

*In the 25th Executive Committee Meeting of NDRRMA chaired by the Minister of Home Affairs, Mr Ramesh Lekhak, prioritized rescue, relief, and health measures amidst the flood and landslide crisis. Minister Lekhak focused on expediting the search and rescue operations for citizens missing due to recent floods and landslides.*

## KEY HIGHLIGHTS

- I. **September flooding and landslides claim lives in Nepal as recovery efforts intensifies**
- II. **Government announces aid package for families of deceased after floods through Cabinet Meeting**
- III. **NDRRMA's 25th Executive Committee Meeting prioritizes rescue, relief, and health measures amidst flood and landslide crisis**
- IV. **Appeal made by Social Welfare Council (SWC) to Development Organizations of Nepal**

- V. **Workshop on sharing the findings of Research Study on Localization of Government's Arrangements in DRRM**
- VI. **Dissemination and promotion of the newly approved GEDSI Strategic Action Plan (SAP) and NGO Mobilization Guidelines**

## KEY GOVERNMENTAL UPDATES

### September flooding and landslides claim lives in Nepal as recovery work intensifies

The extremely heavy rains that started on the night of 26<sup>th</sup> September 2024 and lasted through Saturday, 28<sup>th</sup> September evening have left a trail of destruction across the country. As of 3rd October, the total number of deaths has reached 236, with 19 individuals still missing and 165 reported injured (Source: [SitRep 3\\_Flood and Landslides September Nepal](#) [SitRep 2](#)).

The devastating weather has wreaked havoc across several provinces, with Kathmandu Valley bearing the brunt of the destruction. In addition to the loss of life, the infrastructure damage is extensive. In Dhadhing's Jhyaple Khola area alone, 35 bodies were recovered after landslides buried four passenger buses. Rescue operations, including helicopter evacuations, are ongoing as authorities strive to locate the missing and provide aid to those affected by the disaster. The weather improved on Sunday, 29th September following three days of monsoon rains, and rescue and clean-up efforts were underway. Kathmandu remained cut off Sunday as three highways out of the city were blocked by landslides. However, major roadblocks and continued rainfall pose challenges for the teams on the ground. [SitRep 3\\_Flood and Landslides](#)

The local governments, several non-governmental organizations and individual's groups are providing the immediate relief materials to the flood and landslides affected people. The relief materials include cooked food, tarpaulin sheets, beddings, blankets, medicines, warm clothes and water & sanitation gears also. Detail news: [Havocs created by rain-induced disasters](#)

## **Government announces aid package for families of deceased after floods through Cabinet Meeting**

On 30th September 2024, Cabinet meeting held under the lead of Rt Hon. Prime Minister KP Sharma Oli decided to honor the victims. The government has declared a three-day mourning after floods and landslides killed. PM Oli instructed ministers to submit a detailed report on the loss of lives and properties and cost estimates for rebuilding.

The meeting has decided to hand over Rs 200,000 to the families of those who died in the floods and landslides. If someone has gone missing and his/her body is not found within ten days, the person will be considered as dead and the family will receive the same compensation as other victims.

The government has also announced free treatment for all those injured in the disaster. As many as 92 people are currently receiving treatment in various hospitals, according to the home ministry. Similarly, all ministers will contribute one month's salary to the Prime Minister Disaster Relief Fund. The meeting also discussed restoring double lane traffic in all major highways, and curbing black marketing during the festive season. Detail news: [Cabinet meeting held](#)

## **NDRRMA's 25th Executive Committee Meeting prioritizes rescue, relief, and health measures amidst flood and landslide crisis**

The 25th Executive Committee Meeting of NDRRMA Nepal, held on September 30th and chaired by the Minister of Home Affairs, Mr. Ramesh Lekhak, focused on expediting the search and rescue operations for citizens missing due to recent floods and landslides. Relevant agencies were tasked with promptly reopening blocked highways and roads. In response to the potential risk of epidemic outbreaks following the disaster, the Ministry of Health announced plans to conduct awareness and health camps in high-risk areas. The committee also resolved to propose amendments to the Disaster-affected Private Housing Retrofitting, Reconstruction, and Rehabilitation Grant Procedure, 2081 (2024), submitting it to the Office of the Prime Minister and Council of Ministers (OPMCM) through the Ministry of Home Affairs.

Minister Lekhak, who also chairs the NDRRMA Executive Committee, highlighted the devastation caused by rain-induced disasters and emphasized the collaborative efforts among agencies to navigate this difficult period marked by significant loss of life and property. He directed

authorities to prioritize rescue operations, relief efforts, and temporary housing arrangements for those affected by floods and landslides, even if long-term measures are delayed.

Health and Population Minister Mr. Pradeep Paudel informed the meeting that work has been started to control epidemic diseases that may spread after the current floods and landslides.

**Key Decisions of 25th Executive Committee Meeting includes:**

- i) Free treatment for injured individuals across affected districts and municipalities.
- ii) Assign LDMCs to identify beneficiaries for temporary shelter construction, with Rs 50,000 provided in two installments as per the government standard
- iii) Mobilize humanitarian aid from UN agencies, Nepal Red Cross, and partner organizations as needed.
- iv) Immediate assessment of loss and damages from floods, landslides.

Earlier in an emergency meeting of the Central Security Committee held on 28<sup>th</sup> September, Minister Lekhak said the government is serious and committed to the rescue and relief of those who are at risk due to natural calamities and requested all concerned sectoral ministries and line agencies to speed up the rescue and relief works to the disaster affected people.

**Appeal made by Social Welfare Council (SWC) to Development Organizations of Nepal**

The Social Welfare Council (SWC) requested all the development organizations regarding disaster response, rescue, relief and rehabilitation, in context of the devastation caused by the September flood and landslides in various parts of the countries.

Regarding the appeal, the national/international non-governmental organizations started their ground works through local partner organizations, coordinating with local authorities for a humanitarian response to communities most affected by floods and landslides. Organizations have distributed the life-saving non-food items (NFIs), including hygiene kits, bedding materials, water supply needs, clothing and cooked and dry food stuff also. Volunteers and social groups are offering the cooked food to the affected people on a daily basis too.

### **Workshop on sharing the findings of Research Study on Localization of Government's Arrangements in DRRM**

A productive discussion and interaction session was held on 18th September, on the study that aimed to unpack Nepal's existing government arrangements for disaster risk reduction and management (DRRM), focusing on localization, gaps, and areas for improvement.

The objectives of the Localization Study included -

- i) To examine and identify the scope for strengthening the institutional capacity of local governments on disaster risk management, within the contexts of housing reconstruction and recovery.
- ii) To guide NDRRMA in its localization strategy in alignment with the National Disaster Resilience Framework (NDRF, 2021-2030) and National Disaster Risk Reduction Strategic Action Plan (NDRRSAP 2018- 2030).

The study assessed the capacities of the federal government, development partners, and state and local levels in DRRM, identifying steps to strengthen local capacities, align local efforts with national policies, and improve coordination. It also explored practical and effective strategies for all government levels and partners to enhance disaster management in the evolving political landscape. The study, technically led by teams of CRS Nepal and NHSRP Nepal, and supported by CRS Nepal and Foreign, Commonwealth & Development Office was conducted by experts and involved revisiting the reconstruction and rehabilitation caseloads samples from municipalities in 10 districts across Bagmati, Gandaki, and Lumbini provinces. The full report will soon be available on the NDRRMA's website: [www.bipad.gov.np](http://www.bipad.gov.np). For more information: [rijan.gajurel@hrrpnepal.org](mailto:rijan.gajurel@hrrpnepal.org)

### **Dissemination and promotion of the newly approved GEDSI Strategic Action Plan (SAP) and NGO Mobilization Guidelines**

On September 16th, a half-day workshop was held to present newly developed guidelines by NDRRMA to a national audience engaged in Disaster Risk Reduction and Management (DRRM) and the localization of Gender Equality, Disability, and Social Inclusion (GEDSI) efforts across Nepal. CRS Nepal, through the NHSRP, has provided technical support to national ministries and NDRRMA to help formulate these guidelines and policies that aim to address existing gaps and meet the needs of a wider audience, ultimately helping to scale activities across the country.

The workshop also seized the opportunity to endorse the “Partner Organization Mobilization Procedure in Disaster Risk Reduction and Management, 2081,” which ensures a transparent and coordinated approach to mobilizing resources in line with government priorities. The guidelines provide a clear framework for collaboration among all three tiers of government, district authorities, and partner organizations, helping to address gaps in DRRM efforts and scale activities nationwide. This workshop was seen as the opportunity to share these developments with key partners and set the stage for a more inclusive and effective disaster management system in Nepal. The workshop aimed to reach wider organizational and development sectors such as UN agencies, AIN-TGDM, DPNet, and other development partners engaged in DRRM and the GEDSI localization process across Nepal. ## PARTNERS' UPDATES

### AIN Committed to supporting disaster-affected communities

In context to the havoc created by flood and landslides during September last week 2024, Association of International NonGovernmental Organizations in Nepal (AIN) held an emergency response meeting at the Social Welfare Council (SWC) on 29th September, in the presence of the Honorable Minister of Women, Children, and Senior Citizens, SWC board members, and senior officials. During the meeting, the Honorable Minister urged all stakeholders to prioritize support in the most severely affected areas. AIN provided updates on the ongoing response efforts by its members, including ground operations and recent Technical Working Group in Disaster Management (TGDM) and Provincial Chapter meetings. AIN also requested expedited approval from SWC for response proposals.

The SWC clarified that INGOs do not require additional approval to utilize the 1% emergency fund provisioned in their Project Agreements, even if responding in different geographical areas, but must notify SWC. Furthermore, SWC committed to fast-tracking amendments allowing the relocation of up to 15% of project funds for disaster response. AIN requested formal documentation of these decisions to streamline implementation. SWC will issue a public statement outlining the support needed, and AIN will provide regular updates every three days to keep all stakeholders informed. These updates will also be shared by the Minister during press briefings. For more information: [reshma@ain.org.np](mailto:reshma@ain.org.np)

### **Nature based solutions for flood mitigation in Raptisonari Rural Municipality, Banke**

A 98-meter Live Bamboo pile and Crib Wall reinforced with nylon gabions and sandbags, has been successfully installed as an emergency intervention to protect the Rapti River bank in RaptiSonari Rural Municipality, Banke district (Lumbini province). This Nature-Based Solution (NbS) aims to reduce the risks of flooding and inundation for over 10 villages, protecting 1,500 households and more than 3,000 hectares of paddy fields.

Through PREPARE Project, CRS Nepal and Caritas Nepal closely collaborated with the community, local and district governments mainly including District Administration Office, Irrigation Development Sub Division and Armed Police Force Unit to deliver an emergency intervention after the RaptiSonari Rural Municipality and NDRRMA reached out to CRS for emergency intervention in the area. The work has been successfully completed, and it withstood the recent floods of September 2024. PREPARE Project plans to work closely with the local governments and other line agencies and non-government stakeholders for a long-term sustainable solution in the area. The Local Emergency Operation Center (LEOCs) and Armed Police Force provided equipment and technical support to ensure safety and security of the community members and team participating in the implementation. For more information: [anish.khanal@crs.org](mailto:anish.khanal@crs.org)

### **7-Day Mason Training Under Jajarkot Earthquake Recovery Project**

CRS Nepal, in partnership with Caritas Nepal, recently conducted a 7-day mason training under the Jajarkot Earthquake Recovery Project (JERP II). The training aimed to enhance the skills of local masons in safer building construction, with a focus on the "Build Back Better" approach for the upcoming reconstruction period. Another key goal was to prevent a shortage of skilled masons during reconstruction, ensuring that financial resources remained within the district. This initiative has also provided local job opportunities, reducing the need for seasonal migration. Additionally, the masons were trained on using locally available materials such as stones, mud,

bamboo, and wood in the rebuilding process.

So far, six training sessions have been successfully conducted in Bheri Municipality- Wards 1, 3, and 4 of Jajarkot district, and four in Aathbiskot Municipality-Wards 13 and 14 of Rukum West district. These events were inaugurated and concluded with the participation of the Chiefs of Local Governments, Chairpersons, and other local representatives. A total of 275 masons, including 64 women, attended the sessions (164 in Bheri and 111 in Aathbiskot). All training events adhered to the curriculum set by the Department of Urban Development and Building Construction (DUDBC) and were completed on time without any interruptions. ### World Bamboo Day marked emphasizing to promote bamboo engineered products

On the occasion of World Bamboo Day, Habitat for Humanity International Nepal marked a program in Madhesh Province, which was chaired by the Hon. Satish Kumar Singh, Chief Minister of Madhesh Province, as the chief guest, along with Hon. Tribhuvan Sah, Madhesh Province Minister of Forest and Environment. Highlighting bamboo is not only a sustainable solution but also holding cultural importance, Hon. Satish Kumar Singh emphasized bamboo's role in carbon sequestration and highlighted the need to promote bamboo-engineered products and traditional indigenous practices. With support from the provincial government and collaboration with communities, Nepal's bamboo sector is poised to grow sustainably, working towards a greener, more prosperous future.

### Research document on greening the shelter

In line with the Global Shelter Cluster's "Greening the Shelter" initiative, the NHSRP has launched a research project to explore the integration of environmentally sustainable shelter solutions in Nepal's policies and laws. This research was conducted with support from [Catholic Relief Services](#) (CRS) and European Civil Protection and Humanitarian Aid Operations (ECHO) through the United Nations High Commissioner for Refugees (UNHCR). The research aimed to: i) Identify key laws, regulations, and documents that support green shelter solutions at the federal and provincial levels; ii) Highlight gaps, findings, and recommendations to enhance the sustainability of shelter responses.

Access the Research Document: <https://bit.ly/4esmlQe>

#### Gaps and Findings in Major Policies of Nepal Greening the Shelter Response

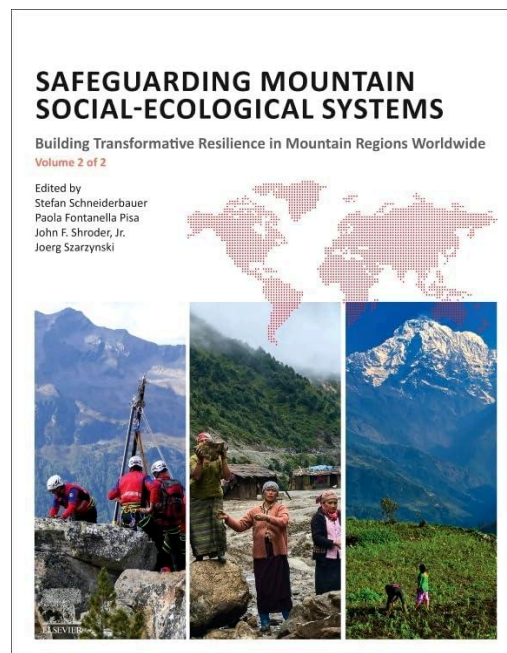

## A book on Safeguarding Mountain Social-Ecological Systems

The recently published book, *Safeguarding Mountain Social-Ecological Systems* (Elsevier), has a dedicated chapter on the Hindu Kush Himalaya (HKH). Using four case studies – from the HKH, Gilgit-Baltistan, Altai, and Nepal – the chapter presents a regional perspective on the major issues and challenges impacting people and ecosystems.

In their paper on “Safeguarding the Third Pole: Problems, challenges and possible solutions in the Hindu Kush Himalaya”, Sunita Chaudhary, ICIMOD Ecosystem Services Specialist and Biodiversity Lead, Abid Hussain, ICIMOD Senior Economist and Food Systems Specialist, Sanjeev Bhuchar, ICIMOD Senior Watershed Management Specialist, and Santosh Nepal from the International Water Management Institute discuss the complex and interrelated issues facing the HKH, focusing on the nexus of biodiversity, climate change, food, and springs.

Using an integrative literature review, they discuss the varied and interlinked impacts of climate and environmental change, the challenges they pose for risk management, and the proactive multiscale and multisectoral responses needed to address these challenges.

## NHSRP's PROVINCIAL ENGAGEMENTS

## UPDATES FROM SUDURPASCHIM

**Technical support was laid** to the Ministry of Internal Affairs and Law (MoIAL), and provided technical support across various disaster risk reduction and management initiatives. This includes addressing housing-related queries within the NDRRMA reconstruction and resettlement procedural guidelines, extending assistance to municipal bodies throughout Sudurpaschim Province. Key responsibilities encompass the creation of user IDs, verification and approval of incident data, enrollment of local government bodies, district-level inspection of reconstructed homes, and overseeing tranche release processes. Additionally, the team regularly supports the compilation of disaster data and information for inclusion

## UPDATES FROM KARNALI

**A three-day training on the 'Localization of Nepal National Building Code (NNBC) & Building Permit Procedures'** completed at Khalanga, Jajarkot. The training took place from 16-18 September 2024. As an Instructor in the training, National Technical Coordinator of NHSRP shared technical aspects of Building Permit Procedures to the trainees. During the session, trainees gained thorough insights on theoretical aspects of Nepal Building Code implementation measures. A total of 28 participants attended the workshop, from all local governments of Jajarkot (Bheri, Nalgad, Barekot, Kushe, Junichade, Shivalaya, and Chhedagad).

The Training event was conducted under the initiatives of JRAP (Joint Recovery Action Plan).

For more information contact: [shamir.singh@hrrpnepal.org](mailto:shamir.singh@hrrpnepal.org)

**Five days Training of Trainers on Mason Training** completed in Rukum West from 18th to 22nd September. The Mayor of Musikot Municipality, Mahendra K.C. in his opening remarks, highlighted that the earthquake in Jajarkot not only destroyed property but also deeply affected the region's traditional culture and historical practices. The massive loss of lives, livelihoods, and services underscored the critical need for resilient infrastructure. He emphasized that local government must empower communities by training skilled artisans to preserve heritage while integrating modern, resilient construction techniques. The Mayor expressed his gratitude for the TOT program, acknowledging that masons play a vital role in both preserving cultural heritage and ensuring safe, sustainable building practices. He also appreciated the efforts to turn his recommendation into action by providing comprehensive training to the local workforce.

The Training of Trainers (TOT) event was conducted under the initiatives of JRAP (Joint Recovery Action Plan). For more information: [laxmip.bhatta@hrrpnepal.org](mailto:laxmip.bhatta@hrrpnepal.org)

### Meeting of development partners organizations hosted

by the District Administration Office (DAO) of Rukum West on 4th September supported through NHSRP. This was the first such gathering since the Jajarkot earthquake disaster. Chaired by Chief District Officer (CDO) Mr. Hari Prasad Pant and other DCMC members, the meeting brought together representatives from 10 organizations, including several UN agencies. Participants shared their achievements, contributions, and challenges during their disaster response efforts, and outlined future activities. The meeting promoted collaboration among partners, preventing overlap in efforts and coverage. Additionally, the meeting established a system for all development partners to submit progress reports using the 5W matrix by the 25th of each month, ensuring coordination and inclusivity in response and recovery efforts. Organizations were also instructed to submit their proposed activities to the DAO before field implementation. JRAP was launched in 2024 by the NDRRMA.

Supported financially by the UK's Foreign, Commonwealth and Development Office (FCDO), this joint programme is being implemented by four UN agencies —UNICEF, IOM, UNFPA, and WFP—under the leadership of the UN Resident Coordinator's Office. For more information: [laxmip.bhatta@hrrpnepal.org](mailto:laxmip.bhatta@hrrpnepal.org)

## UPDATES FROM LUMBINI

### The GEDSI (Gender Equality, Disability, and Social Inclusion) Strategic Action Plan 2081 Localization Workshop

was successfully held in Bhalubang, Dang (Lumbini Province). The workshop aimed to localize the plan including raising awareness, and discussions on key components of the plan. The event was chaired by Rekha Kadel, Secretary of the Ministry of Internal Affairs and Law (MoIAL), with Mahadev Pantha, Chief Secretary of Lumbini Province, as the Chief Guest. A total of 51 participants, including representatives from provincial ministries and organizations, actively engaged in the workshop. Key highlights of the GEDSI Strategic Action Plan 2081 were presented by NDRRMA, while MoIAL Lumbini shared updates on the province's ongoing activities.

Participants provided insightful feedback, particularly on the roles of the GEDSI integration in DRRM, roles of the private sector and the importance of information management and dissemination outlined in the plan. Chief Guest Mr. Mahadev Pantha emphasized the need for inclusive planning, focusing on social inclusion, information access, and capacity building to mitigate disaster risks. Ms. Rekha Kadel reaffirmed the Ministry's commitment to supporting and implementing disaster-related initiatives, expressing gratitude to all stakeholders for their active involvement and contributions.

For more information: [prakash.bishwakarma@hrrpnepal.org](mailto:prakash.bishwakarma@hrrpnepal.org)

### **One day orientation and training regarding NDRRMA's Reconstruction MIS tool and Technical Inspection Procedures**

conducted at District Administration Office Rolpa. Chief District Officer of Rolpa, Mr. Khim Bahadur Rayamajhi graced the event as the Chief Guest. Program was technically supported and facilitated by NHSRP in coordination with MoIAL -Lumbini Province and DAO Rolpa. Altogether, 40 participants from all local governments of Rolpa including technical staff (engineers, sub engineers), IT personnel, and DRR focal person attended the program actively.

For more information: [prakash.basnet@hrrpnepal.org](mailto:prakash.basnet@hrrpnepal.org)

## **UPDATES FROM GANDAKI**

**The GEDSI Strategic Action Plan 2081 Localization Workshop** was conducted on 9th September in Pokhara, Kaski. The event brought altogether 70 participants, including representatives from government bodies, organizations and other key stakeholders. Joint Secretary of NDRRMA, Basanta Adhikari chaired the workshop, with Gandaki Province Chief, Laxmi Kumari Basnet, as the Chief Guest.

During the workshop, five insightful presentations were delivered, focusing on deepening participants' understanding of the GEDSI 2081 Strategic Action Plan and its role in localizing disaster management strategies. Province Chief shared key highlights on how disasters disproportionately affect vulnerable groups such as women, people with disabilities, and socially excluded communities. She emphasized the urgent need to integrate the GEDSI Strategic Action Plan (GEDSI SAP) into local government planning to ensure inclusive and effective disaster management. Joint Secretary Adhikari underscored the importance of engaging households in

regular discussions on disaster preparedness and advocated for a collaborative approach among all stakeholders to enhance disaster resilience. The workshop was organized by NDRRMA and Office of Chief Minister and the Council of Ministers (OCMCM) Gandaki province jointly and technically supported by CRS Nepal and NHSRP.

For more information: [rajesh.sunuwar@hrrpnepal.org](mailto:rajesh.sunuwar@hrrpnepal.org)

## UPDATES FROM BAGMATI

**Technical support laid to conduct** a 1½-day orientation in Sindhupalchowk from 2nd -3rd September 2024 focusing on NDRRMA's monsoon and fire-induced disaster-affected housing reconstruction and rehabilitation guidelines, building code implementation, the BIPAD application, R-MIS, and the BIPAD portal. This program was conducted under the leadership of District Administration Office Sindhupalchowk and coordinated by the Ministry of Internal Affairs and Law (MoIAL)- Bagmati province. With 35 local-level engineers, sub-engineers, and DRR focal persons participating, and under the leadership of the Acting Chief District Officer, the program aimed to strengthen the capacity of our local teams in disaster management and recovery.

[vishma.basnet@hrrpnepal.org](mailto:vishma.basnet@hrrpnepal.org)

## UPDATES FROM KOSHI

**The Household Survey on Monsoon-Induced Disasters** conducted in Triyuga Municipality, Udayapur, on 27th September after a week-long effort. The survey was initiated following a meeting with the District Administration Office (DAO), municipal officials, and ward representatives, in response to the landslide on 9th July 2024, which affected 38 households. Local government and ward technical staff received an orientation on the survey process, led by NHSRP technical teams.

A high-level joint monitoring visit was conducted in response to persistent follow-ups from local governments. The visit aimed to assess the situation and fast-track the construction of temporary shelters and the resettlement of the 38 affected households in Ward-15 of Triyuga. The delegation featured key leaders including Dr. Narayan Khadka, Member of the House of Representatives; Chief Executive of NDRRMA, Anil Pokhrel, Joint Secretary Mr. Arjun Kumar Bam, and Geologists Mr. Rajendra Acharya from NDRRMA and NHSRP's technical team members. The visit led to community interactions that emphasized the ongoing vulnerability of the affected families and stressed the need for urgent action to accelerate shelter construction and resettlement efforts.

**The three-day orientation and training event on NDRRMA's reconstruction guidelines** and the Integrated Information System (Bipad Portal, RMIS, RMS, VMS, RVS, E-Learning), technical inspection procedures, National Building Codes (NBC 000, NBC 101 to 114, NBC 201 to 208) and their implementation was held from 10th to 12th September in Biratnagar (Koshi Province). The event was chaired by Mr. Kamal Bahadur Thapa, Province Secretary of the Ministry of Internal Affairs and Law (MOIAL) for Koshi Province, with Mr. Prem Prasad Bhattarai, Chief District Officer of Morang, serving as the Chief Guest. The program saw active participation from 46 attendees on the first day, including Palika Chairs, Deputy Chairs, Ward Chairs, Chief Administrative Officers, Bipad Focal Persons, IT and Technical personnels. Over the remaining two days, 22 technical experts led training sessions focused on building code implementation, disaster management tools, and other related subjects, aiming to enhance the knowledge and skills of both technical and non-technical staff at the local level.

## मनसुन २०८१ को ९० दिने अवस्था प्रतिवेदन

(२०८१ जेठ २८ - २०८१ भदौ २२)

मनसुनजन्म विपद्का घटना र त्यसबाट सिर्जित क्षतिगत गत वर्षभन्दा यो वर्ष उल्लेख्य रूपमा बढ्दै गएको छ । जल तथा मीनम विज्ञान विभागले यो वर्ष सन्तरभन्दा बढी पानी पर्ने संभावना ३५ देखि ५५ प्रतिशत स्तरको प्रवेक्षण गरे अनुसार नै अत्यधिक वर्षा भएकोले विपद्का घटना बढेका छन् । २०८१ जेठ २८ गते सुरु भएको मनसुन अझै सक्रिय छ । नेपालमा मनसुन सरदर मध्य असोजसम्म रहन्छ ।

यो वर्ष विपद्का घटना बढ्नु सक्ने पूर्वानुमान गरिएको थियो र क्षति कम गर्न राष्ट्रिय विपद् जोखिम न्यूनीकरण तथा व्यवस्थापन प्राधिकरणले मनसुनपूर्व नै तयारी सुरु गरेको थियो । जसअन्तर्गत स्थानीय तह, जिल्ला विपद् व्यवस्थापन समिति, सुरक्षा निगरा, दार्जु संस्था, निजी क्षेत्र लगायतसँग पूर्वतयारी र प्रतिकार्यबारे पर्याप्त छलफल गरिएको थियो । जमीनहल्लाई विपद्को समयमा आवश्यकताअनुसार तुरुन्तै काम गर्नको लागि तयारी अवस्थामा रहन निर्देश गरिएको थियो । पूर्वतयारी र प्रतिकार्यमा ध्यान पुर्याउन सकेकोले विपद्को सचलताको तुलनामा मानवीय क्षति कम गर्न सकिएको छ । उदाहरणका लागि कञ्चनपुरको दोधारा बाँदीनी नगरपालिकामा नेपालमा हालसम्म रेकर्ड गरिएकोमध्ये सबैभन्दा धेरै ६२४ मि.मि. वर्षा हुँदा पनि उक्त स्थानीय तहमा मानवीय क्षति भने भएन ।

यसैबीच प्राधिकरणले विपद्बाट जोगिनका लागि सूचनाहरू रेडियो, टेलिभिजन जस्ता सञ्चार माध्यमबाट पनि व्यापक प्रसार गरिरहेको छ । त्यसैगरी सामाजिक सञ्जालहरू फेसबुक, ट्वीटर, युट्युब र भाइरमा रहेका आधिकारिक पेज तथा च्यानलबाट पनि जनचेतनामूलक सामग्रीहरू प्रसारण गराइरहेको छ ।

**हाइलाइट :**

- २०८१ जेठ २८ देखि २०८१ भदौ २२ सम्म ९० दिनमा मनसुनजन्म घटनाबाट २२५ जनाको मृत्यु, ४९ जना बेपत्ता र २८४ जना घाइते भएका छन् ।
- मनसुनजन्म विपद् प्रभावित परिवार संख्या ४,६९५ ।
- मनसुन वर्षे अवधिमा ८५ जनाको मृत्यु, २९ जना बेपत्ता, १२६ जना घाइते र विपद् प्रभावित परिवार ६,०३० ।
- मनसुनजन्म विपद्को सबैभन्दा धेरै बागमती प्रदेशमा ५० जनाको मृत्यु र सबैभन्दा कम मधेश प्रदेशमा ५ जनाको मृत्यु ।
- मनसुनजन्म विपद्मध्ये सबैभन्दा धेरै पहिरोबाट १३५ जना र सबैभन्दा कम भारी वर्षाबाट १ जनाको मृत्यु ।
- असार २८ गते चितवनको भरतपुर महानगरपालिकाको सिमलतालमा मेघान बहाबमा परी ठुलो बसका ६२ जना यात्रु शिबुनी नदीमा बेपत्ता । २४ जनाको शव फेला परेको ।
- कञ्चनपुरको दोधारा बाँदीनीमा ऐतिहासिक वर्षाजल मापनको ७७ वर्षको इतिहासमा सबैभन्दा धेरै ६२४ मि.मि. वर्षा ।

## KNOW MORE PLATFORM

### **\*\*Asia Pacific Shelter and Settlements Forum\*\***

The Asia Pacific Shelter and Settlements Forum will be held in the Philippines from 21 to 23 October 2024, focusing on core themes:

- SHELTER & SETTLEMENTS: Preparedness and Relief Supporting Self-Recovery
- SHELTER AND SETTLEMENTS RECOVERY: Supporting Wellbeing & Resilience
- PROMOTION FOR ENVIRONMENT, INCLUSION AND INNOVATION IN SHELTER AND SETTLEMENTS PROGRAMMING

The Asia-Pacific Shelter and Settlements Forum provides an effective platform for Shelter and Settlements Practitioners to meet and share lessons and experiences of Shelter and Settlements response in the region. The forum explores best practices in communities that have safe, adequate, and dignified shelters and settlements.

### **\*\*2024 UN Climate Change Conference (UNFCCC COP 29)\*\***

To be held in November in Baku, Azerbaijan, this event will include the 29th session of the COP 29, the 19th meeting of the Parties to the Kyoto Protocol (CMP 19), and the sixth meeting of the Parties to the Paris Agreement (CMA 6). Links for more information: <https://unfccc.int/cop29/inf>

### **\*\*Free Courses on Shelter and Settlements\*\***

This free course by InterAction and USAID/OFDA provides an overview of the humanitarian community's shelter and settlements activities and examines trends based on past experiences. More here [www.disasterready.org](http://www.disasterready.org)

FREE ONLINE LEARNING

## **HUMANITARIAN SHELTER AND SETTLEMENTS COURSE (UPDATED)**

This free course by InterAction and USAID/BHA provides an overview of humanitarian shelter and settlements (S&S) assistance and examines the interrelated concerns of protection, climate and environmental impacts, and disaster risk reduction. Learn how humanitarian actors can prepare to face emerging challenges and understand potential opportunities for moving the sector forward.

After you create your free DisasterReady account, search for this course to start learning.
