Introduction	
The fourth General Meeting of HRRP chaired by Mr Rabi Shah- DDG, DUDBC was held in the Conference Hall of DUDBC office, BabarMahal, Kathmandu on 18th February 2016. The meeting had Ms Jennifer Duyne, Team Leader- HRRP welcoming all the participants and preceding the meeting with the agenda. The meeting was hugely participated by different agencies working in reconstruction.	
Update on DUDBC/NRA	Mr. Rabi Shah- DDG, DUDBC
▪ NRA to launch Resource Centre in Singati Municipality of Dolakha district scheduled on 25th February 2016 (date may be fluctuated) ▪ Preliminary work going on – site visits, resource mapping , request made to POs to assist on some infrastructure ▪ Call for assistance for other reconstruction process being rolled out- enrollment process, housing grant disbursement ▪ <i>HRRP requested to coordinate the interested POs</i>	
Update on HRRP activities	Jennifer Duyne / Maria Moita
▪ Launch of Technical Working Group on Training on Social Mobilization ▪ Much need of Trainings for Social Mobilisers to assist the reconstruction process ▪ Practical orientation or training of Social Mobilizers- the instant need to carry on with the preliminaries of reconstruction process at the ground and handholding of community throughout the process ▪ Technical Working Group on Communication drafted Communication Strategy for NRA in final stage ▪ Consultation with NRA and POs for additional Technical Working Group for Technical Guidance on land and resettlement, ,top up policy for vulnerable HHs	
Field visit to Dolakha, meeting with NRA on mission, POs, community and relevant local authorities	
▪ POs' presence in the ground with important preparatory works, clearly reflected in the peoples' understanding about BBS, model house construction and other foundation works ▪ CEO overwhelmed by the number of masons trained at VDC level ▪ POs committing to support the reconstruction process, enrollment process presently	

Housing Recovery and Reconstruction Platform - HRRP, Nepal

Meeting Minutes

- NRA acknowledging the existing strong capacities at the ground showed concern for the mechanism or means to consolidate/ integrate these efforts
- Technical working Group at local level, reconsidering whole TWG approach to link local level to higher level
- Thinking beyond the scope of Housing Platform, consultation with NRA and DUDBC to make this platform much effective

Urgent pick up for Technical Team

- Repairing of partially damaged houses(G3, G4)
- Damage documentation and create capacity to access those houses taking environmental and cultural aspects under consideration
- Support damage houses with repairing, renovation and retrofitting, people in need of proper guidance and support
- Advocacy for building the new construction on the foundation of old houses so as to save money and resources
- Design Catalogues of DUDBC for reference, House owners can have their own design, POs to build model house of design adopted local housing culture and affordability
- IEC materials used in housing to cover the costing at different level also so as to assist the peoples' planning

People seek being guided technically by the government and POs rather than being controlled

NRA's request to POs for support

- Reconstruction policy framework including eligibility criteria for beneficiaries, SOP for enrolment to be published soon
- HRRP Technical Assistance team requested to provide support on communication, social mobilization, training, technical standards and mobilizing POs
- Enrollment process being streamlined, about to announce beneficiary list
- POs expected to assist for ground preparation for enrollment camps - help people managing mandatory documents- filled forms, photographs, land certificate, organize transportation for vulnerable
- SM the most appropriate to assist the operational process and can make incredible difference by handholding/ guiding people throughout the process

Actual human resource mapping (number of masons, technicians, Social Mobilisers) in the ground level- VDC for assisting Reconstruction process is the urgent need apart from 4W, POs to be approached for this

Progress on TWG on Social Mobilization

Usha Maskey ,Social Mobilization Specialist

- TWG launched following a **thematic meeting** held at HRRP office on 12th February 2016
- **TWG members:** Build Change, Hands International, IFRC, GIZ, Minergy, Lumanti, Handicap International, UNV, HRRP
- **3 Training modules** for social mobilizers proposed
- TOR for SM drafted on 14th February 2016 and finalized the contents and topics of each modules

Expected outputs

- Training session plan with related IEC materials for social mobilizers
- Guidebook in A5 size per social mobilizers

Requested support from POs

- Sharing of training and IEC materials

Housing Recovery and Reconstruction Platform - HRRP, Nepal

Meeting Minutes

○ Resources for developing other IEC materials (e.g. sketchers, financial support for printing IEC materials and guide book) ○ Pilot testing of training material	
Progress on 4W	Jennifer Duyne
▪ 48 POs updated ▪ Discrepancy in the number working at the ground and reporting <i>Requested POs for reporting the activities for 4W so as to get the actual picture of reconstruction effort at ground level helping in effective planning</i> ▪ POs with masons training – 35 POs (completed or planned of training not clear) ▪ Model houses constructed and planned- 13 POs ▪ Mobile Technical Support- 7 POs	
PO information Sharing Modality	Gaurab Pradhan- National Information Management Assistant
▪ IM collecting information at the district level in coordination with POs, district level data submitted at national level which after processing and analyzing sent to District level and POs for verification ▪ Interactive dash board to be maintained at website, also district profiles ▪ Encourage POs to submit 4W to district HRRP team in relevant district	
Other Updates	Laura Chapman, DRR Advisor- USAID
▪ Nadeem Ahmad, Earthquake Reconstruction and Rehabilitation Authority (ERRA) of Pakistan on visit to Nepal ▪ Suggested for NRA Structuring and streamlining Reconstruction activities ▪ Meeting with the Head of relevant Agencies and donors scheduled on 19th February 2016 ▪ NRA much appreciative about the technical inputs	
Queries and Responses	
▪ Difference between Technical Working Group and PO Thematic Forum and linkage mechanism between TWG and PO Forum and TWG and GM ➤ <i>Technical Working Group is a group working on specific issue for specific output</i> <i>PO Thematic Forum is a platform for knowledge and experience sharing on particular issue</i> <i>POs Thematic Forum ➡ Technical Working Groups ➡ General Meeting</i> ▪ Mechanism of 4W data collection system ➤ <i>District level HRRP (District Coordinator and Information Managers) on board. HRRP to streamline communication to provide updates. HRRP profile to be shared shortly</i> ▪ Besides Design Catalogue, information regarding cost of different level of houses to be done to support planning process, possible coordination mechanism ➤ <i>Owner Driven construction is people process, POs and government is to provide guidance, supporting not monitoring</i> <i>Besides catalogue, basic guidelines to be developed</i> ▪ Contradiction in the design of the houses chosen by House owner and that of DUDBC ➤ <i>NRA is loud and clear- the technology is the one that matters not the design</i> ▪ Main space requirement for one room to be defined ➤ <i>TAG to catch up</i>	
PO Forum	
Linking Masons' training with the construction of model houses	Bal Mukunda Neupane, TEVT Coordinator- HELVATAS
Employment Fund : Skills for Reconstruction (EF-SR)	

Housing Recovery and Reconstruction Platform - HRRP, Nepal

Meeting Minutes

▪ Background ▪ Key Features ▪ Training Modality ▪ Training Manuals and Participants' Handbook ▪ Progress Update ▪ Some Learning and Challenges	
Build Back Safer Housing Training	Amit Timilsena, JICA(TPIS- ERP)
▪ Training in 2 districts ▪ Gorkha- 24 VDCs and Sindhupalchowk 20 VDCs and 2 Municipalities ▪ 5 Days DUDBC Curriculum and 2 days JICA session ▪ Selection of masons locally- VDC Secretary to Ward Citizen Forum collecting the list of interested people for mason training ▪ POs to facilitate the selection process by interviewing ▪ 30-35 masons selected in each VDC inclusive of all wards ▪ Training opt not only lecture but practical approach ▪ Manuals developed for masons ▪ Training to House owners as well Maskot Demonstration for awareness ▪ Mobile orientation to be completed in Barpak of Gorkha by end of February ▪ Plan for Resource Centre in 5 clusters- 2 in Gorkha and 3 in Sindhupalchowk, approval from government, flexibility in size in accordance to site	
Queries and Responses	
▪ Demo Houses handed over ➤ <i>To the masons themselves basically</i> ▪ Total Cost of Construction ➤ <i>\$9000 for Demo House Construction- 11'*11' of HELVATAS</i> <i>But the price varies in accordance to accessibility to road, market, use of materials, availability of resources</i> ▪ Coordination mechanism ➤ <i>Coordination channelized through local government authorities</i>	
Information Sharing	
▪ The General Meeting of HRRP to be held on monthly basis now onwards ▪ Thematically focused meeting with Technical Working Groups to be held regularly, status and progress (outputs) of Technical Working Groups to be shared in General Meeting ▪ Network of Technical Working Groups to be created for exchange of ground information and way forward	
Next Meeting and Agendas for Discussion	
Date: 17th March 2016 Time: TBD Venue: TBD
