## 4. Open Discussion

- Updates from HRRP national meeting. Expected to pilot project for resource centre start from 25<sup>th</sup> February 2016 in Dolakha district. In case the POs willing to provide the grant money, it should be provided through government to keep the one door policy.
- ToR for Resource Centre is under the process of finalization by NRA so POs will have to wait for some more time to get the details on it.
- Training related press release by NRA creating confusion. DUDBC head, Tanka sir directed that those who have already started their work can continue but other POs looking for approval must consult NRA.
- The mason/carpenter trainee database should be managed so that there would be no more cases of the repeated training to the same person. POs requested the HRRP team to prepare a format to keep the database and avoid the duplication.
- There are different issue of duplication in mason training as well as other training so POs were requested to provide the detailed information with name list of the trainees to HRRP team and DUDBC Sindupalchok.
- Most of the trained masons are not getting an opportunity to work so their knowledge is getting drained so they might need refresher training.

- Technical – houses categorized as G3 or above by damage assessment survey will receive the grant
- Social and legal criteria (not clear yet) – the final document will be shared by NRA
