DGCM concluded in Dolakha: District General Coordination Meeting(DGCM) concluded of this month. Key decisions of this month are NRA/GMaLI requested to NSET/Baliyo Ghar Programme to conduct retrofitting training to the new technicians who have recruited later. Significantly, NRA/GMaLI chief requested all POs to coordinate to implement any activities to the GMaLI. By this, quality, ownership should be ensured by regular coordination on the activities.	24 September	M: 20	F: 0	dc.dolakha@hrrpnepal.org techcord.dolakha@hrrpnepal.org ravi@hrrpnepal.org	
Meeting with Ward Chairs Jiri-3 and 9 concluded: HRRP, C/DLPIU(Building) team conducted meetings with Jiri Municipality ward chairs, Engineers/Focal Person, technicians. The team met and discussed about the reconstruction issues of houses, health posts officials, ward staffs during the visit. The Ward 3, Mali have been facing the water problems after the earthquake because the sources of water have dried. Likewise, in ward 9, the health post-built land belonged to the private owner, so the ward chair committed to buy new land for the Health Post before Dashain festival (October 15 th) so the DLPIU(Building) will support to construct the health post building. More significantly, the genuine households enlisted in retrofitting list is the headache for ward.	21 and 22 September	M: 13	F: 4	dc.dolakha@hrrpnepal.org techcord.dolakha@hrrpnepal.org ravi@hrrpnepal.org

News & Updates

भूकम्पपीडितलाई निःशुल्क नक्सा

रवीन्द्र गौतम | दोलखाबजार

भूकम्पबाट ध्वस्त दोलखा बजारलाई पुरातात्विक सहरको स्वरूप दिन भीमेश्वर २ का वडाध्यक्ष बिराजमान श्रेष्ठले निःशुल्क नक्सा बनाइदिन सुरु गरेका छन्। उनले वडाभरिका भूकम्पपीडितलाई निःशुल्क नक्सा बनाइदिन सुरु गरेका हुन्।

ऐतिहासिक र पुरातात्विक महत्व राख्ने निजी आवास पुर्ननिर्माण गर्ने योजना र बहुस्वामित्वका घरहरू भएका कारण वडाले निःशुल्क नक्सा निर्माण गरिदिएको हो। विशेषगरी दोलखा बजारलाई मल्लकालीन स्वरूपका घर पुर्ननिर्माणका लागि अभियानस्वरूप निःशुल्क नक्सा बनाएर सहयोग गरेको श्रेष्ठको भनाइ छ। करिब दुई सय वर्षको इतिहास रहेको दोलखा बजारलाई मल्लकालीन स्वरूपका घर निर्माण गर्न भीमेश्वर नगरपालिका २ को समन्वय तथा धाल्खा गुठीको प्राविधिक एवं आर्थिक सहयोगमा पुर्ननिर्माण गरिने घरहरूको नक्सा निःशुल्क निर्माण गरिदिएको हो।

निर्माण गरिएका नक्सामध्ये मंगलबार २३ वटा घरधुरीलाई हस्तान्तरण गरिएको वडाध्यक्ष श्रेष्ठले जानकारी दिए। निर्माण गरिएका नक्सामा आरसीसी तथा घरहरूको डिजाइन रहेका छन्। जग्गाको प्रकृति, घरधनीको क्षमता र छलफल गरी पुरातात्विक डिजाइनको घरको नक्सा बनाइएको उनले बताए। घरको नक्सा निर्माण गर्न स्थानीय प्राविधिकहरूले पाँच हजारदेखि ३० हजार रुपैयाँसम्म लिने गरेको पाइएको छ।

घरको नक्सा निःशुल्क उपलब्ध गराइएको भए पनि नगरपालिकामा नक्सा पास दस्तुर भने सम्बन्धित घरधनीले नै तिर्नुपर्ने वडाध्यक्ष श्रेष्ठको भनाइ छ। वडामा करिब एक हजार पाँच सय निजी आवासको पुर्ननिर्माण गर्नुपर्नेमा ८५ प्रतिशत घर निर्माण सम्पन्न भइसकेको राष्ट्रिय पुर्ननिर्माण प्राधिकरण दोलखाको तथ्यांक छ।

Free Drawings for Earthquake Victims: Bhimeshwar Municipality-2, Ward Chair Mr. Birajman Shrestha has started to support to prepare free designs and drawings of houses for earthquake affected householdss. From the support of ward and Dhalkha Guthi, the ward tries to maintain its historic legacy in newly constructed houses. Local technicians have been charging NRs 5,000-30,000 per map. Field Visit /Joint Field Monitoring Visit Reports

Visit 1

Date: 21-22/09/2018		Location: Jiri Municipality-3,9 Dolakha		Participants from HRRP and stakeholders			
				• Kamal Bahadur Mahat • Janak Raj Joshi, M&E Specialist, CLPIU • Bhogendra Sah, Engineer, DLPIU(Building) • Rukmita Sharma, Sub Engineer, DLPIU(Building)			
Objective(s)		• To conduct Palika level meeting in Jiri-3, and Jiri-9; • To collect housing typologies; • To find out health post land status in Jiri-3, and Jiri-9(Health Post buildings are going to support by DLPIU(Building); • To sort out reconstruction issues in field level with technicians and stakeholders					
Summary		We discussed about the Health Posts building/land status in Jiri Municipality-3, Mali and Jiri-9, Thulopatal with Ward Chairs, Health Post officials, Engineers, Focal Person, technicians of Jiri Municipality. Most significantly, we discussed with ward chairs and stakeholders about the reconstruction issues, status respectively. Nurbu Sherpa, ward chair, Jiri-3, Mali has query about how to make community building in his ward. In his ward, there are not any community building for meeting. In Jiri-3, Mali, the pre-fab building supported by Nyaya Health for health post. Main problem in there is for water i.e. drinking, construction, for cattle, WASH activities etc. Even water is so scarce to construct houses, school (supported by ADB). The water sources were dried after the mighty Gorkha earthquake followed by Dolakha earthquake. Similarly, Jiri-9, ward chair Mr. Gyan Bahadur Sunuwar told that he will manage to buy the land for the health post of Ward 9 before Dashain festival. The present health post building land is private land. After buying land, the DIPIU (Building) will support for the health post building for Jiri-9, Thulopatal according to Mr. Bhogendra Sah, Focal Person/Engineer. Further, the ward chair Mr. Sunuwar told that two timber structure houses tranches stalled despite the requirements fulfilled in his ward. More significantly, he raised the issues that genuine beneficiaries whose houses completely destroyed after the aftermath of the Gorkha/Dolakha earthquake have been enlisted in retrofitting lists. Moreover, in his ward, some of the houses are multiple ownership and some are in vulnerable land. Averagely, 15 patients have been visiting the health post mostly severed from fever. Nearly 500 households (previously Mali VDC) have been benefited from the health post. 2 completely people with disability in Mali.					
Challenges / Issues Identified		Action Required		Responsible		Timeframe	
Water is so scarce in Jiri-3, Mali		Water schemes should be implemented as soon as possible		Local/central government, DPs and other donors/POs		Immediately	
Community buildings are not in Mali		Community building should be constructed		Government, DPs, Local government		6 Months

Case Study

Vulnerable Households needed support for house reconstruction

Figure: Mrs. Pashupati Nepali, Bhimeshwor Municipality-2, Pakhatole, Dolakha who is visually impaired with her daughter recently visited NRA/GMaLI to seek support for her house reconstruction Photo: Kamal B Mahat

There are significant numbers of people who have not constructed their houses yet after the devastated Gorkha earthquake.

Recently, Mrs. Pashupati Nepali, 43 from Bhimeshwor-2, Pakhatole visited NRA/GMaLI Dolakha for seeking support from any government or development partners to reconstruct her house. She is unable to construct her house. Her husband Mr. Hil Bahadur Nepali, 52 is also people with disability (PWD). They have three children, the eldest daughter Ms Debaka Nepali (in picture above) is studying 11 in local school.

In recent District General Coordination Meeting (DGCM) with POs Mr. Nirmal Darshan Acharya, unit chief, NRA/GMaLI Dolakha requested POs to support such types of vulnerable persons like Mrs. Pashupati Nepali to reconstruct houses.

She has already taken first tranche of the grant i.e. NRs. 50,000. She also listened that the government has going to support the red card (social security which has been provided by the Nepal Government) holder vulnerable houses.

She got few training from the organizations working in People with disability in district.

From the ward, the budget release for people with disparity has been spending in not productive sectors which could benefit people like Mrs. Pashupati Nepali.

NRA/GMaLI circulated letters to all 9 local bodies to verify the vulnerable households' houses reconstruction status with names lists one month ago. However, the name lists not verified yet due to slow response from the local bodies.

After the aftermath of Gorkha earthquake, Nepal Association of Blind (NAB) supported 12 pieces of Corrugated galvanized iron (CGI) sheet to them to make the temporary makeshift.

They have small grocery in the village.

So, the government, development partners should be supportive to the people with disability like Mrs. Pashupati Nepali to achieve the goal No one left behind and build back better and ensure the GESI in reconstruction which PDNA, PDRF, SDGs have envisioned.
