

This district profile outlines the current activities by partner organisations (POs) in post-earthquake recovery and reconstruction. It is based on 4W and secondary data collected from POs on their recent activities pertaining to housing sector. Further, it captures a wide range of planned, ongoing and completed activities within the HRRP framework. For additional information, please refer to the HRRP dashboard.

FACTS AND FIGURES

Population:

336,067¹

Other	2%	30%
% of households who own their housing unit	92%	85%

(Census 2011)¹

NEWS & UPDATES

1. HRRP in close coordination with NSET and POs organized One day Technical Workshop on Current Status of Technical Assistance in Reconstruction and it's Challenges on 2 February. It was highlighted that the insufficient manpower and human resource, especially young people with technical skills, has become increasing challenging for the reconstruction.

2. HRRP in coordination with Practical Action conducted Two days' Supply Chain Assessment Planning and Orientation on 7-8 Feb. The event concluded that POs would divide the assessments according to their working VDCs, which will be further discussed and planned in the next HRRP Coordination Meeting.

3. NSET Organized shake table demonstration at Dhading Besi on 26 January. Earthquake resistant elements like vertical reinforcement bars, corner stitches and sill lintel bands were demonstrated and explained to more than 600 participants.

The coverage of Technical Assistance (TA) is defined according to the presence (planned and on-going) of the following 6 activities and the VDCs highlighted suggest the summation of the activities presented:

0 VDCs with all 6 TA Activities

- Community/household orientation with more than 1 session
- Continuous Door to door technical assistance (Mobile Technical Support)
- Short training for Masons (Target achieved)
- Vocation/on the job training for masons (Target achieved)
- Helpdesk/Technical Support Center
- Demonstration construction

Disclaimer:

The highlighted VDCs indicate that at least one of the aforementioned activities is being conducted/planned by partner organizations, irrespective of the methodology or household level coverage of the activity. For activity c and d, it is highlighted when there are more than 70% of masons trained according to the targets defined by NRA and field surveys.

Coverage of TA
