1. Present and future roles of the CSG

Mr Arshad Rashid sharing the meeting with CEO, NRA on 8th March 2016 proposed CSG to think upon the present and future roles of CSG to better meet the expectation of NRA from HRRP as well as to adhere and comply with the speed of NRA with Dolakha pilot project (*damage assessment completed, Enrolment being rolled out and Housing Grant being disbursed*) also meeting the dire need of assistance at the ground for handholding of people

- The membership of CSG to be kept stagnant as it best meets the demand of representation from all relevant sectors- Donor agencies, national and international organizations. Yet, for maintaining consistency in the participants representing the organization at the most, organizations to nominate the first and second chair for that of CSG meeting

- Existing TOR of CSG formulated under DUDBC, when NRA not on board. Since NRA on board and Reconstruction Policy on ground, the TOR demands revision for better meeting the expectation of NRA to expedite the process. A small group to be formed amongst CSG members for this and revised TOR to be presented in CSG forum, to be presented to NRA after finalization

- CSG assumed to review the policy documents and recommend to SAG, SAG for strategic guidance and support to Government, CSG not in decision making loop. Thus, CSG to review the analysis of 4W *in the form of maps, district profile, interactive dash*

board etc exploring the strength and gaps for fine tuning of the documents making them comprehensive, coherent and applicable for supporting policy making and coordination.

2. HRRP's official and collective communications and positions on Nepal's reconstruction policy and programme

3. Enrollment (SOP)

- The Executive summary of Enrollment (SOP) – pre, during and post enrollment process presented
- MOU and Enrollment (SOP) to be circulated to CSG members and the decision to be taken accordingly in next CSG meeting to intervene the process and best fits the role of HRRP in Enrollment

4. AOB
