Questions Collected

Question	Who Asked the Question?	Response Provided (By Whom)
Should beneficiaries follow the right of way rule or not during house reconstruction?	Beneficiaries	NRA does not have any role in this. Beneficiaries should coordinate with local bodies and act accordingly for reconstruction of houses.
Beneficiaries who have not yet started reconstruction of their house have received second tranche. How did this happen?	Rural municipality chairperson	NRA does not have an active role in grant disbursement. There may be some loop holes in our system and some cases may have occurred due to this. We will look into this matter.

Challenges and Way Forward

Challenge	Way Forward
Restructuring of NRA at district level	Coordination among district stakeholders, respective department heads to clarify the roles and responsibility of all concerned.
Training of engineers on retrofitting for speeding up of retrofitting work	Coordinate with UNOPS and Build Change to conduct the trainings as soon as possible.
