

# 2024 September Floods and Landslides

## Situation Report #3 as of 03 October 2024

(Second SitRep published on 01 October 2024)

Government of Nepal  
Ministry of Home Affairs  
**National Disaster Risk Reduction and Management Authority**

This report is produced by National Disaster Risk Reduction and Management Authority (NDRRMA) in collaboration with sectoral ministries, departments, provincial and local governments. It covers the situation of floods and landslides due to the heavy rainfall across the country from 26-28 September.

### Summary of Loss and Damage

#### Human Casualties

**236**  
Deaths

**90 Female**  
**114 Male**  
2 Korean Citizens (M)  
1 American Citizen (M)

**32 Children**  
16 Male, 13 Female  
3 tbc

**19**  
Missing

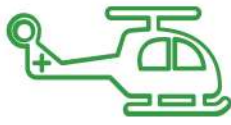

**165**  
Injured

#### Emergency Rescue

**30,731**  
Security Personnel Deployed

**910**  
Heli Rescued

**17,000**  
Rescued

#### Drinking Water

**520+**

Federal Projects  
NPR 3.5 Billion

#### Private Housing

**4,667**  
Fully Damaged

**5,310**  
Partially Damaged

**10,807**  
Displaced HHs

**16,243**  
Affected Families

#### Infrastructure

**11 Hydropowers**  
**625.96 MW**  
NPR 3 Billion Loss

**6 Irrigation Projects**  
NPR 1.35 Billion Loss

**10 Highways**  
24 Sections Blocked

#### Suspension Bridges

**44 Damaged**  
NPR 1.04 Billion Loss

**25**

Fully Damaged  
NPR 950 Million  
Estimated Loss

**19**

Partially Damaged  
NPR 92 Million  
Estimated Loss

#### Telecommunications

**NPR 235 Million**  
(Nepal Telecom + NCELL)

**NPR 0.31 Billion**  
Internet Service  
Providers (ISPs)

#### Health and Education Sector

**96 Schools**

**66 Health Facilities**

#### Agriculture and Livelihood

**Paddy Field**  
**88,476 Hectares**  
NPR 3.5 Billion Loss

**Fruits & Vegetables Farm**  
**4,765 Hectares**

**Sugarcane Field**  
**85 Hectares**  
NPR 0.34 Billion Loss

**Fish Pond**  
**458 Hectares**  
NPR 1.13 Billion Loss

**Livestock**  
**26,205**

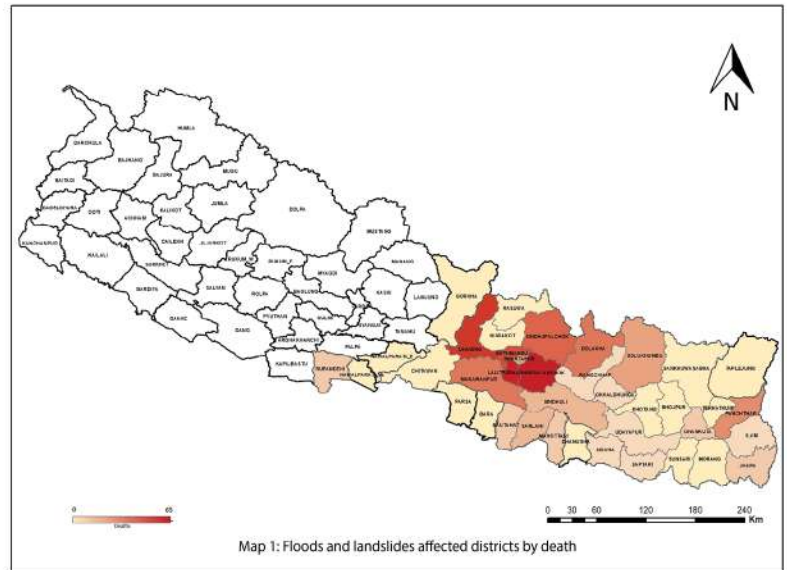

**Cardamom Field**  
**1,300 Hectares**  
NPR 0.7 Billion Loss

## Highlights

- 1) As of 3 October, the total number of deaths has reached **236** that includes 90 females, 114 males, and **32 children**, with **19 individuals still missing** and **165 reported injured**.
- 2) More than **17,000 people** have been rescued through various rescue operations that deployed more than 30 thousand security personnel until 3 October.
- 3) The Ministry of **Energy, Water Resources, and Irrigation** estimates the total damage to be approximately **NPR 4.35 billion** that includes **NRS 1.35 billion river training works** and irrigation schemes, and around **NPR 3 billion** damage in hydropower projects. 11 operational hydro-power projects with a total installed capacity of 625.96 MW have been damaged. A total of five transmission lines, along with several high-tension and low-tension lines and transformers, have been damaged, including the most recent high-tension damage in Nawalparasi (Bardaghat Susta Paschim).
- 4) According to a preliminary report from the Department of Roads, the combined damage to roads and bridges has resulted in a total loss of **NPR 2.5 billion**. Of this, **NPR 1.50 billion** is attributed to road damage, while the damage to bridges amounts to **NPR 1.02 billion**. The floods and landslides have also damaged 44 bridges, and transportation has been halted at **24 sections of 10 major highways**.
- 5) According to the report from the Ministry of Education, **96 school** buildings have been damaged across 14 districts.
- 6) According to the Ministry of Health, a total of **66 health facilities** have sustained damage due to floods and landslides across the country.
- 7) The **agriculture and livestock** sector has reported losses exceeding **NPR 6 billion**, according to preliminary reports from the Ministry of Agriculture and Livestock Development.
- 8) The Ministry of Communication and Information Technology has estimated the loss in the telecommunications sector to be **NPR 554 million**, which includes losses incurred to private internet service providers.
- 9) The Government of the People's Republic of China handed over a check of **USD 100,000** to the Minister for Home Affairs as support from the Red Cross Society of China to the Nepal Red Cross Society.
- 10) Secretaries of the Government of Nepal have pledged to **donate five days' salary to the Prime Minister's Relief Fund** to support victims of the recent floods and landslides.
- 11) The Chief Information Commissioner and Information Commissioners of the National Information Commission have also committed seven days' salary to the fund. Private businesses and political parties have contributed to the fund as well. The total contribution in the fund for recent landslides and floods has reached **1.5 billion**.

was the highest ever in the valley's recorded history, surpassing the previous record set in 2002. Rainfall at the Tribhuvan International Airport station in Kathmandu reached 239.7 millimeters in 24 hours, compared to the previous record of 177 millimeters in 2002.

The continuous heavy rainfall has caused widespread flooding and landslides across Nepal, resulting in 236 fatalities, 19 missing persons, and 165 injured. Rescue operations have saved more than 17000 individuals so far, and efforts to provide shelter, food, and essential supplies are ongoing. Security forces and local bodies are coordinating these relief efforts, with priority given to clearing landslide-blocked roads to facilitate the flow of relief materials. Major highways, including Narayanghat-Muglin and the East-West Highway, have reopened, though some sections remain under repair due to landslide damage.

All three levels of government, security forces, private sectors, development partners, and civil society are working on rescue efforts, emergency relief, response, and the rehabilitation of critical facilities, including schools, health centers, drinking water supplies, and road networks, as well as restoring the affected people back to normal life.

## Key Actions

### Key Decisions of Cabinet

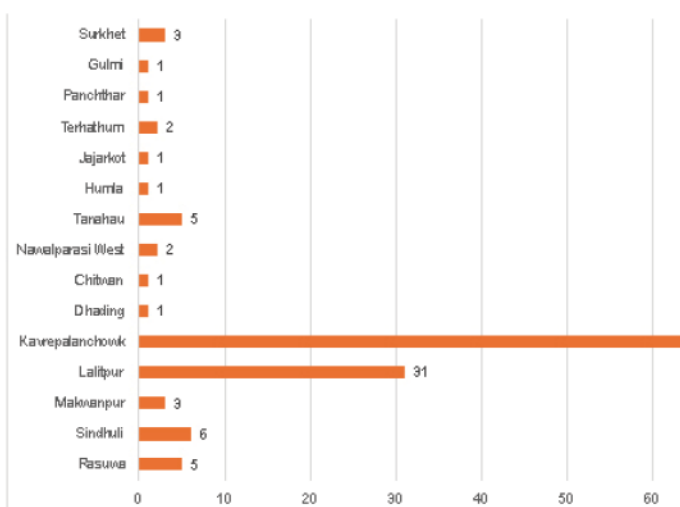

- NRS 200,000 as relief to the families of those who died in the floods and landslides.
- The family of a missing person to be provided with the same compensation as the family of a deceased person if the missing person is not found within ten days.
- Free treatment for all individuals injured in the disaster.

### Key Decisions of 25th Executive Committee Meeting

- Free treatment for injured individuals across affected districts and municipalities.
- Assign LDMCs to identify beneficiaries for temporary shelter construction, with Rs 50,000 provided in two installments as per the government standard.
- Mobilize humanitarian aid from UN agencies, Nepal Red Cross, and partner organizations as needed.
- Immediate assessment of loss and damages from floods and landslides.

## Damage to Education Sector

A report from the Ministry of Education states that landslides and floods have damaged 96 school buildings across 16 districts. Additionally, six school children lost their lives in various landslides.

## Damage to Drinking Water Supply

| Details                         | Information                                                                                                                                                                                                                                                                                                                          |
|---------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Number of Houses Affected       | Approximately 500,000                                                                                                                                                                                                                                                                                                                |
| Number of People Affected       | Approximately 2.5 million                                                                                                                                                                                                                                                                                                            |
| Number of Water Supply Projects | Approximately 520+ (Federal projects only, data collection for provincial and local projects ongoing)                                                                                                                                                                                                                                |

## Damage to Highways and Roads

Multiple highway sections across Koshi, Bagmati, and Lumbini Provinces have been affected due to landslides, floods, and infrastructure damage, leading to road closures. A total of 24 road sections are still affected, including major highways like the **Mechi Highway**, **B.P Highway**, and **Araniko Highway**. Efforts for road clearance and infrastructure repair are ongoing.

| Province | District         | Municipality            | Highway Name                  | Reason for Inoperation              | Status                 |
|----------|------------------|-------------------------|-------------------------------|-------------------------------------|------------------------|
| Koshi    | Panchthar        | Phidim                  | Mechi Highway                 | Landslide, Bailey Bridge Swept Away | Closed                 |
| Koshi    | Panchthar        | Tumbewa                 | Tamar Corridor                | High Water Flow                     | Closed                 |
| Bagmati  | Makwanpur        | Bhimphedi, Indrasarowar | Kantilokpath, Sisneri Highway | Landslide, Bridge Damage            | Closed                 |
| Bagmati  | Kavre            | Roshi, Dhulikhel        | B.P Highway, Araniko Highway  | Landslide                           | 2 Closed, One Way Open |
| Bagmati  | Dhading          | Benighat Rorang, Gajuri | Prithivi Highway              | Landslide                           | One Way Open           |
| Bagmati  | Sindhupalchowk   | Barahbise, Bhote-Koshi  | Araniko Highway               | Flood, Bailey Bridge Swept Away     | Closed                 |
| Lumbini  | Nawalparasi West | Bardaghat               | East-West Highway             | Road Sink                           | Closed                 |

## Suspension Bridges

Total of **44 suspension bridges** across various rivers and streams in Nepal have sustained varying levels of damage due to floods and landslides. Of the total, 25 bridges are fully damaged, and 19 are partially damaged. The estimated total cost of repairs is NPR 1.042 billion.

| Province        | District       | River/Stream   | Number of Bridges | Status                   | Loss (NPR)  |
|-----------------|----------------|----------------|-------------------|--------------------------|-------------|
| Koshi           | Okhaldhunga    | Sunkoshi River | 1                 | Full damage              | 40,000,000  |
| Koshi           | Okhaldhunga    | Kharthe Khola  | 1                 | Full damage              | 40,000,000  |
| Koshi           | Okhaldhunga    | Molung Khola   | 1                 | Partial damage           | 2,000,000   |
| Koshi           | Bhojpur        | Sunkoshi River | 1                 | Full damage              | 50,000,000  |
| Koshi           | Khotang        | Sunkoshi River | 6                 | 3 Full, 3 Partial damage | 175,000,000 |
| Koshi           | Udayapur       | Sunkoshi River | 6                 | 5 Full, 1 Partial damage | 245,000,000 |
| Bagmati         | Sindhuli       | Sunkoshi River | 10                | 7 Full, 3 Partial damage | 300,000,000 |
| Bagmati         | Kavrepalanchok | Rosi Khola     | 3                 | Partial damage           | 25,000,000  |
| Bagmati         | Chitwan        | Trishuli River | 3                 | Full damage              | 200,000,000 |
| Bagmati         | Dhading        | Trishuli River | 2                 | Full damage              | 40,000,000  |
| Gandaki         | Nawalparasi    | Narayani River | 1                 | Partial damage           | 20,000,000  |
| Bagmati         | Lalitpur       | Various        | 6                 | Partial damage           | -           |
| Other Locations |                |                | 3                 | -                        |             |
| <b>TOTAL</b>    |                |                | <b>44</b>         |                          |             |

## Key Actions Taken

- The Initial Rapid Assessment (IRA) has been conducted in most of the affected areas.
- Provincial and local governments, along with District Administration Offices have provided relief materials to those affected.
- A total of **NPR 4.32 million** has been distributed as cash assistance to families of deceased individuals, injured persons, and for house damage across Kathmandu, Bhaktapur, Lalitpur, Ramechhap, Sindhuli, Kavrepalanchok, Sindhupalchok, Dolakha and Dhading districts.
- Emergency relief materials (food, clothing, and shelter items) have been distributed by local governments, development partners in most affected areas.
- At the damaged section of the BP Highway in Kavrepalanchok district, food relief has been provided to 1,400 stranded people.

Data Source: Bagmati Province

## Emergency Response by Development Partners

As per the needs identified by the National Disaster Risk Reduction and Management Authority (NDRRMA), the District Administration Office, and the respective local governments, the following development partners have completed emergency responses for the affected people of respective local levels

| Development partner details | Province | District    | Location                          | Support Items                                                                               | # of households reached |
|-----------------------------|----------|-------------|-----------------------------------|---------------------------------------------------------------------------------------------|-------------------------|
| Plan International Nepal    | Bagmati  | Sindhuli    | Golanjor                          | Non-food items (NFIs), including hygiene kits                                               | 87                      |
| World Vision International  | Madhesh  | Rautahat    | Madhav Narayan-8                  | 121 shelter kits                                                                            | 121                     |
|                             | Bagmati  | Sindhuli    | Golanjor                          | Food packages                                                                               | 87                      |
| CARE Nepal                  | Bagmati  | Kathmandu   | Thapathali (informal settlements) | Food baskets for 14 days                                                                    | 142                     |

| ACF         | Multiple |                 |                             | 16 million          |
| WVI         | Bagmati  | Kavre, Lalitpur | Rosi, Konjyosom RM          | 16 million          |

Data Source: AIN

## Immediate Needs and Priorities

- Temporary shelter for displaced families.
- Socio-technical assistance to enroll affected households into NDRRMA Management Information System for temporary shelter tranche as per the Guidelines for Temporary Housing Construction Grants for Disaster-Affected Households, 2081 (2024).
- Rescue and relief for those stranded on highways due to flash floods and landslides.
- Tents with light and other utilities for affected families.
- Emergency WASH facilities that include provisions of safe drinking water, sanitation facilities and hygiene kits.
- Emergency health facilities and disease surveillance to control disease outbreak .
- Provision of food and other humanitarian supplies.
- Restoration of communication networks and electricity in affected areas.
- Construction of temporary learning centers and health facilities.
- Detailed multi- sectoral loss and damage assessments of affected infrastructure.
- Debris clearance and repair of disrupted road networks and highways.

## Urgent request from Municipality

| Sector                                                                                                      | Immediate Needs                                                                                                       | Requirement |
