

This district profile outlines the current activities by partner organisations (POs) in post-earthquake recovery and reconstruction. It is based on 4W and secondary data collected from POs on their recent activities pertaining to housing sector. Further, it captures a wide range of planned, ongoing and completed activities within the HRRP framework. For additional information, please refer to the HRRP dashboard.

FACTS AND FIGURES

Population: 381,937¹

75 VDCs and 5 municipalities

Damage Status - Private Structures

Damage Grade (3-5)	77,963
Damage Grade (1-2)	20,056
Total	98,019²

Type of housing walls Kavrepalanchok National

Mud-bonded bricks/stone	82%	41%
Cement-bonded bricks/stone	14%	29%
Other	4%	30%
% of households who own their housing unit	91%	85% (Census 2011) ¹

NEWS & UPDATES

- 1,260 houses are being constructed in the district with assistance from DLPIU engineers and 90 houses have been constructed without any support from the engineers.
- Orientation on Inspection SOP for POs was conducted on 3 Jan. Questions were raised about the availability of compliance on the age limit of filled sites for construction of housing. The Inspection SOP and building codes do not provide any specifications on this. Instead, no filled areas are habitable and houses on such sites will not comply for the housing grant.
- In some areas VDCs are on steep slopes, of greater than 20 degrees, and have been found to be safe for reconstruction. As the building codes state that land with a slope of 20 degrees is not suitable for construction, it was not clear how this could be managed during inspection.
- In some areas, road expansion is affecting eligible households as their land is being reduced. Also the certification of completed houses is different for the reconstruction grant and the case of road widening. As a result, conflicts may arise in certification according to the Inspection Process and the Municipal Process for road widening.

SUMMARY AND HIGHLIGHTS³

SHORT TRAINING

1,830 / 3,377

VOCATIONAL TRAINING (Targets Achieved)

203 / 7,297

Reached Remaining

12 Demonstration Constructions in 9 VDCs

Helpdesk/Technical support center in 2 VDCs, covering 6 wards

5 VDCs with Household WASH Assistance

60,721 beneficiaries enrolled, 90%

59,751 beneficiaries received the 1st Tranche, 88%⁴

1,611 households provided with Housing Grants by POs

94 houses constructing directly through contractors

KEY CONTACTS

0 VDC with all 6 TA Activities

37 VDCs with no TA

35 VDCs with no TA and more than 60% damage

The coverage of Technical Assistance (TA) is defined according to the presence (planned and on-going) of the following 6 activities and the VDCs highlighted suggest the summation of the activities presented:

- a. Community/household orientation with more than 1 session
- b. Continuous Door to door technical assistance (Mobile Technical Support)
- c. Short training for Masons (Target achieved)
- d. Vocation/on the job training for masons (Target achieved)
- e. Helpdesk/Technical Support Center
- f. Demonstration construction

Disclaimer:

The highlighted VDCs indicate that at least one of the aforementioned activities is being conducted/planned by partner organizations, irrespective of the methodology or household level coverage of the activity. For activity c and d, it is highlighted when there are more than 70% of masons trained according to the targets defined by NRA and field surveys.
