

URBAN RECONSTRUCTION TECHNICAL WORKING GROUP (UR-TWG)

Session I

20th November 2019, HRRP Office, Lalitpur

15:00-17:00

AGENDA

I. Recap

II. TOR

III. Work Plan feedback

IV. Survey (in progress)

ATTENDEES: Lumanti, CRS, NSET, DRCN, ASF, Craterre, HRRP

HRRP: Recap on DUDBC session and initiation on the UR-TWG, followed by a recap on session #1 for those who could not make it on the 13th (find presentation and minutes [here](#)).

Feedback and editing of [TOR](#)

(Find the updated changes highlighted in the TOR)

Work Plan Feedback

Please download Project Libre through the following [link](#) to view the work plan in progress. Project Libre is a free and open-source project management tool. Once you have downloaded and installed it on your system, click [here](#) to access the work plan file from the UR-TWG Google Drive link. Alternatively click here to see the work plan as a [PDF](#).

As discussed in the meeting, the work plan will be detailed out regularly as we proceed. Members of the Working Group are requested to contribute and give their inputs on the same regularly.

Survey

The survey is intended to collectively prioritize and narrow down on (approximately) 3 issues for the UR-TWG to start working on immediately. As of 20th November the survey had 9 responses. The members who are left to respond are requested to do so as soon as possible so we can process the results and send it across before next week's meeting.

[Link](#) to take the survey

Discussion

NSET and DRCN: We should look at what is urban, not from a theoretical perspective but in order to classify in terms of different parameters such as density. This could be useful from the perspective of even banks willingness to lend.

NSET: Is it possible to invite local cooperatives? After identifying issues, we can get specific learnings from stakeholders such as local cooperatives

DRCN: We could also invite the NRA Information Officer

Clarification on the Qualitative study

Questions by the UR-TWG members: How many consultations will be carried out? Where? Who will carry it out? What questions will be asked?

CRS: Along with the Focus Group Discussion, each local level consultation must include a site visit and key informant interviews.

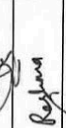

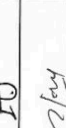

HRRP will draft the methodology for the qualitative study. It will be sent out to members before the next meeting in order to discuss and finalize in the next session

Next session: 28th November 2019, Thursday at 14:00

Housing Recovery and Reconstruction Platform(HRRP)
Urban Technical Working Group Meeting

Date: 20 November, 2019

Venue: HRRP Office, Jwagal, Lalitpur
