- **Findings of the field visit**

As per the field visit at Gumdi VDC of Gangajamuna Rural Municipality, a huge lack of engineer's support was found. Also, many of the houses built were non-compliance and the reason behind it was due to lack of skilled masons. Many of the trained participants of mason training were not actively working as a mason but were involved in other activities rather than construction. Even if the partner organizations who wants to focus their mason training could not get prioritized participants as they prefer to earn NPR. 1500/- rather than participating in the training and losing the earnings which they get per day. Difficulty of transportation is another major challenge of Gumdi VDC.

While at Jeevanpur VDC of Dhunibesi municipality due to lack of water at ward no.: 3, 4 & 5 many of the beneficiaries are facing difficulty in constructing their houses. Until the field visit only 41 beneficiaries have received the third tranche while 326 had received the second tranche.

- **DLPIU, NRA and HRRP Housing Reconstruction Update**

MoFALD/DLPIU has developed an excel system through which the beneficiaries progress can be tracked. The file can be accessed from [Here](#). Anyone can enter "Nissa" number in order to identify the status.
