NATIONAL UPDATES

Bajura earthquake leaves 42 families displaced

A 5.9 magnitude earthquake with epicenter in Mela of Bajura district, Sudurpaschim province jolted west Nepal on Tuesday afternoon of 24th January 2023. A total of 42 families have been displaced as reported by the District Police Office. According to the reports, 12 families from Himali Rural Municipality and 15 each from Gaumul Rural Municipality and Badimalika Municipality were displaced due to the earthquake. The reports claimed that around 400 houses were damaged; many houses have suffered partial damage with cracks, broken walls while others have been completely damaged. Some government buildings in the district have developed cracks due to the earthquake. The mud and stone houses have cracked and are unfit for accommodation.

Area Police Office and police posts are sent to villages to collect the details of the damages caused by the earthquake. The Bajura earthquake claimed the life of one person from Gaumul Rural Municipality who was hit on head by stone and died.

Meanwhile, after the earthquake hit Bajura, work of collecting preliminary details of damage in Bajura has started. A team including geological engineers assigned by the NDRRMA is collecting the details of the damage in affected local bodies of Bajura.

Call for Partners: MoHA and NDRRMA organized the meeting to appeal for support from I/NGOs for Doti and Bajura earthquake response to reach all affected populations and post-earthquake socio-technical support for housing reconstruction and recovery. NDRRMA shared the Government plan and expressed their gratitude for partners' support.

If you require more information, please feel free to contact Mr. Rijan Gajurel, rijan.gajurel@hrrpnepal.org; 9851114937

25th National Earthquake Safety Day observed with slogan 'Earthquake resilient infrastructure for safer lives'

Earthquake safety exhibition were successfully organized at Kamal Pokhari, Kathmandu as a part of the regular plan to celebrate the 25th National Earthquake Safety Day (ESD) on 17th January 2023. Kathmandu Metropolitan City (KMC) took responsibility for the main celebration dissemination committee for this year. Every year, National ESD is observed on

Magh 2nd in the Nepali calendar in commemoration of the 1934 deadly earthquake in Nepal. This year, the government observed this Day with the theme of 'Earthquake Safe Infrastructure, Basis of Safe Life' this year. In the exhibition, various organizations involved in the Disaster Risk Reduction and Management (DRRM) sector showcased their activities and efforts with a view to raise public awareness.

Programmes related to spreading awareness about earthquake and disaster risk reduction continued in various parts of the country across provinces, districts and local bodies. Several programs of earthquake safety awareness, disaster preparedness dissemination and simulation exercises were organized at provincial level in joint coordination between concerned government agencies and development organizations. Experts in disaster risk reduction and earthquake safe technologies reiterate the need for critical efforts and investments in disaster preparedness, from constructing stronger structures and retrofitting our homes, schools and hospitals to developing a better response mechanism.

Lessons learned sharing event of DRM capacity building of 753 local bodies

On 19th January 2023, in partnership with the USAID, IOM and Government of Nepal (GoN), "Project Completion and Lessons Learned Sharing Event" successfully completed that showcased the key achievements of USAID's PARIWARTAN Project. The activity, implemented by IOM supported the local-level disaster risk reduction and management (DRRM) effectiveness in each of Nepal's seven provinces, while contributing to the GoN's agenda of developing a resilient nation and to the UN's Sustainable Development Goals. The GoN's active engagement and leadership across the federal, provincial and local levels were critical to PARIWARTAN's success and the influence of its work on reducing disaster risks for vulnerable Nepal.

Joint Secretary of the Ministry of Federal Administration and General Affairs, Mr. Rudra Singh Tamang stated, "Through support from USAID's Bureau for Humanitarian Assistance, IOM developed the Disaster Risk Management Localization Manual: An Operational Training Manual for DRM Capacity Building of Local Governments in close coordination with the Government of Nepal and provided training to all 753 rural and urban palikas that reached more than 19,000 government officials", in consortium with the NSET, Practical Action

Consulting, and Lutheran World Federation.” For detail news: [DRM Manual Localization Training](#)

Detail Damage Assessment of Doti earthquake

In response to Doti earthquake of 6.6 magnitude that struck Doti district in the far western part of Nepal on 9th November 2022 and damaged scores of houses and sparked panic among the affected people, NDRRMA started conducting Detailed Damage Assessment (DDA) in all majorly affected areas in Doti district from 1st January 2023 onwards. In leadership of NDRRMA partner organizations such as Build Change, NSET and NHSRP provided technical support in DDA and Damage and Loss (DaLa) of Doti earthquake assessment. In the first phase, Nepal Red Cross Society planned to support in building temporary houses for thirty five families severely affected by the Doti earthquake. [Data source](#)

Along with this, NDRRMA also planned and conducted on-the-job (OJT) training of local masons in order to expedite the housing reconstruction in earthquake affected areas. Chief District Officer of Doti, Ms. Kalpana Shrestha handed over the affected household number (nissa) after assessment was conducted in affected households in Ward-2 of Dipayal Silgadhi Municipality. Before conducting DDA, the assessment technical team organized a technical orientation in Doti regarding starting the DDA which was attended by local representatives, DRM focal persons and technicians of all concerned local bodies of Doti district. The program was organized in Dipayal Silgadhi Municipality meeting hall.

Similarly detailed damage assessment is ongoing in Achham district with technical support from KIRDARC, CRS Nepal, ActionAid and NHSRP. NDRRMA's news source: [Doti earthquake assessment](#)

PARTNERS' UPDATES

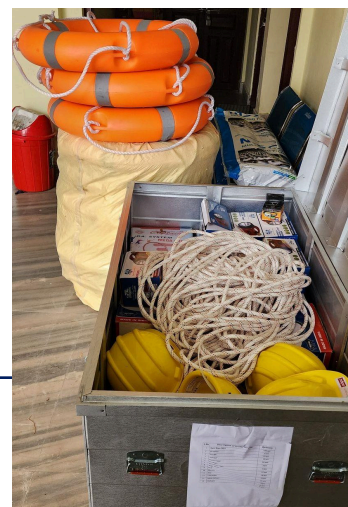

Listening to the targeted communities on disaster risk and preparedness

EU Ambassador to Nepal, Her Excellency Nona Deprez, interacted with officials from Bhotekoshi Rural Municipality on disaster preparedness and governance along with the landslide at-risk communities to understand how communities perceive landslide risks and tracked their preparedness level. With the support of EU Civil Protection & Humanitarian Aid, People in Need Nepal (PIN) has been working in Bhotekoshi and Barhabise since 2020 to increase the resilience of communities in rural hill areas by embedding risk reduction measures for landslides as well as raising awareness and advocating for Anticipatory Action at the local level through #Pratibaddha project.

Light Search and Rescue Equipment handover to local bodies in Chitwan

On the occasion of 25th National ESD, the local governments in Chitwan district, Bagmati Province were supported with professional and institutional capacity building activities by National Disaster Risk Reduction Center- Nepal (NDRC) under the Nepal Preparedness Partnership (NPP) Program promoted by ADPC regional initiative, Asian Preparedness Partnership (APP) in Nepal. All together four local bodies namely, Ratnanagar, Kalika, Khairahani and Rapti Municipalities were

handed over the Light Search and Rescue (LSAR) Equipment as mandated for the Local Emergency Operation Centers for the local governments. Mayors, Deputy- Mayors, Ward Chairpersons, and Department Heads along with representatives from ADPC and NDRC attended the event held on 16-17th January 2023 in Ratnanagar, Kalika, Khairahani, and Rapti Municipalities respectively. Read more: [LSAR equipment distribution-Event Report](#)

Training of teachers on psychological support for children in schools

Two-day capacity building training for teachers on 'Psychosocial support for children in schools during disaster and pandemic situations' conducted successfully in different local levels and municipalities of 7 districts (Parsa Bara, Rautahat, Sarlahi, Dhanusha, Siraha, and Saptari) of Madhesh province from 29 November - 30th December 2022. In total there were 25 events and altogether 668 teachers attended the two-days training. The training was supported by UNICEF and NSET and was facilitated by Transcultural Psychosocial Organization (TPO) Alliance.

Winterization support to Doti earthquake victims

CARE Nepal, in partnership with Purbichauki Rural Municipality, EDC Nepal and NEEDS Nepal, has provided winterization support with warm clothing to 135 families of Purbichauki Rural Municipality, Ward no. 5, Kadamandau in Doti district that were affected by the recent Doti earthquake. Doti district was struck with a magnitude 6.6 earthquake on 8th November 2022 affecting hundreds of local population.

Solutions to revive livelihoods and resilience of flood affected communities

Mercy Corps Nepal supported communities spread across the banks of the Sarda River in Laljhadi, Nepal, which is among the areas that are prone to flooding, which can damage crops and sometimes wash away entire rice paddies. Recent post-monsoon flooding damaged over 100 hectares of land, destroying homes, displacing families and intercepting the agriculture-based livelihoods. In response, Mercy Corps partnered with farmers to grow

sugarcane near the river, which mitigates damage from floods. Mercy Corps provided seeds, fertilizer, training, and connected farmers to nearby sugar processing factories. Community Disaster Risk Management Committees were also established so that farmers can work together on solutions. For more information: [Mercy Corps for flood resilience communities](#)

Materials support to operationalize Local Emergency Operation Center in Lamjung

Input support materials (Search and Rescue, Medical and Electronics) in order to establish and operationalize Local Emergency Operation Center (LEOC) were handed over to project local bodies - Marsyangdi Rural Municipality (30 January), Besisahar Municipality (29 January) and Sundar Bazar Municipality (25 January) in presence of Mayor and Chairperson of Local Disaster Management Committee (LDMC), Ward representatives and municipal staffs. Lamjung Recovery Project (LRP) managed and supported by Catholic Relief Services (CRS) provided these equipment in partnership with Rural Community Development Center (RCDC). Handover of input support materials to establish and operationalize LEOC at Dordi Rural Municipality is planned on 1st February, 2023, while, LRP team is working on the endorsement of Standard Operating Procedures (SOP) for operationalization of LEOCs at 4 project working municipalities through municipal executive committee meetings.

Some of the provided SAR materials includes -shovel, pickaxe, metal bucket, floating ropes, rubber boots, spade, hand saw frames, carpenter hammers chipping bits, pipe wrenches, hydraulic jack, nylon rope, ladder etc, while electronic items includes- multifunctional printer, 43" television, extension cord, megaphone, GPS reader etc and the provided medical items includes - stretcher, first aid kit box, dust mask, ear protection plugs.

NHSRP's PROVINCIAL ENGAGEMENTS

UPDATES FROM BAGMATI

Combined efforts on DRR awareness focussed program

DAO Makwanpur and DUDBC Hetauda office jointly coordinated to organize the 25th Earthquake Safety Day at Bagmati Province,

30 January 2023

Hetauda, Makwanpur on 3rd Magh 2079 (17th January 2023). Various programs such as earthquake awareness safety rally and exhibition followed by simulation exercise successfully conducted to sensitize on disaster preparedness. The NHSRP Bagmati Province team provided technical assistance to coordinate with partner organizations to mark the event.

Similarly, an earthquake awareness safety orientation program was organized at Makwanpurgadhi Rural Municipality, Makwanpur district in order to mark 25th ESD. NHSRP Bagmati Province Team, CRS ReCoVER Project, Lumanti and SAPPROS Nepal jointly facilitated the program. The program was concluded with the closing remarks by Deputy Chairperson of Gaupalika, Ms. Man Kumari Pakhrin Nepali.

Technical assistance for DRRM system effectiveness

On 26th January 2023, in presence of Chief-Makwanpurgadhi Rural Municipality, Mr. Dorje Lama Syangtan, MoU were signed between NHSRP and Makwanpurgadhi Rural Municipality, in line with the NHSRP mandate to lead technical coordination and capacity strengthening for DRRM. The MoU assures to provide technical assistance to local bodies by NHSRP in various sectors such as to ensure strong knowledge sharing of NDRRMA RMIS, BIPAD Portal etc and provide guidance support effectively to use the system.

UPDATES FROM GANDAKI

Technical support on localization of BIPAD Portal training

NDRRMA BIPAD Portal Localization training completed in Gorkha district, organized from 17-19th January 2023. CDO of Gorkha DAO, Mr. Shankarhari Acharya graced the inauguration event and appreciated efforts of

localization approaches and insisted for data accuracy. The participants were from Gorkha DAO, Bhimsen Thapa and Arughat Rural Municipalities who attended the practical sessions thoroughly. The training was organized in coordination with Gorkha DAO and the NHSRP Gandaki Province team provided technical support in sharing the overall inputs on knowledge, skills and data management advances.

Technical assistance for DRRM system effectiveness

In line with the NHSRP mandate to lead technical coordination and capacity strengthening for DRRM, MoU was signed between NHSRP and Vyas Municipality, Tanahu district on 25th January 2023. The MoU assures to provide technical assistance to local bodies by NHSRP in various sectors such as to ensure strong knowledge sharing of NDRRMA RMIS, BIPAD Portal etc and provide guidance support effectively to use the system.

UPDATES FROM LUMBINI

Technical support on localization of BIPAD Portal training

Two-days BIPAD Portal localization training completed for Maharajgunj Municipality, Kapilvastu district, organized from 17 -18th January 2023. Program was successfully accomplished with active participation of 11 technical staff and Ward Chairperson from six different wards. NHSRP Lumbini Province team facilitated technical knows hows along with thorough support on sharing data and information management effectiveness

through the NDRRMA BIPAD Portal. Municipal IT Officer allied together in conducting practical group works. The training was coordinated by Maharajgunj Municipality. The training is expected to support local bodies especially the Ward level for developing disaster resilient communities and build their capacities in disaster preparedness, responses and recovery.

Technical support extended for DRRM system effectiveness

Field monitoring and housing inspection conducted at Malarani Rural Municipality, Arghakanchi district, Lumbini province with DRR Focal Person and Engineer for the release of 2nd and 3rd tranche from NDRRMA's disaster affected private housing reconstruction grant. The NHSRP Lumbini province team provided technical support to the municipal staff in conducting the inspection of the disaster affected private housing reconstruction.

UPDATES FROM PROVINCE 1

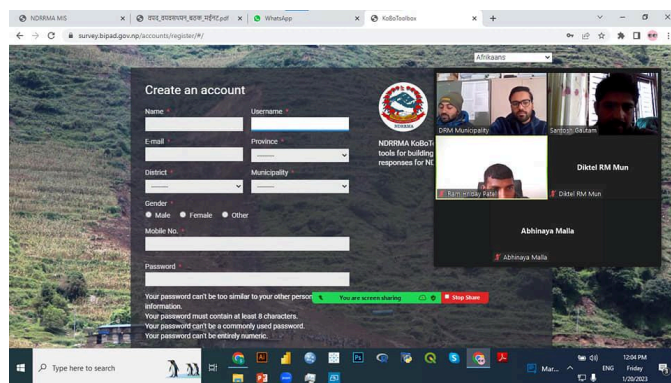

Strengthening capacities for government system effectiveness on DRRM

DAO Dhankuta coordinated and organized "Orientation on Monsoon/Fire Induced Disaster Affected Private Housing Reconstruction and Rehabilitation Grant Disbursement Procedures, NDRRMA RMIS System and Kobo Mobile Apps" on 13 January 2023. The program was attended by representatives from all seven local bodies of Dhankuta. Administrative Officer & Acting CDO of DAO Dhankuta Ms. Mamata Adhikari inaugurated the event.

NHSRP Province 1 team facilitated the presentation on reconstruction guidelines and RMIS system.

Similarly, virtual orientation on NDRRMA's Reconstruction Guideline and RMIS measures was conducted for DRR Focal Person and IT Officer of Diktal Rupakot Majhuwagadhi Municipality,

Khotang district (20th January) and to Salpasilicho Rural Municipality, Bhojpur district (25th January). Orientation covered procedural mechanisms of the Reconstruction Guideline and data entry of disaster affected people on the MIS.

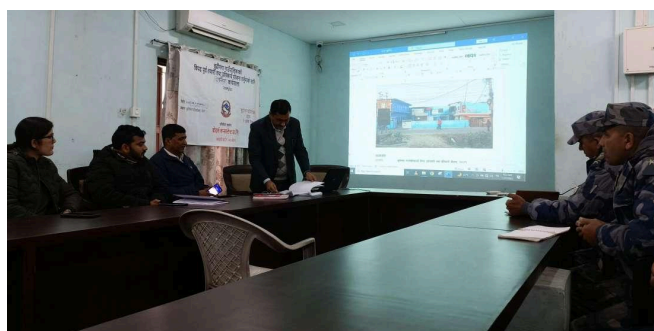

Combined efforts on DRR awareness focused program

NHSRP Province 1 team partly supported the ministry of Internal Affairs and Law (MoIAL) Province 1 to organize a simulation exercise on search and rescue operation for earthquake safety that was conducted at Biratnagar, Morang district on 16th January 2023. The event was organized by the MoIAL in collaboration with security units. The simulation included search and rescue of victims stuck in three different types of housing (masonry, timber and RCC). Moreover, the simulation for the fire hazard (as a secondary hazard caused by earthquake) was conducted and fire extinguishing methods and search and rescue for fire victims was demonstrated. Also, disaster prepositioning equipment was displayed at the simulation venue. NHSRP Province 1 team also provided technical support in compilation of the awareness focused public service announcement DRR videos from NDRRMA's youtube sources and broadcasted it through local media communication sources (social media and tv channels) to mark 25th ESD program.

Technical assistance for DRRM system effectiveness

In line with the NHSRP mandate to lead technical coordination and capacity strengthening for DRRM, MoU with Budhiganga Rural Municipality was signed on 25th January 2023, which is one of the two pilot municipalities of Province 1. The MoU has set ground to support and implement various DRRM activities in the targeted rural municipality such as to ensure strong knowledge sharing of NDRRMA RMIS, BIPAD Portal etc and provide guidance support effectively to use the system.

Following the signing of the MoU, an inception meeting was conducted by Budiganga Rural Municipality on 27th January to brief the municipal executives on the objectives of the MoU and the activities that will be conducted jointly.
