Objective(s)	• Due to Low Complaints Rate and what has been the issue? • Observe beneficiaries receiving second & Third Tranche • To know the Social & Technical difficulties & Challenges regarding Reconstruction. • Find out Issues of landless beneficiaries and relocation if any. • To have a Coordination meeting with the Chief -& Elected bodies of Netrawati Rural Municipality. • To discuss the low-cost Alternative technology i.e. CSEB Interlocking Blocks techniques.	
Summary	HRRP team members along with Netrawati Rural Municipality executive officer Mr. Conducted palika level meeting on 17th January 2018.  The meeting was focused on the reconstruction related issues, challenges and ways forward. The executive officer emphasized that many of the masons working at the palika level are being hired from Tarai region. Houses built at Katunje and Semjong VDCs were mostly load bearing and RCC houses. Houses built immediately after the earthquake was not in compliance as per NRA guidelines. Thus, they are unable to receive further tranches. The issue was addressed by suggesting for structural analysis of the building. Furthermore, he pointed out that due to water scarcity at Katunje VDC most of the beneficiaries are have difficulties in constructing their houses. The issue of landless people didn't exist in the palika level. The rate of construction of Netrawati rural municipality is about 15%.
