Field Visit Reports

Date:	Location	Participants
Jan 02-03, 2018	Tripurasundari Ga. Pa, Khahare village, Wada number 7.	• Prabin Gautam (HRRP) • Chandrakant Karn (HRRP)
Objective(s)	• To observe the field situation and challenges. • Conduct Palika level meeting. • Issues of landless beneficiaries and relocation hazard-prone area. • Find out the grass root issues in reconstruction of the location.	
Summary	HRRP team members along with Tripurasundari Gaupalika chairperson Mr. Shambhu Kumar Thapa conducted palika level meeting on 2nd January 2018. The meeting was focused on the reconstruction issues of the locality. The chairperson emphasized that many of the houses built at the locality are RCC structured where most of them fall under non-compliance. Thus, they are unable to receive further tranches and had no way forward till now. This issue was addressed by HRRP team by simply suggesting him to forward the forms filled up for structural analysis at DUDBC, Dhading. Furthermore, he pointed out those people who are marginalized and had no support from family to build their own house due to poverty. He mentioned that 3%-4% people fall under this category. Thus, he urged all of the stakeholders to support and develop programs that can facilitate them to build their houses. On 3rd January 2018, field visit to Khahare village, Tripurasundari Ga. Pa. Wada no.: 7 was conducted and identified that this area was at high risk zone of flood after the construction of Budhi-Gandaki hydro power dam. Almost all beneficiaries of Kahare Village have to be migrated to safer land. An instruction has already been given for the beneficiaries to construct temporary shelter due to the reason of flooding after the construction of dam. Only 2 lakhs will be provided by the government for these beneficiaries through 1st and 2nd installments. No further (3rd) tranche will be provided for these beneficiaries. Along with this, a ward level meeting was conducted with ward leader Mr. Mahesh Koirala at Tripurasundari wada no.: 7. He mentioned that the beneficiaries are having issues with the bank regarding receiving of further tranche amounts. On proper answers were received from any of the responsible authorities regarding where the forms have been forwarded or are in process for receiving tranches of beneficiaries. Once he had asked the beneficiary to identify it with NRA to verify that the document has been forwarded to DUDBC, DCC and finally to Ko. Lo. Ni. Ka. No	

clear answer was received from any of these authorities. Thus, he urged HRRP to clarify on this issue and support ward leaders to provide detail information through NRA.

Participants of Tripurasundari Rural Municipality level meeting.

Challenges / Issues Identified	Action Required	Responsible	Timeframe
High number of Non-compliance houses within Tripurasundari Ga. Pa.	Structural analysis of individual house required.	NRA engineer for verification and DUDBC for structural analysis	
Some beneficiaries with below poverty line.	Identification of such people to support them to construct up to plinth level so that they can receive government 2 nd tranche.	Tripurasundari Ga. Pa along with all ward leaders.	
Budhi-Gandaki hydropower Dam affected area.	Resettlement of beneficiaries to safer place after identification of appropriate land.	Beneficiary who are capable can afford themselves. While vulnerable people need assistance from government	

Photos

Name: - Baburam Gauli

Address: - Khahare village, Tripurasundari Ga. Pa. Wada no.: 7

He has been identified as a victim of Budhi-Gandaki hydro project and must move from the place of origin due to flooding of these area because of high dam construction. He is a disabled person with no left leg. He is at an age of 68 years and had only received the first tranche from the government.

The NSET 50 days OJT program has supported Mr. Baburam to build earthquake resistant single storied single roomed house. He is currently living in a temporary wooden house covered with CGI sheet.

Photos

Name: - Govinda Magar

Address: - Khahare village, Tripurasundari Ga. Pa. Wada no.: 7

He migrated from Kaste village, Tripurasundari wada no.: 5 and has built his house recently after 2015 earthquake without the support of NRA engineer. He has received the first tranche only.

Name: - Home Khadka

Address: - Khahare village, Tripurasundari Ga. Pa. Wada no.: 7

The beneficiary used to earn two houses at the same locality under the separate name of wife and husband. While one had stand the 2015 earthquake while other was completely damaged. They have received only first tranche.

Photos

Name: - Rampiyari Khadka

Address: - Khahare village, Tripurasundari Ga. Pa. Wada no.: 7

She has received the first tranche and waiting for the 2nd tranche of government. Her two-storied house was completely damaged by the earthquake and had to lose 4 cattle (cows). She had used the wood and CGI sheets from damaged house to build a temporary shelter.
