

Housing Recovery and Reconstruction Platform - HRRP, Nepal

Meeting Minutes

HRRP General Meeting		
22/01/2016	3:00 p.m.	DUDBC Hall
Meeting called by:	HRRP	
Type of meeting:	General	
Facilitator:	HRRP	
Note taker:	Reshma Shrestha	
For correspondence:		
Dr. Jennifer Duyne Barenstein: jennifer.duyne@hrrpnepal.org		
Mr. Arshad Rashid: RARASHID@iom.int		
Introduction		
	HRRP	
Update on housing reconstruction policy and program		
	Mr. Rabi Shah, DDG, DUDBC	
▪ Policies/Acts are existing and active, and with NRA established now, recovery and reconstruction will pick up soon which has been announced on 16th Jan 2016, the Earthquake safety day in Nepal. ▪ Many PO's who have signed MoUs have started working and 20,000 housing units have been committed for reconstruction. ▪ According to the MoU signed for trainings a total of 2000 masons will be trained and some are in pipelines. ▪ PO's are requested to share information on housing recovery and reconstruction through the format shared on 31st Dec 2015 which has been re-sent via email to all POs through HRRP. ▪ The housing grant disbursement has gone through some revisions and some changes have been made which includes: - For people who do not have enough resources, community can suggest the government to provide loan. - Provision of solar system to the households. ▪ The Design Catalogue in Nepali has been distributed in each district and at VDC level. Distribution of flex on Housing Catalogue is in process. ▪ 13,000 individual designs and 4,500 Design Catalogue have been printed. PO's who have committed to print the Design Catalogue in Nepali and English are requested to submit the prints to DUDBC which will be distributed to the VDCs.		
Update on NRA and CBS Survey		
	Dr. Chandra Shrestha, Executive Member, NRA	
▪ NRA on board since a week. ▪ The organizational structure of NRA has been approved with all hierarchy completed. The Standing Committee is complete. ▪ Of the four Executive Committee members, remaining one will soon be recruited. Three members covering all the work process which will be re-divided with the recruitment of the fourth member. CEO is responsible for the overall recovery and reconstruction. The work division of the Executive Committee is: - Dr. Chandra Shrestha: Community level Infrastructure and Rural Housing - Dr. Bishnu Bhandari: Livelihood - Mr. Dhruba Raj Sharma: Urban Center and Heritage		

Housing Recovery and Reconstruction Platform - HRRP, Nepal

Meeting Minutes

- Recruitments of HR in process. Additional vacant positions to be filled through new recruitment, seeking youth assistance at the institutional levels.
- Acts and regulations are being revised/drafted for:
 - Overall structure
 - Resource Centers at Illaka level
 - Resource Centers at Local level
- As MoF was working on behalf of NRA, process of hand over and take over is ongoing. A meeting with NPC for the takeover of all the documents and activities will take place soon.
- For the Reconstruction Policy, the draft has been inherited which will be revised the following day by the Executive Committee. Comments will be sought from the POs and donors.
- Standard Operating Procedures (SOP) are being worked on. As everything needs to be perfect, it will be shared with government agencies like DUDBC, DoLIDAR.
- Procedure for Housing Reconstruction Grant to be finalized soon after revision.
- CBS Update: 400 engineers to be mobilized since the following day. Another batch to be deployed soon. Approx. 2000 engineers will be deployed at the district level whereas social enumerators will be from the district itself. The data processing format is being worked on.
- NRA is the authority for all activities related to reconstruction and has to be informed as for monitoring all activities of POs.
- The Implementation modality is Owner Driven Reconstruction. Prefabricated housing will not be accepted.
- Implementation bodies will be: NRA, Seven sub-regional offices (one each for two districts), District Coordination office, Area level resource center, Local level resource center, Mobile team (1 engineer, 1 social mobilizer, 1 mason) in each VDC.
- NRA is in talks with FNCCI for the provision of construction materials close to the resource center.
- The 3 months work program announced on Earthquake day, 16th Jan, 2016.
- Questions raised in collaboration at two levels: the donor and implementation level. A coordination mechanism to be established to avoid duplications between POs.
- A mechanism has to be devised to achieve uniformity in assistance as the guiding principle is- no discrimination at the support level.
- A compensating mechanism will be developed for rural housing in remote areas due to their distance for transportation of building materials.

Dr. Bishnu Bhandari, Executive member, Livelihood, NRA

- Build Back Better as the Reconstruction principle.
- Social dimension of construction are:
 - Respect to local resources, skills, techniques
 - Not working for community but work with community
 - Work with vulnerable groups
- Vision/Concept: PDNA is the master document which will be revisited. All the works will be based on PDNA.
- Objectives:
 - To promote livelihood, restore productive livelihood to create resilient livelihood.
 - To seek a pragmatic way for resilient livelihood.
 - Participatory research would be the fundamental guideline.
 - Directly working with POs and the vulnerable.
 - Empowering women and gender Inclusion the main focus for Social mobilization
- Mission: To help vulnerable return their smile.

Housing Recovery and Reconstruction Platform - HRRP, Nepal

Meeting Minutes
