

Endangered Wooden Architecture Program (EWAP) aims to document the detailed traditional wooden architecture of houses along the Tamang Heritage Trail, with a primary focus on the village of Gatlang, Rasuwa district. The first field visit conducted in February 2023 by the joint team of Architecture Sans Frontieres Nepal (ASF) and CRS Nepal revealed that locals in Gatlang are positive about the conservation and importance of their heritage architecture in terms of uniqueness, recovery, tourism and identity.

KEY HIGHLIGHTS

- I. **Nepal send relief materials to Turkey earthquake victims**
- II. **Nepal national training on digital technologies in disaster management**
- III. **Consultation on inclusive insurance and risk financing**

NATIONAL UPDATES

Detailed damage assessment in Achham district in response to Doti earthquake

In response to the Doti earthquake, the technical team is involved in conducting Detailed Damage Assessment (DDA) in Achham district from the second week of January 2023. Interaction meetings were conducted by involving local representatives, technical and other concerned staff in all affected local bodies. These coordination-oriented interaction meetings mainly focused on DDA planning and way forward. A total of 23 surveyors are involved in the assessment who provided household identification numbers (nissa) to the surveyed households. Assessment of three building blocks of Armed Police Force (APF) 49

Khaptad Company in Sanfebagar, Achham district were also completed along with other government buildings as per on the request basis.

The assessment team conducts debriefing meetings after completion of surveys in each affected palikas. The assessment has conducted surveys of more than 5,000 affected households covering all affected ten local bodies of Achham. DDA in Achham district came to an end on 28th February 2023. In leadership of NDRRMA, the DDA is technically supported by KIRDARC, CRS Nepal, ActionAid and NHSRP. For more information, contact: Mr. Rabin Chaulagain, National Technical Coordinator, NHSRP, email: rabin.chaulagain@hrrpnepal.org

Nepal send relief materials to Turkey earthquake victims

The Government of Nepal has sent essential relief materials to the Turkish Government following a 7.8M earthquake that hit Turkey and Syria on 6th February 2023 that has taken several thousand lives. According to the Ministry of Foreign Affairs (MoFA), Nepal sent more than 22 tons of relief materials including medicines, medical equipment, warm clothes, and other basic essential materials for the earthquake affected people of Turkey through the Turkish Airlines.

During a program at Tribhuvan International Airport on 13th February 2023, Joint Secretary and Spokesperson, Ms. Sewa Lamsal of the MoFA, handed over the relief materials to the General Manager of Turkish Airlines, Mr. Serkan Basar. Chief Executive of NDRRMA, Mr. Anil Pokharel expressed the immense pride and satisfaction to send the relief materials to the Turkish Government, collected through initiatives of various government agencies including the Authority and with the help of associations and organizations working in the humanitarian sector and the private sector. Nepal national training on digital technologies in disaster management

A three-day training on 'Digital Technologies in Disaster Management' has been completed that were organized from 7-9th

February 2023 in Kathmandu Nepal. The Ministry of Home Affairs (MoHA), NDRRMA, Ministry of Federal Affairs and General Administration (MoFAGA), Ministry of Physical Infrastructure and Transport (MoPIT), Ministry of Urban Development (MoUD) as well as the representatives of concerned bodies including Department of Water and Meteorology, Department of Mines and Geology, Department of Environment participated in the training.

The main purpose of this training program was to improve the capabilities of government officials from ministries and departments responsible for disaster risk management in Nepal. Asia Pacific Training Center for Information Communication and Technology (APCICT), in partnership with the NDRRMA and in collaboration with the Geoinformatics

Center/Asian Institute of Technology and ITC-University of Twente, hold this training event. During the training, subject experts from various universities gave presentations on the effectiveness and challenges of using digital technologies in disaster management. Risk assessment during this process, mitigation and prevention, disaster preparedness and other issues were also exchanged between each other. [Read more: Nepal national training on digital technologies in disaster management](#)

Consultation on inclusive insurance and risk financing

A 'Multi-stakeholder Consultation on Inclusive Insurance and Risk Finance' organized by UNDP Nepal on 7 February 2023. The program was attended by invited representatives from government ministries, sectoral line agencies, insurance companies, and development partners, who provided insights on the pressing need to promote inclusive

insurance and risk financing in Nepal. Recurring disasters threaten the country's progress towards achieving the Sustainable Development Goals (SDGs).

The workshop aimed to explore ways of linking insurance with resilience-building measures and the policies introduced by the Government of Nepal to protect low-income and

vulnerable households and achieve the SDGs. The input from the workshop will feed into the inclusive insurance and risk finance diagnostic study that UNDP is conducting in Nepal. The diagnostic report will articulate the insurance supply side, a picture of the demand side, the gaps and opportunities in the enabling environment and the financial capacity of the insurance industry in Nepal. [Read in detail: Uncertain times, unsettled lives: can insurance protect us from disasters?](#)

PARTNERS' UPDATES

Workshop on Risk Agreement for Khokana

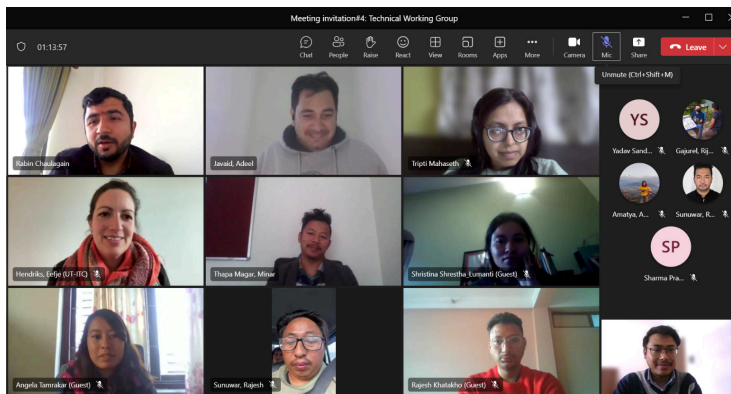

With risk-informed planning being at the forefront of the process, discussion among different stakeholders in the city was held to agree amongst the envisioned future scenarios. NSET coordinated and facilitated the "Workshop on Risk Agreement for Khokana" in Kathmandu on 17-18 February 2023. In the workshop, through a series of discussions and sharing, different stakeholders from disaggregated groups were able to envision the future scenarios regarding

disaster risk. The model building guidelines and detailing booklets for new residential buildings at Khokana, Ward no 21, Lalitpur Metropolitan City (Lalitpur district) were also unveiled during this resourceful workshop. [Read more: news link](#)

Technical working group meeting on Flood Resilient Housing Solutions

On Feb 24th, 2023, Flood Resilient Housing Solutions Technical Working Group (TWG) meeting #4 took place virtually. It consisted of representatives of various partner organizations working in Nepal, India and the Netherlands; practitioners, academicians and researchers. Participants discussed the draft ToR of the working group along with its 2-pager introduction and on developing a roadmap of TWG. Key priorities set for upcoming weeks of TWG are – i) deciding activities of TWG for upcoming months; ii) meeting with government officials to align TWG activities with Government of Nepal priorities; iii) requesting a dedicated contact point from NDRRMA and MoUD; iv) understanding gaps and coverage of reconstructed households affected by floods in various provinces. For more information, contact: Mr. Rupesh Shrestha, Technical Coordinator - Flood Resilient Housing Solutions, Email: rupesh.shrestha@crs.org

BIPAD Portal Localization training conducted in Karnali Province

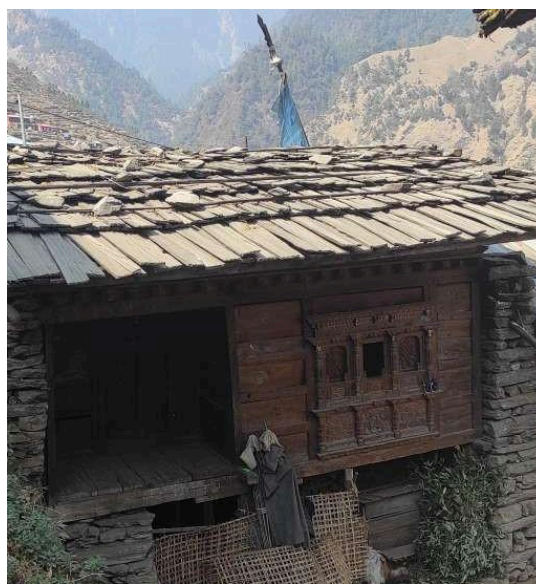

A three-day “Technical training on the BIPAD Portal Localization” completed in Surkhet, Karnali Province from 23-25 February 2023. Participants from 10 rural municipalities, including DRR focal persons, IT personnel, staff from Emergency Operation Centers as well as the local disaster management committees from Karnali Province actively attended the event. Executive Director of Youth Innovation Lab (YI-L) Mr. Pradip Khatiwada conducted a hands-on session describing five sections of the risk info module and using data for risk-informed planning and decision-making. Participants were engrossed in participatory exercise for understanding terminologies of disaster. Chief Executive of NDRRMA, Mr. Anil Pokhrel addressed the closing program of the training emphasizing on the importance of data and BIPAD Portal on decision making. The training was coordinated and organized by NDRRMA and Mercy Corps Nepal and facilitated by YI-L. For more

information, contact Mr. Pradip Khatiwada, Executive Director, YI-L. Email: pradip@youthinnovationlab.org

Documentation research of endangered wooden architecture in Rasuwa

Documentation of Himalayan wooden architecture in Tamang Heritage trail of Nepal has been envisioned through Endangered Wooden Architecture Program (EWAP). This project aims to document the detailed traditional wooden architecture of houses along the Tamang Heritage Trail, with a primary focus on the village of Gatlang, Rasuwa district. Field visits were conducted in Gatlang, Rasuwa district in mid-February 2023. The focus of the field research visit was to conduct focused group discussions with the communities and take photogrammetry 3D images of the existing wooden architectures in Gatlang. CRS Nepal undertook the role of Host Institution for the "Consortium of CRS Nepal, Architecture Sans Frontières Nepal (ASF), and the National School of Architecture of Grenoble (France)" to implement this short research project in Nepal under Oxford Brookes University funding in which NHSRP provided technical support.

This is very important research required in Nepal after the post-earthquake reconstruction program. The project will build on research by ASF Nepal and Architecture, Environment & Culture Constructives (AE&CC)- CRAtterre to involve inhabitants, artisans, and communities in its documentation of the technical elements of this built heritage and the local cultural knowledge and practices that shaped it. The research documentation will aid in the support of conservation projects. For detailed information on EWAP, contact: Ms. Reshma Shrestha, Project Manager -Baliyo Ghar Baliyo Sahar, CRS Nepal. Email: reshma.shrestha@crs.org

NHSRP's PROVINCIAL ENGAGEMENTS

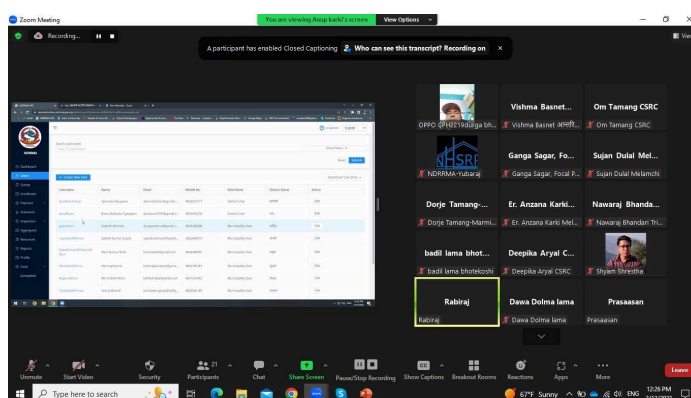

UPDATES FROM BAGMATI

Technical support for DRRM system effectiveness

NHSRP Bagmati province team provided technical support to conduct one-day orientation on the “NDRRMA’s Monsoon/Fire Induced Disaster Affected Private Housing Reconstruction and Rehabilitation Grant Disbursement Procedures and RMIS System’ for local bodies of Sindhuli district (16 Feb) and to Manahari RM, Makwanpur district (9 Feb). The program was attended mainly by Chief Administrative Officer, IT personnel, Disaster Focal Persons, and Technical Officers (Engineers, Sub-Engineers, and Assistant Sub-Engineers). Participants received hands-on practical sessions creating surveyor user IDs, using the NDRRMA Kobo Collect mobile app along with verifying and approving the procedure of beneficiary survey data on the NDRRMA MIS.

Similarly, virtual training on inspection were conducted for all local levels of Sindhupalchowk in coordination with CSRC. One-to-one information management support to MIS/IT personnel of Rakshirang RM. [Read detailed updates.](#)

UPDATES FROM GANDAKI

Technical support for DRRM system effectiveness

In coordination with DAO Parbat, an ‘Orientation on NDRRMA Monsoon/Fire Induced Disaster Affected Private Housing Reconstruction Grant Disbursement Guideline’ and ‘RMIS Refresher Training’ were organized on 9 February. The NHSRP

Gandaki team shared key insights from reconstruction guidelines and features of RMIS along with overall inputs on knowledge, skills and data management advances on reconstruction of houses affected by disaster. Similarly, a two-days 'Orientation focusing on the BIPAD Portal localization and the NDRRMA-RMIS' was conducted in coordination with Vyas Municipality from 23-24 February.

Additionally, the NHSRP team provided support for conducting a preliminary Geo-hazard assessment in Vyas municipality at the special request from municipal officials. [Read detailed updates](#)

UPDATES FROM LUMBINI

Technical coordination and capacity strengthening in pilot municipality

In line with the NHSRP mandate to lead technical coordination and capacity strengthening for DRRM, Memorandum of Understanding (MoU) was signed between NHSRP and Resunga Municipality, Gulmi district on 20 February. The MoU assures to provide technical assistance to local bodies by NHSRP in various sectors such as to ensure strong knowledge sharing of NDRRMA RMIS, BIPAD Portal etc and provide guidance support effectively to use the system.

Technical assistance extended for DRRM system excellence

A two-day BIPAD Portal Localization training was organized by Caritas Nepal with the technical support and facilitation by the NHSRP Province team at Palpa district from 9-10 February 2023. The representatives from DAO Palpa, Tansen Municipality, Ribdhikot RM, Bagnaskali RM along with district based three security units participated in the program. The training covered basic overview of the portal and showcased its relevance in DRRM for data driven decision making.

NHSRP as a technical lead on Shelter/CCCM contingency planning of Lumbini province actively supported the Ministry of Internal Affairs, Law and Cooperatives in the 'Consultative Workshop on Lumbini Province Contingency Planning' organized in Lamahi, Dang on 22 February.

Along with this, one-day orientation on 'NDRRMA's Reconstruction Guideline and RMIS' was conducted in Duduwa RM, Banke district on 24 February. The NHSRP team also accompanied a joint monitoring visit in Chandrakot RM with DAO Gulmi for field verification on 19 February, where one of the beneficiaries was confirmed to be converted from reconstruction to retrofitting.

[Read detailed updates.](#)

UPDATES FROM PROVINCE 1

Strengthening capacities for government system effectiveness on DRRM

One day Orientation on "NDRRMA's Reconstruction Guideline, RMIS and BIPAD Portal localization" was successfully organized at five districts of Province 1,

which was organized at DAO Sankhuwasabha (8 Feb), DAO Bhojpur (Feb 9), DAO Panchthar (2 Feb), DAO Khotang (22 Feb) and Solukhumbu (20 Feb). The orientation covered the complete process from creating NDRRMA Kobo Collect User ID to tranche distribution. The orientation was attended actively by DRR focal person, MIS/IT personnel and technical staff mainly from the majority of local bodies of respective districts, along with some DAO staff.

In the meantime, the Province 1 team also provided technical support at the spot to surveyors of Diktel Rupakot Majhuwagadhi Municipality in collecting data using NDRRMA Kobo Collect App of the fire incident that happened to completely destroy 3 households in Jhisepu village, Ward no. 3. The team has also

briefed the beneficiaries on the NDRRMA's Reconstruction Guidelines and its measures to access the housing reconstruction grant.

Technical coordination and capacity strengthening in pilot municipality

In line with the NHSRP mandate to lead technical coordination and capacity strengthening for DRRM, Memorandum of Understanding (MoU) was signed on 27 February 2023 between NHSRP and Dharan Sub

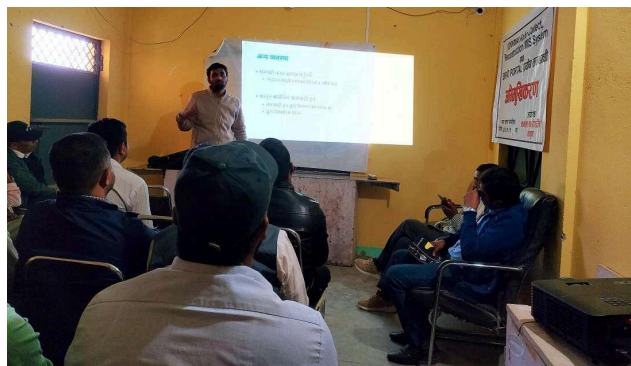

Metropolitan City in presence of Chief Administrative Officer, Mr. Uddhav Prasad Rijal. The MoU assures to provide technical assistance to local bodies by NHSRP in various sectors such as to ensure strong knowledge sharing of NDRRMA RMIS, BIPAD Portal etc and provide guidance support effectively to use the system. [Read detailed updates.](#)

UPDATES FROM MADHESH

Technical support for DRRM system effectiveness

One-day orientation on “NDRRMA’s Reconstruction Guideline, RMIS and BIPAD Portal localization” was successfully organized in coordination with Ganeshman Charnath Municipality (9 Feb) and Kamala Municipality (23 Feb) of Dhanusha district. The program was attended mainly by elected local heads, DRR Focal Person, IT Officer, Technicals and Ward Chairperson. The DRR Focal Person assured to start the survey of households affected by monsoon-fire induced disasters. NHSRP Madhesh Province team facilitated the orientation and shared key highlights from the Guidelines and RMIS procedures. [Read detailed updates.](#)

UPDATES FROM KARNALI

NHSRP extends engagements in Karnali Province

The NHSRP team conducted a coordination meeting with the Minister of Internal Affairs and Law (MoIAL) Karnali Province, Mr. Krishna Bahadur G.C. in Surkhet on 12 February 2023. NHSRP has extended its involvement in Karnali Province in joint collaboration with People in Need (PIN). During the discussion, NHSRP shared vision, goals and the activities of technical support planned at provincial, district & municipal level in Karnali areas. [Read detailed updates.](#)

KNOWLEDGE SHARING FORUMS

****Nepal Shelter, Housing and Settlement Forum (NSHF) happening in 25 -26 April 2023.****

Mark your calendar!

Nepal Shelter, Housing and Settlement Forum (NSHF) is the result of our joint commitment towards building a disaster resilient nation by 2030. This annual national forum offers an effective learning platform for shelter, housing, settlements and DRR stakeholders to network, and share practices, challenges, lessons and experience.

We are looking forward to meet in this interesting platform.

****Nepal Shelter Housing and Settlements Forum****

The first Nepal Shelter Housing and Settlements Forum is planned to be held in the **third week of April 2023**.

This survey form is to capture your ideas and recommendations to incorporate in the forum plan - to show your interest in the session topics OR share your own preferred session topics. Please fill in the survey from the link below: <https://forms.gle/Li72vuPevnn1qqp89>

****1st GeoMandu 2023: An International Conference Series of Nepal Geotechnical Society****

The Ministry of Education, Science and Technology is leading to organize '1st GeoMandu 2023: An International Conference Series of Nepal Geotechnical Society', together with Nepal Geotechnical Society. The conference will be held on

16-17 March 2023 at Radisson Hotel, Lazimpat, Kathmandu, on the theme of 'Geohazards and Geo-Infra Disasters.' Visit GeoMandu Website: <https://geomandu.ngeotechs.org/>

****Call for Students: Research Challenges****

👉 Are you searching for an urgent and highly relevant topic for your bachelor or master thesis and do you seek guidance by a highly experienced humanitarian and academic team?

👉 Select your favourite challenge and join us! 🇳🇵

- Learn about flood resistance from vernacular architecture!
- Explore scientific consensus of flood-resistant building codes and key-messages
- Seek ways to co-create flood-resistant designs with communities at risk
- Assess multi-hazard loss and damage
- Assess vulnerability of flood-prone settlements
