3. Identification of Gap VDC's
4. Strategic planning for enrollment in Gorkha
5. AOB

- HRRP District Coordinator Minar initiated meeting by thanking POs for their commitment to Support Nepal Government and NRA for enrolment process in Gorkha District.
- HRRP also requested all POs to support and to suggest a strategy to make enrolment process successful and to launch enrolment in full swing.
- HRRP suggested other POs who committed to lead enrolment in other VDCs to participate and join JICA and OXFAM for enrolment in Saurpani VDCs in order to learn and get experience which will be guidelines for leading enrolment in their respective working VDCs.
- HRRP requested PO's to express their interest to support enrolment in gap VDCs if there have resources and interest.

1. Speech by DTO

- Chief District Engineer Sahadev Bhandari, Updated Committed VDCs by POs and requested POs to support for Gap VDCs for enrolment and also to make schedule and provide tentative start date in their respective VDCs. He suggested POs to support enrolment and start it as fast as we can so that enrolment can start and completed before monsoon.

2. Presentation on Enrollment Process by JICA

Amit Timilsina from JICA gave a presentation about the Enrollment process and shared their experiences about the enrollment in Hansapur and Barpak VDCs.

- He presented the basic layout/orientation of the enrollment site in Barpak VDC.
- Since most of the people may be unaware of the documentation process and requirement for the enrollment, they need support with documentation. He informed that approx. 80% of the enrollment is done after they are assisted with the documentation needed for the enrollment. For that purpose there was a need of **Document management** desk that assisted beneficiaries to prepare the right document for enrollment. He implied that a government social mobilizer has a vital role in document management desk.
- Then in the **Document Check** desk they are further verified and proceeded for the enrollment.
- An **Assistance Desk** will help people in organizing the documents and other tasks like attaching photos, checking documents and suggesting for proper documents.
- **Technical information center** – we need to mobilize this desk as much as possible to disseminate the technical information. A technical information center plays a vital role in dissemination of information regarding the safe building practices. He suggested to mobilize this desk as much as possible to make people aware about the construction techniques, procedures and policies.
- In **PA signing desk** VDC secretary is assisted by a social mobilizer.
- He raised a major issue about the safety of enrollment paper in the enrollment center. In many VDC's there may not be provision of building or locker. Hence it is very crucial that the enrolled papers are well preserved.

3. LDO speech

- Local Development Officer of Gorkha Mr. Narayan Acharya in his speech focused on organizations roles for successful and speedy completion of enrollment process.
- He implied that enrollment process is of national level importance and organizations support is very essential as the government resources solely may not be enough for simultaneous initiation of enrollment in multiple VDC's in Gorkha.
- He informed that government has have transferred first tranche of subsidy of 3 crore 82 lakhs to bank account of the enrolled beneficiaries in Hansapur VDC.
- There are many grievances to be addressed and soon Nepal government and NRA will be solving all the grievances that was registered and banking process will be solved soon.
- He also appreciated JICA for their extraordinary support for enrollment in Hansapur and Barpak VDCs. He requested them to share their experience and learning with other PO's as well to provide them general idea about the enrollment site, processes and resources required.
- He requested organizations to step ahead and lend a hand for government to accomplish the enrollment as soon as possible.

4. Key Discussions

- Issue about pre-enrollment was raised by PO's during the meeting regarding dissemination of information to the people about the schedule and occurrence of enrollment. From the experience form Hansapur and Barpak, Amit from JICA replied that the schedule is first finalized by Local development bodies, ward citizen forum and political leaders. After preparing the schedule, it was communicated to people through Miking, phone and door to door approach.
- Security in the enrollment center and presence of NRA and government people is very important during the enrollment process. The important documents in the enrollment such as enrollment papers must have high level of security importance and must be kept safe all the time. PO's suggested support from government in these issues is highly required. In response, LDO committed to POs that they will receive security support from the government. He committed to deploy security from the police station from the respective VDC for security and with discussion from CDO, they will provide government officials during the enrollment. He also added that one representative from DDC shall be provided and DLPIU will deploy the engineers appointed for reconstruction in the process.
- Hari Pd. Adhikari from SAHAS Nepal raised issue about direct assistance of NGOs for construction of houses to beneficiaries as it is mentioned in NGO guideline published by NRA that any organization willing to construct more than 50 houses can submit proposal to

NRA and assist Beneficiaries building their houses and SAHAS Nepal has planned to construct 55 HHs in Thumi VDC and is planning to make Jamune, Dalit Basti in Ward-2 of Thumi VDC an eco-model village if approval is received. If there is possibility of exclusion of beneficiaries from other Government assistance other than 2000-2500 USD assistance Sahas Nepal is ready to divert that fund for other development activities.

- LDO, CDO, DUDBC Chief and NRA discussed and addressed organizations for their support in enrollment in the VDC's where the beneficiaries name list has been published. They requested manpower support and Logistics support from the organizations for enrollment. Following organization agreed to support enrollment :
