

The Housing Recovery and Reconstruction Platform (HRRP) was established in Jan 2016 to support housing reconstruction and recovery in earthquake-affected areas of 14 most affected districts. Co-led by IOM in partnership with UN-Habitat, HRRP aims to provide a platform for coordination, strategic planning, and technical guidance for agencies involved in longer term housing recovery and reconstruction, and to engage with the Government of Nepal and other key stakeholders to inform the wider housing reconstruction programme. HRRP is funded by Department for International Development - UKAID (DFID - UKAID) and Swiss Agency for Development and Cooperation (SDC).
