 15 project municipalities of seven provinces to build the technical capacity of local governments to support the localization of

NDRRMA-BIPAD portal. The learnings, experiences, and recommendations presented by municipal representatives were discussed with the representative of the federal government, municipal representatives, UN representatives and DRR professionals.

Data and GIS Manager of USAID/Tayar Project informed that the workshop was an effective space to learn about BIPAD portal localization and how it was taken by the local municipalities. Section Officer of Environment Management Division, MoFAGA, Ms. Reenu Thapaliya emphasized on importance of compilation of data in disaster management activities and shared that, relevancy of analyzing the data at all 753 local governments level is crucial in informed decision makings and in planning process integration. Likewise, Undersecretary of NDRRMA, Mr. Sundar Prasad Sharma highlighted that BIPAD portal is the major vehicle to manage disaster datasets and the experiences of 15 municipalities are crucial for further localization of the portal and need to be documented. Access detail news: <https://DRR-fellowship-youthinnovationlab/>

Municipal Engineers were trained on National Building Code Implementation

Training on Nepal National Building Code (NNBC) for Municipal Engineers of Bhimeshwor, Neelakantha, and Gorkha Municipalities has been conducted in Kathmandu during 21-25 April, 2022. Under USAID's Tayar Nepal, NSET conducted the training program. The main objectives of the training were focussed on developing knowledge on provisions of NBC and building the capacity of municipal engineers / technicians so that they could check and verify the design, drawing and monitor construction works as per updated NBC requirements. Refer: <https://nset/NSET2020>

ActionAid Nepal has provided support of Non Food Items to fire victims of Kailari Rural Municipality

ActionAid Nepal, dated 26 April 2022, in coordination with its local partner, Kamaiya Mahila Jagaran Samaj (KMJS) Nepal, has provided Non-Food Items relief materials (basic personal hygiene kits and regular kitchen utensils) to the fire affected

households of Ward no 7, Bipatpur, Kailari Rural Municipality, Kailali district. On 24 April, a massive fire outbreak affected 72 freed Kamaiya's households of Bipatpur that destroyed almost all their family possessions. The NFIs support was provided under the Nepal Emergency Response Fund (NERF) funded by FCDO (Former UKAID). It has relieved Freed Kamaiya's households to the extent of much needed help to maintain personal hygiene and cook regular food for survival. Refer: [https://KMJS-support to fire victims](https://KMJS-support%20to%20fire%20victims), [https://activities updates from ActionAid-DRRM programs](https://activities%20updates%20from%20ActionAid-DRRM%20programs)

Flood Affected Population of Bardiya has established Community Disaster Management Committee

One of the hard-hit communities of Bardiya district, Sonpur and Teuni communities, located in Ward no 1, Rajapur Municipality were involved rigorously to discuss their vulnerability and capacity assessment, conducted by KMJS, supported through ActionAid Nepal. The discussions led to formation of a community disaster management committee (CDMC) of Sonpur and Teuni communities, ensuring high participation from women members. For larger effectiveness and strengthening capacities, different task forces such as first aid task force, search and rescue task force and early warning system task force have been formulated in two CDMCs. Meeting regarding research finding sharings of Lamjung earthquake DGA study shared with NDRRMA

Draft report of research findings of Damage Grade Assessment of the 2021 Lamjung earthquake has been technically reviewed by the technical team of NDRRMA, in which the HRRP and CRS team collaborated for field level assessments. A 5.8 magnitude earthquake with epicenter at Marshyangdi Rural Municipality of Lamjung district occurred on 19 May 2021.

PROVINCIAL UPDATES - GANDAKI

Lamjung: HRRP Team in coordination with the NDRRMA, District Administration Office and Municipal Offices provided orientation on Kobo Tool Survey App, RMIS tools and NDRRMA Monsoon / Fire Guidelines to concerned local bodies that are looking after databases and online information of monsoon induced rainfall affected ward areas of Besisahar Municipality alongwith Dordi and Marshyangdi Rural Municipality. The orientation also

discussed the grant disbursement guideline on monsoon -induced disaster. Update on information tracking of Local Disaster Management Committee (LDMC), Ward Level Disaster Management committee (WDMC) and Local Disaster and Climate Resilience Plan (LDCRP) were collected to support further programming aspects. Username and password were created for concerned focal persons to run the NDRRMA KOBO App to fill the necessary data of affected beneficiaries by monsoon induced disaster.

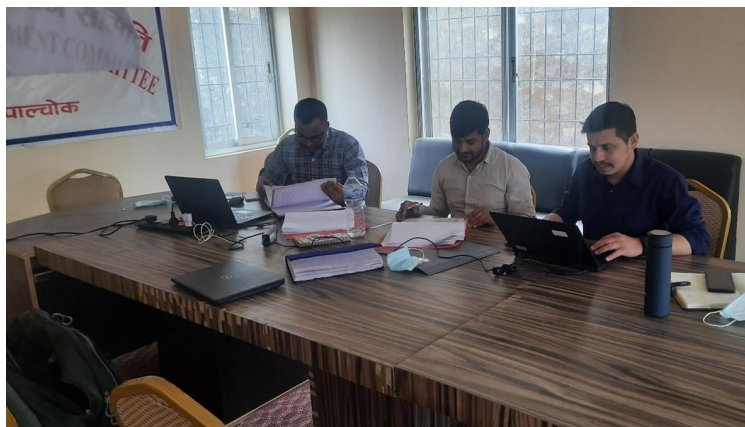

Kaski: HRRP Gandaki Province Team conducted orientation on NDRRMA Reconstruction MIS system to DRR focal person of Madi Rural Municipality, dated 19-20 April 2022. Data of around 91 monsoon affected beneficiaries were collected through KOBO Tool and it is continuing. The orientation focused on sensitizing the DRR focal person on enrollment process through system as majority of monsoon affected beneficiaries have gone through housing reconstruction process. Madi Rural Municipality had already transferred the reconstruction grant to the DAO office as per allocation (10 %).

PROVINCIAL UPDATES - LUMBINI

Bardiya: To strengthen the capacity of flood affected population on disaster risk reduction and management, 5 days capacity building training on 'Disaster Risk Reduction and Humanitarian Action' to youths and members from Sonpur and Teuni community disaster management committees (CDMCs) of Ward no 1, Rajapur Municipality, Bardiya district, were conducted by Kamaiya Mahila Jagaran Samaj (KMJS) Nepal. This activity was conducted dated 15-19 April 2022 under 'Youth and Women Leadership in Community Resilience and Humanitarian Action', a pilot project supported by ActionAid Nepal. The training has reached nearly 25 participants including 18 female and 7 male and has instilled key practical and theoretical essentials of vulnerability capacity assessment at community level. As a result, participants have prepared an action plan based on their community vulnerability assessment and capacity analysis that will be implemented in upcoming days, focusing on future disasters with the leadership of youths of the project ward areas. Similarly, rapid market assessment was also conducted by trained youth volunteers of KMJS Nepal to identify local trader's capacity, their willingness, challenges, and opportunities for agricultural input support via voucher programming during humanitarian actions in Rajapur Municipality, Bardiya. Read more: [https://activities_updates_from ActionAid-DRRM programs](https://activities_updates_from_ActionAid-DRRM_programs)

PROVINCIAL UPDATES - BAGMATI

Sindhupalchowk: HRRP Province team continuously supported Sindhupalchowk District Administration Office and all local levels in grant disbursement process of affected beneficiaries by monsoon induced disasters. From 28 March - 8 April 2022, the team provided support to clear backlogs of nearly 839 beneficiaries who already received grant amount disbursed from NDRRMA, by preparing detail list of beneficiaries and send letters to Palikas which ultimately helped Sindhupalchowk DAO and local bodies to bring the database into the system and reduce duplications. The team brought the relevant issues of backlog data and provided a way forward to Chief District Officer of DAO, Sindhupalchowk.

The team also conducted field visits and interacted with affected beneficiaries of monsoon affected disaster in Bhotekoshi Rural Municipality. The team came up with the conclusion of the need of relocation and shifting of some beneficiaries who happened to reside in their present location in Hindi Bazaar, Ward 4, Bhotekoshi Rural Municipality. The team also supported the focal person of Barabishe Municipality in data verification of 385 monsoon affected beneficiaries to be listed in the monsoon affected MIS system.

Makwanpur: Fire outbreak preparedness drill and simulation exercise related to industrial fire incidents and fire control practices were conducted at premises of Hetauda Industrial Area, dated 19 April 2022. District Administration Office,

Makwanpur district with technical support from District Nepal Army team, District Nepal Police & Armed Police Force, Makwanpur Chamber of Commerce and Industries, Hetauda Sub-Metropolitan City and District NRCS Chapter have jointly organized the fire preparedness simulation exercise. The drill program was attended by concerned stakeholders of districts and Municipalities, which mainly targeted to train and prepare the security forces to tackle fire outbreaks in the district. The drill exercise has imparted key messages of how to safeguard and control fire outbreaks in large to moderate scale industrial areas and in factories. Read more: [Hetaudakhabar.com-simulation exercise](https://hetaudakhabar.com-simulation-exercise)

Nuwakot: Nuwakot District Administration Office with technical support from District Nepal Army team, District Nepal Police & Armed Police Force, Nuwakot Chamber of Commerce and Industries, Bidur Municipality and District NRCS Chapter have jointly organized preparedness drill and simulation exercise related to community and household level fire incidents and fire control practices at playground of local school in Ward no 6, dated 2

April 2022. The drill program was attended by concerned stakeholders of Government agencies of Bidur Municipality, by schoolteachers, students and local people as well. The purpose of the drill program was to sensitize the gathered people on controlling fire incidents during gas leaks, electric shocks, fire outbreaks in forest areas etc. Read more: [https://fire-drill-exercise done at local school-Bidur Municipality](https://fire-drill-exercise-done-at-local-school-Bidur-Municipality)

Vulnerable Households Reconstruction Caseload Remaining (April 2022):

Palika Profiles (Municipal Reconstruction Profiles)

The recovery profiles contain various updates on the reconstruction and recovery at the Municipal level for all 282 earthquake-affected municipalities. The municipalities are updating the profiles monthly with technical support from HRRP.

Reconstruction and Retrofitting Information Pack

This highlight the reconstruction and retrofitting progress in all 32 earthquake-affected districts at the municipal level. This data is updated by HRRP district staff in close coordination with municipal focal persons. The links will be automatically updated to provide the reconstruction snapshot (PDF) for the month.

Municipal Dataset on Reconstruction

CSV, PDF

A composite dataset for 282 municipalities (urban status, damage grade, reconstruction, retrofitting and vulnerable HHs as identified by NRA can be assessed here as CSV and PDF). The dataset is updated by the municipalities with support from HRRP.
