Note:
This map shows the percentage of masons trained in each wards through the 7-day short training curriculum. The percentages are derived using the total number of masons trained in relation to the targets (mason required per HH) set for each wards. The targets were estimated from a key informant survey conducted by HRRP in Jan 2016 that suggested 1 mason (trained by 7-day curriculum) was required for 13 households. Please note that NRA is yet to provide official target for short training.
