Collaboration and Cooperation

Resolving duplications and filling gaps through collaboration

- Gorkha Team has been working on methods to ensure a cooperative approach to resolving issues of duplication and gap filling. This process has had certain objectives agreed upon by partners

Objectives:

- To avoid duplication of activities among POs in same specific region and area
- To avoid dense intervention and to make an effort to extend collective impact
- To strengthen POs coordination, relation building, effective implementation and mutual understanding
- To encourage gaps to be filled and a coverage approach with fair and sufficient distribution of resources
- To maintain uniformity in the reconstruction process, tools, resources and mechanisms
