Agendas

1. Welcome and introduction
2. Agency Updates
3. Open discussion
4. Enrollment Support to NRA (Updates from District)
5. AOB
6. Tentative date for next meeting

1. Welcome and Introduction

1.1 Welcome

The HRRP Coordination meeting took place at the DUDBC Meeting Hall, DUDBC Office Kavrepalanchok on 16nd March 2016. The formal meeting started with a brief introduction of every participants followed by an introduction of HRRP and its working mechanism by HRRP District Coordinator Pabitra Basnet. In the next session agency update and open discussion was accomplished. A total of 28 participants representing 19 organizations including government, NGOs, INGOs were present at the HRRP meeting.

1.2 Introduction

This was the third HRRP meeting conducted in Kavrepalanchok district. Its main objective was is to brief the concept of Housing Reconstruction and Recovery Platform on Recovery and Reconstruction Phase. The key issues faced by the POs in the district regarding the Recovery and Reconstruction were discussed and the updates from NRA was also shared by the HRRP DFP Pabitra Basnet.

2. Agency Updates

This was the third meeting of the HRRP in district level at Kavrepalanchok, the agencies were more concerned on NRA and its directions causing complications on their regular and planned activities on Recovery and Reconstruction.

DUDBC Sindupalchok: All the agencies need to follow the instructions by NRA. Those agencies which have already got permit to work and started their work may continue but all other agencies which have asked for the permit is kept in hold until a clear message from the NRA is obtained addressing DUDBC. DUDBC is managing the database of the masons that have already received the training after getting approval from them before the press release by NRA. The POs need to follow the DUDBC new module of at least 7 days training for masons instead of 5 days (previous module) with consent from NRA.

Save the Children: Interested to support in enrollment centres. Long-term plan for livelihood support to the earthquake affected victims.

LWF: DUDBC said it should be at least 7 days, planned training should be allowed to conduct. 7 days compulsion as directed by DUDBC but some POs have already started process and approved from their donors for 5 days curriculum. - LWF donor final approval tender procurement done

Continuation needed how can be continued?

Why POs stopped and orally told to continue but no communication reply on written form. But how to continue working like that?

When will be the presence of NRA in district level?

Habitat for Humanity (HfH): HFHN is implementing the Nepal Earthquake Assistance Program (NEAP) this is the first step in a larger project that can be expanded at a later date upon GoN approval. The goal of the NEAP is to support the NRA in offering enrollment assistance and support, community mobilization (through the implementation of PASSA), support in disseminating the Build Back Safer message to the community, and vocational training in DUDBC curriculum for skilled and unskilled laborers. The Project outline that follows demonstrates our commitment supporting the NRA's enrollment plan, including pre and post-enrollment activities. Habitat for Humanity Nepal is committed to providing the support required by the NRA during the initial phase of implementation the program will fully support NRA Enrollment through physical amenities and staffing support. The vocational training will be implemented following the DUDBC 7 day curriculum. In a later phase after GoN approval and after the grant installment HFHN will assist the communities in their owner driven reconstruction by providing technical support through the set-up of a Housing Service Support Center (HSSC) (similar to a resource center) and through mobile units who provide technical support to the households. HFHN will also provide livelihood training as per need identified through PASSA. HFHN will not construct any houses but will only support the HH as per NRA request.

HFHN hasn't received any approval from District or VDC level but has submitted their plan to NRA on the 4th of March 2016. HFHN would like to know how this approval on district level can be obtained especially since they are willing to undertake enrollment as per NRA request which should start soon. HFHN is planning to undertake a blanket approach in the (old) VDC of Panchkal (Ward 1,2,3,4,5) and would like to receive approval in this regards as soon as possible. HFHN would like HRRP to advice on how these approvals can be obtained.

16 March 2016

Build Change: Preparing for Training Resource centre (Housing Service Centre), developing materials but confused whether to start or not as the approval is pending in DDRC and none of the DDRC, DUDBC or NRA is giving approval to conduct the activities. Applied for VDCs to work but are not sure how and where they can work. The regular work of DUDBC have stopped and NRA also haven't started their work which has created a big gap in Recovery Work. Build change: Interested in enrollment centre. How to start work?

- Home owner awareness programs planned but where can we get the approval from where?
- Planning for Enrollment centre, Resource centre and will be further handed over to government

LDO Kavre: POs should understand that so called DDRC approval (as they mention that they have got approval from government) is not approval but a type of understanding. The POs need to be aware that they need to follow all the procedures as per the government rule. No POs have asked for approval from DDRC, specific area and specific activity only facilitation no technical unit which haven't approval, no approval from DDRC. DDC, LDO said has no NRA connection till now. Till no clear authority and vision they cannot write against anything affecting NRA.

- DDRC cannot standardize
- In Kavre, POs need to get the approval through cluster in initial phase and pass it to DDRC for further appraisal
- DDRC Appraise under national policy and standards. NRA will further make mechanism and authorize the work plans
- POs need to create proposal on the basis of target group based on economic, social, education level, cultural etc. the discrimination should be demolished on the basis of one caste or creed.
- POs should go to remote. Basic principle should be, where the government presence is less there should be more presence of POs.

3. Open Discussion

- ToR for Resource Centre is under the process of finalization by NRA so POs will have to wait for some more time to get the details on it.
- Training related press release by NRA creating confusion. DUDBC head, Asta sir directed that those who have already started their work can continue but other POs looking for approval must consult NRA.
- The mason/carpenter trainee database should be managed so that there would be no more cases of the repeated training to the same person
 - The training for DUDBC manual has been now compulsory for at least 7 days.
- If anyone (Community) want to add up 1 more room in the design??
- LDO sir said if they want more, they can build another...otherwise they might be in problem and there will be malpractice
- Uniformity in construction is needed
 - Designs should be considered taking Future under consideration. Foundation should be made in such a way
 - One of the POs have submitted Letter from DUDBC submitted to NRA. They told to wait for 15 days more.
- Can POs define their own model?

16 March 2016

- (NRA has stopped HHs construction so it may not be possible)
- When will NRA come to district level?
- POs already have approval from DUDBC but they are not allowed to construct. When will they get approval from NRA?
- POs are requested to contact Mr. Chandra Shrestha (Executive Member of NRA looking after Rural Housing) directly to consult on issues related to NRA on his number 9841298970.
- In extreme vulnerable cases, for the reconstruction, NRA should be approached to bring up some plans so that POs can support the very poor and marginalised in direct construction.
- HRRP team should present the presence of POs in different VDCs and map the gap in VDCs (HRRP team will share through DASHBOARD based on 4W submitted by POs)

4. Enrollment Support to NRA (Updates from District)

- Enrollment support to NRA: SOP for Enrollment process released by NRA
- Draft of SOP for Enrollment Support for POs
- NRA Key messages
- NRA Anudan Karyabidi (Draft)
- All documents will be shared by HRRP District Coordinator

5. AOB

5.1 POs are invited to make the presentation on their activities related to Housing Recovery and Reconstruction in coming HRRP meetings.

Action Points

1. All the organization should first consult NRA and should follow its guidelines to provide training. (e.g. Training, social mobilization etc)
2. All the organization should report their update to HRRP team and government on regular basis. While reporting give detailed information like wards instead of VDCs only
3. Mason training rooster created by HRRP DC should be verified through DUDBC and shared with POs at district level and then only shared to national level.
4. Tripod agreement line ministry, NRA and POs should be done before conducting any activity related to recovery and reconstruction
5. All POs are requested to share the documents, photographs and materials related to their activities relevant to HRRP
6. Drafts and materials released by NRA will be forwarded to all the POs by HRRP DC.
7. HRRP DC will directly communicate with the NRA regarding the district level issues faced by government bodies, POs and communities.
