## WEEKLY BULLETIN

11 December 2017

*11 December is International Mountain Day. Many earthquake affected households reside in high altitude mountainous areas and their recovery has often taken a different route and timeline from other communities. The construction typologies are also unique and require specific technical support. Photo Credit: Rachel Moles.*

*Areas highlighted in blue are at an altitude of 2,500 m or more.*

## Highlights

- [Reminder: HRRP General Meeting & District Exhibition, 13 December, 1-5 pm \(main presentation at 3pm\), Bagaicha Restaurant \(location\)](#)
- [Phase 2 of Federal Parliament and Provincial Assembly Elections](#) complete successfully
- [UN Resident Coordinator's Office Grand Bargain Implementation Survey](#)
- [Development Assistance Coordination and Integration Committee \(DACFC\) Meeting, 6 December](#)
- [Flood Reconstruction and Rehabilitation Project Interaction Session with POs, 6 December](#)
- Cabinet Meeting Decisions on Post Flood Recovery ([Nepali](#) and [Unofficial English Translation](#))
- [Second Advance Estimate of 2017 Paddy Production in Nepal using the CCAFS Regional Agricultural Forecasting Toolbox \(CRAFT\), Nepal Food Security Monitoring System \(NeKSAP\)](#)

## UPDATES & REQUESTS

### National

**Phase 2 of Federal Parliament and Provincial Assembly Elections:** the second phase of elections was successfully completed on Thursday, 7 December. The Chief Election Commissioner, Ayodhee Prasad Yadav, has announced that 67% of the electorate voted across the two phases of the election.

**Development Assistance Coordination and Integration Committee (DACFC) Meeting, 6 December:** the meeting brought together the major reconstruction donors and development partners to discuss progress and ways forward. The NRA presented initiatives on training (54,000 masons to be trained by mid-January) and to maximise vulnerable communities ability to access finances to rebuild their houses. HRRP raised the importance of engagement at community level during the meeting, highlighting that hiring of engineers and masons alone is not sufficient and community mobilisation is required for effective reconstruction.

**Cabinet Meeting Decisions on Post Flood Recovery (Nepali and Unofficial English Translation):** the meeting took place on 13 November with the key decision being to provide 10,000 NPRs as winter support to the 41,626 households considered to be fully damaged by the floods. To avoid duplication, the cash support is to be delivered through the NRA and disbursed to households through the District Disaster Management Committees (DDMCs) who will also be responsible for confirming the damage data.

**Flood Reconstruction and Rehabilitation Project Interaction Session with POs, 6 December:** the chief of the FRRP, Dr. Suman Karna, briefed the Partner Organisations on the findings of the [Post Flood Recovery Needs Assessment](#) and sought cooperation from them for the recovery. During the session Dr. Karna informed that vulnerable, landless communities who have been living in the riverbanks will be relocated to safer areas. He also informed that affected families have been provided with 27,000 NPRs for immediate needs.

### MoFALD CLPIU Enrolment Data, as of 5th December (Nepali):

| S.N.                                            | Districts      | No. of Eligible HHs | No. of beneficiaries added after grievance redressal | Total no. of beneficiaries | No. of HHs with grant agreement | No. of HHs received 1st tranche |            |               | No. of HHs received 2nd tranche |           |              | No. of HHs received 3rd tranche |          |              | No. of grievances registered | No. of grievances cleared | No. of beneficiaries eligible for retrofitting grant |

**NRA 5W Reporting:** to date 150 out of 154 (97%) POs have reported to the NRA 5W. We understand that many POs who have already reported are having issues with logging in to, and using the reporting system. HRRP is working with NRA to address these issues. If your organisation is facing any issues reporting to the 5W, please contact Keshab Shrestha ([im.national@hrrpnepal.org](mailto:im.national@hrrpnepal.org)). Once the NRA 5W is fully up and running the HRRP 4W will be phased out.

## Districts

**New NRA Engineers, Sub-Engineers, and Assistant Sub-Engineers Required to be Present at their Work Station by mid-December:** the NRA has issued the notice requiring the notice following completion of 10 days training for the 460 newly hired engineers and 2 days training for the 460 sub-engineers and 460 assistant sub-engineers.

**MoFALD CLPIU Training Notice, PSA:** the NRA is calling interested and capable participants from all over the country to take part in 7-day mason training courses which are being organised to increase the availability of skilled labour. Interested applicants must submit their application form to the MoFALD CLPIU office by 24 Mangsir. The criteria for participation are provided in the [notice](#).

### HRRP District Coordination Team Gorkha, Weekly District Report, 1 – 7 Dec 2017

*Kerauja, Dharche Rural Municipality, Ward-2: this two storey home has been constructed using dry stone and has been determined to be non-compliant following inspection. The correction measures that the home owner was recommended to carry out are difficult to apply. People need to build two storey houses to meet their living requirements.*

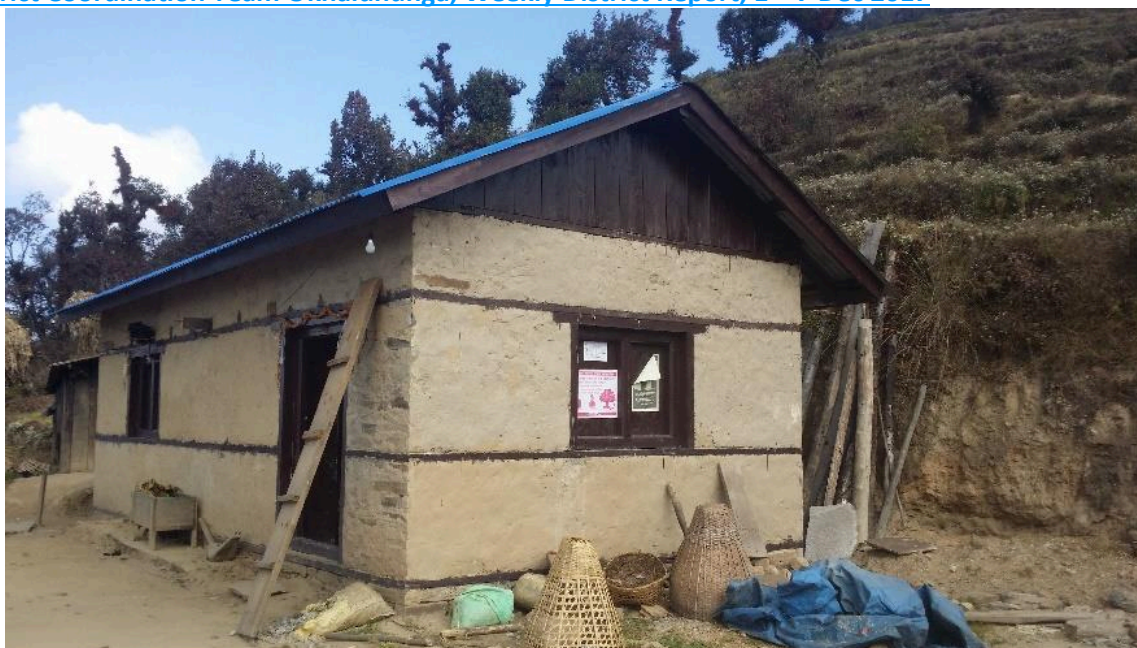

[HRRP District Coordination Team Dhading, Weekly District Report, 1 – 7 Dec 2017](#)

*Thakre Rural Municipality: constructed using stone and mud mortar masonry with RCC banding, this building has been approved for the second tranche.*

[HRRP District Coordination Team Okhaldhunga, Weekly District Report, 1 – 7 Dec 2017](#)

*Baruneshwar VDC: single storey, stone and mud mortar masonry house, with timber bands. The home owner has received all three tranches.*

## Requests for Partner Support

**REMINDER, HRRP General Meeting & District Exhibition, 13 December, 1-5 pm (main presentation at 3pm), Bagaicha Restaurant (location):** the schedule for the event is as follows

- 1-5 pm: District Exhibition
- 3-3:45 pm: HRRP presentation
- 3:45-4 pm: Message from NRA
- 4-4:30 pm: Q&A session with panel from NRA, MoUD, MoFALD, and HRRP
- 4:30 pm: High Tea

The district exhibition will include a stall from each of the 14 most affected districts that will highlight the reconstruction activities of HRRP, partners, and local government. There will also be at least one municipal official present at each of the district stalls. It is hoped that the meeting will be a chance for everyone involved in reconstruction to collectively reflect on the last two and half year's reconstruction efforts and to look ahead to the reconstruction support still required.

**HRRP 4W Review:** HRRP periodically revises the 4W and related collection tools to better reflect the needs of implementers. A review has just been launched and as part of this HRRP is engaging in a series of bilateral consultations with reconstruction actors to understand their needs and internal data collection processes. This will allow changes being made to better align with partner processes and priorities. If you are interested to organise a bilateral consultation for your organisation, or to share feedback, you can contact the HRRP MEAL Coordinator, Rupa Pandey, [meal@hrrpnepal.org](mailto:meal@hrrpnepal.org).

**Data Collection, Cost of Construction:** many thanks to NSET, CRS, Medair, and United Mission to Nepal who have already shared cost of construction data. We expect to share the first round of the cost of construction database this week. HRRP would like to request Partner Organisations to continue to share any cost of construction data that they have already collected, or are collecting using the format which can be downloaded [here](#). Please share the data with Anu Prasai, HRRP National General Coordination Officer, [nco1@hrrpnepal.org](mailto:nco1@hrrpnepal.org), who you can also contact if you have any questions or wish to provide any feedback.

**UN Resident Coordinator's Office Grand Bargain Implementation Survey:** the survey has been launched to assess the implementation of 'Grand Bargain' commitments in Nepal by humanitarian agencies. The survey is for HCT members to complete and to circulate amongst their organisations, networks, and cluster members. The results of the survey will help to provide a picture of 'Grand Bargain' progress in Nepal, as well as how to further the agenda.

**Knowledge Management and Communication Officer Positions x 4, ICIMOD:** the positions will support various initiatives/programmes and will be a resource for the organisation through involvement in the preparation and distribution of technical publications and information materials, media-related activities, outreach events, content development, and maintenance of the internal and external websites. The deadline for applications is 2 January 2018.

## DOCUMENTS & PRODUCTS

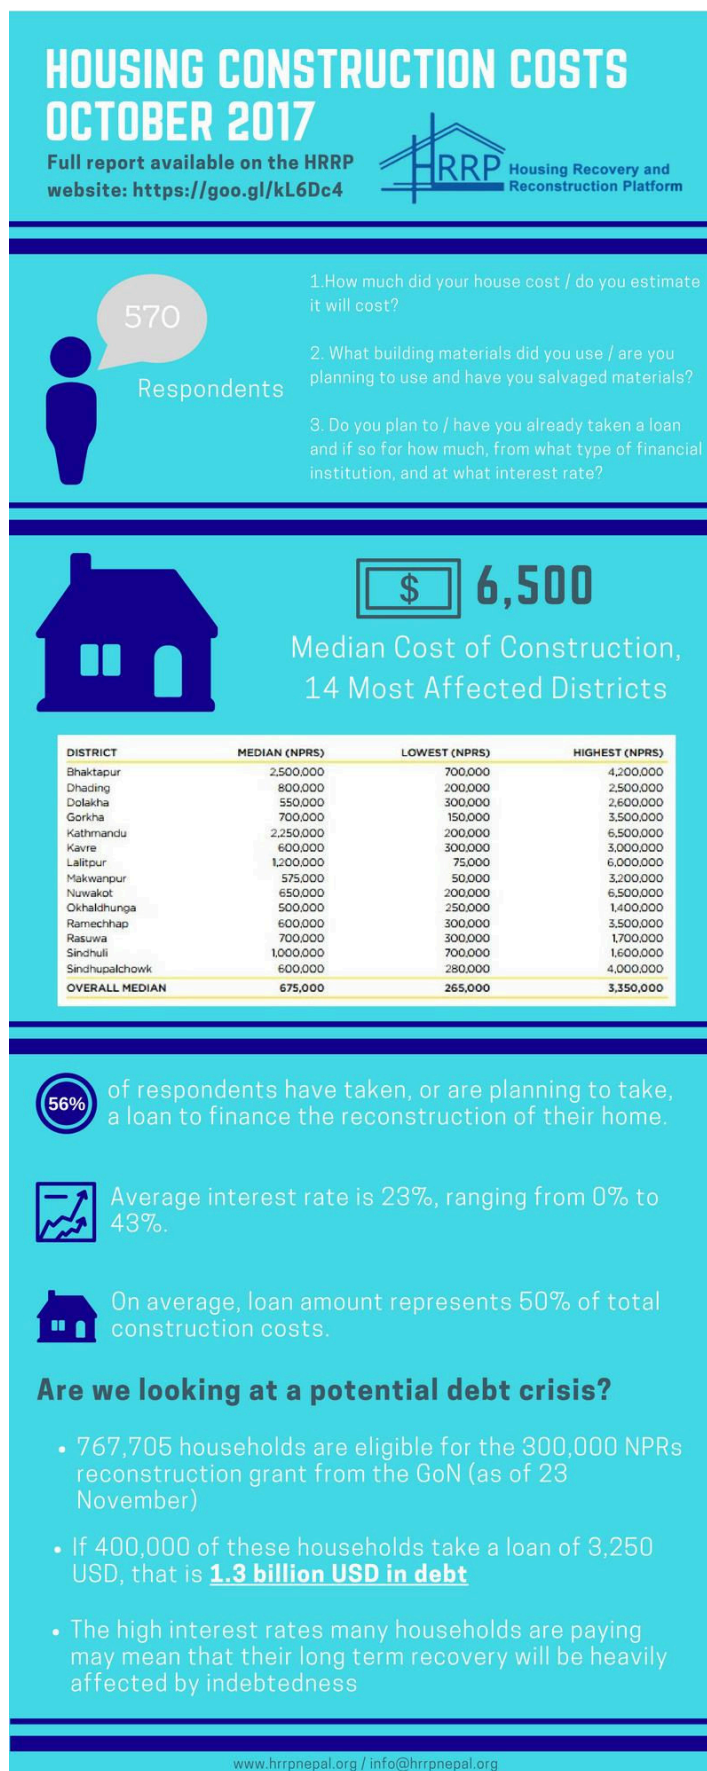

### Government of Nepal

**Format for Municipalities Monthly Report to NRA District Offices (Nepali and Unofficial English Translation):** this format will be used by municipalities to report to NRA district offices who will compile the municipal level data to provide a district report to NRA at central level.

## HRRP

**HRRP Cost of Construction Infographic:** the HRRP DCTs collected [information on costs of construction in October 2017](#) through phone calls with 570 households across the 14 districts most affected by the earthquakes. Whilst it seems that accessing finance is not a major hurdle for many households, it does seem that we may be facing a potential debt crisis. With more than 50% of households taking loans to finance on average 50% of the total cost of their home, at often extortionate interest rates, there is a real risk that indebtedness will hamper the long-term recovery of thousands of households and communities. HRRP and DFID have been collaborating on efforts to move forward some further research in this area - if you are interested to get involved please contact the HRRP Recovery Advisor, Siobhan Kennedy, [siobhan@hrrpnepal.org](mailto:siobhan@hrrpnepal.org).

**Housing Reconstruction Progress Maps:** based on MoUD CLPIU inspection data as of 22 November.

## Partners

**Milijuli Nepali, Episode 812:** this episode covers the process of applying for the bank loans available to earthquake affected households. The presenters travel from Singati to Laaping in Dolakha during the episode and discuss the loans with the Branch Manager of Century Bank in Singati, Padam Lal Shrestha, and the Executive Director of Nepal Rastra Bank, Narayan Prasad Poudel.

**Baliyo Ghar TV Programme, Episode 81:** this week's episode is focused on the 'Impact of the Correction and Exceptions Manual: Reconstruction Scenario in Golchhe and Gumba Gaun, Sindhupalchok' and includes interviews with HRRP professionals and government engineers. The programme airs on Kantipur TV today at 7:30 PM, News24 TV on Wed @8:00AM, and Avenues TV on Sat @8:30AM. The programme will be repeated twice on each channel.

**National Human Rights Commission of Nepal (NHRCN), Annual Report 2073/74:** to mark the [International Day of Human Rights Day on 10 December](#), the NHRCN published their annual report which highlights human rights violation cases, and how NHRCN is monitoring those cases and what programmes they are implementing to address them.

**Four New Data Bulletins from IOM's Global Migration Data Analysis Centre (GMDAC):** the four bulletins cover the value of migration data, measuring migration governance, informing a [global compact for migration](#), and global migration trends. The bulletins aim to summarise, in an accurate and accessible fashion, existing evidence on migration to support the discussions and activities related to the global compact for safe, orderly and regular migration. A detailed report on global migration trends will be published by IOM's GMDAC in December 2017.

**[Second Advance Estimate of 2017 Paddy Production in Nepal using the CCAFS Regional Agricultural Forecasting Toolbox \(CRAFT\), Nepal Food Security Monitoring System \(NeKSAP\):](#)** This is the final advance estimate of paddy production for the 2017 season. The estimate is a joint product of the Ministry of Agricultural Development (MoAD), World Food Programme (WFP), and the CGIAR Research Program on Climate Change, Agriculture and Food Security (CCAFS). The CCAFS Regional Agriculture Forecasting Toolbox (CRAFT) is being piloted as part of the Nepal Food Security Monitoring System (NeKSAP) and is a new initiative to incorporate crop yield forecasting in Nepal with technical support from CCAFS South Asia.

**[UNICEF Urges Immediate Action to Reduce Air Pollution:](#)** the new call for action comes after a new paper '[Danger in the air: How air pollution can affect brain development in young children](#)' provides emerging evidence on how toxic air can affect brain development in young children under the age of 1. The press release highlights that the issue is of major concern in Nepal where, according to the [2016 Environment Performance Index \(EPI\) of Yale University](#), nearly 75% of the population are exposed to unsafe levels of particulate matter.
