HRRP District Technical Coordination

Meeting Rasuwa Minutes

Discussion: (Items/Knowledge Shared)

Information on design and detailing of 11 typical non complaint cases on RCC structure was shared with PO's and they were requested to visit MOUD-CLPIU's website for more information and soft copy of these cases was shared with some POs.

5. Information on correction and exception manual

The objectives and limitation of correction and exception manual was shared with PO's. Participants were also informed that the 10 categories of inspection form are supported by correction and exception manual.

6. Updated inspection form on the basis of correction and exception manual

Participants were informed on the updated inspection form on the basis of correction and exception manual. The updated inspection form has already been used in the field by DLPIU engineers in the VDC's.

7. Information of TOT on correction and exception manual

PO's were provided with the information of ToT on correction and exception manual going to be held both in center and in the district. HRRP team will be following up and will be informing all PO's on the ToT going to be held in the district.

8. DUDBC Remarks :

Mr. saroj kumar Yadav , DLPIU addressed the issues raised by the Pos. He asked them to work in close coordination with DUDBC/DLPIU. He shared due to insufficient technical person (Engineers)in DLPIU its very hard to cover technical assistances .

9. NRA Remarks :

NRA request partners to submit their progress report in time to NRA .Mr krishna Kant Upadhyaya said Technical Assistance and social mobilization is two important tools for better reconstruction and that beneficiaries can have safe and earthquake resistance building soon.

Miscellaneous Items / AOB:

- POs discussed on Alternative construction material technologies or Catalogue-II which is as per POs is not much applicable in VDCs since locally available materials like stone is preferred than other construction material.
