Objective	- To organize Palika level meeting with Gaupalika, wards, and field engineers - To conduct survey on temporary shelter, woman beneficiary, woman mason and CRC.	
Summary	A Palika level coordination meeting jointly organized by HRRP and CLPIU conducted in Indrawati gaupalika on 7th March 2018. The main issues discussed on were the lack of coordination and gap in communication between local bodies/representatives and engineers, and, some administrative and field challenges/problems of engineers to be addressed by respective authorities. The meeting decided that, engineers (technical field staffs) will submit report and update monthly to Gaupalika. Similarly, Gaupalika chief asked to CLPIU to be flexible or to recommend correction measures for the truss. Such types of houses are made more than 1000 inside the Gaupalika.	
Woman Mason	Out of around 1100 trained women masons, 314 women are trained masons in Indrawati Gaupalika by 6 different POs up to date. Out of 7 surveyed women masons, we found 2 who are working in this field as a labor and contractor after training in own area.
