[HRRP Media Digest](#), some major stories include:

[Local unit chiefs deputed: MoFALD has appointed 178 temporary staff](#) as chief executives to the municipalities ahead of the local level elections scheduled for May 14

[World Bank to provide additional support for reconstruction](#): The World Bank Executive Director, has announced that the World Bank will be providing additional support to Nepal for the earthquake reconstruction. The support will be focused on skills development and capacity building.

[Increased level of migration from Dhading \(Nepali\)](#): Applications for passports have more than doubled in Dhading since the earthquakes. On average, around 300 young people apply for their passport each day at the DAO. This migration will lead to a lack of human resources for the reconstruction.

[Professionals and Researchers from UK and Nepal observe physical and social impacts of the Gorkha Earthquake 2015 and subsequent landslides](#): an observational visit to Upper Bhote Koshi Valley, Sindhupalchok District, from 3-5 March. The field visit observed the physical and social impacts of the 2015 earthquake, subsequent landslides, and the landslide monitoring work currently underway.

[The Teen Brides Of Nepal: Married With Children Before Their Time](#): includes Sumina's story, a young woman whose husband is from Sindhupalchowk and their home there was destroyed in the earthquake. They are now living in Kathmandu and paying 1,500 NPRs per month to rent a CGI shelter.

[Chuchepati IDP camp demolished](#): the camp was the largest remaining in Kathmandu. The NRA CEO Dr. Govindra Raj Pokharel informed that he has forwarded a proposal to the government for a 200,000 NPRs grant to be provided to each of the families who have had to relocate from the camp. He acknowledged that the grant would not be sufficient to address all challenges, and said that "the main problem is there are limited options (to earn a) livelihood for the earthquake victims in their villages so they don't want to return to their village".

[NRA MIS Training Reporting Format](#): partners are requested to use the format for training records and to submit one copy to MoUD DL-PIU, and HRRP district team who will submit to NRA MIS. For already complete trainings, the HRRP district team are converting existing records to the new format.

NRA 5W Reporting: to date only 74 out of 131 partners have reported to the NRA 5W system. We urge partners who have not reported to share their data as soon as possible. Please feel free to contact Gaurab Pradhan, gaurab@hrrpnepal.org, for more information. Once the NRA 5W is fully up and running the HRRP 4W will be phased out.

Improved coverage of Technical Assistance (TA): the HRRP R27 4W data shows further improvement in the coverage of technical assistance, and we would like to thank POs who have managed to expand coverage and quality of TA. The number of VDCs with no TA has dropped from [296](#) to [150](#) between November 2016 and February 2017 and the number of VDCs receiving the full package has increased from 22 to 24, out of a total of 618, as of 10th March.

Joint Technical Working Group: formed by NRA to work on operational guidelines for the 100,000 NPRs retrofitting grant, finalise a corrections manual (to address non-compliances), and to develop a scoring system to introduce tolerances into the inspection process. The working group is led by Dr. Hari Parajuli and includes technical experts from NRA, MoUD CL-PIU, NSET, Build Change, JICA, UNDP, and HRRP. POs interested to commit technical expertise to the working group may contact Narayan Marasini, HRRP National Technical Coordinator, for further details (9808565098, techcord.national@hrrpnepal.org).

Call for Entries – 2017 UNESCO Asia-Pacific Awards for Cultural Heritage Conservation: the awards recognise the efforts of private individuals and organisations that have successfully restored or conserved structures, places, and properties of heritage value in the region. The awards emphasise the importance of the conservation process, including the technical achievements and quality of the restoration, as well as its social impact, including community involvement in the project. Information on previous winners of the award is available [here](#).

Meetings and Events

Taking Action Based on Community Feedback: The HRRP and [Common Feedback Project](#) are launching regular meetings focused on action planning to address reconstruction issues raised by communities. The first of these meetings will take place on **Wednesday, 22 March, at 11AM in the NRA conference hall**. During the meeting we will present some suggested actions developed based on the [latest round of community feedback on reconstruction](#) and look at how these can be implemented. We will also be looking to participants for their ideas on actions and solutions. There will then be time for questions and discussions.

District Technical Workshops: now complete for all 14 districts (district reports available [here](#)), and a summary report is available [here](#).

Video Storytelling Training of Trainers: Moving Stories will be delivering a 3-day ToT on the 29, 30 & 31 March where participants will learn how participatory storytelling can be combined with technology to create stories that catalyse action on critical social issues. The course costs 15,000 NPRs (early bird NRs 13,000 until 15th March). More information available at www.movingstories.info. HRRP is also considering potentially organising additional ToTs for partners. If you, or someone from your organisation would be interested to participate please inform Siobhan Kennedy, the HRRP Recovery Advisor, siobhan@hrrpnepal.org.

Launch of DFID 'Springboard' initiative for retrofitting: will provide interested organisations with a chance to understand how they can engage with and benefit from the initiative which is being implemented by Build Change and UNOPS. Tentatively scheduled for **Friday 24 March at 2pm at the DFID office in Ekantakuna**. For further details please contact Magnus Wolfe Murray, M-WolfeMurray@dfid.gov.uk.
