

This district profile outlines the current activities by partner organisations (POs) in post-earthquake recovery and reconstruction. It is based on 4W and secondary data collected from POs on their recent activities pertaining to housing sector. Further, it captures a wide range of planned, ongoing and completed activities within the HRRP framework. For additional information, please refer to the HRRP dashboard.

OPERATIONAL PRESENCE

ACTIVITIES

The maps depict the reached figures according to different thematic areas³. A proper analysis of such information allows the stakeholders to identify possible gaps, minimize cases of duplication, and serves as a vital tool for supporting decision-making processes.

Mason Training - Short training (masons)

BBS Messaging (households)

Demonstration Constructions (constructions)

Mason Training - Vocational (masons)

House Construction Materials (households)

Social Mobilization - Participatory Tools (wards)

NEWS & UPDATES

1. The construction of communal shelters has been completed in 2 VDCs (Harkapur and Bilandu) with capacity of hosting 48 units. It was handed over to the local communities by Chief District Officer(CDO) and Local Development Officer(LDO) of Okhaldhunga.

2. Heavy monsoon has impeded the regular access routes causing difficulties in transportation of reconstruction materials to many VDCs of Okhaldhunga.

3. There are very few number of Partner Organisations in the district which has led to scarcity of manpower to train the required number of artisans (masons, plumbers etc.) for the overall reconstruction process.
