

Report on

“Training program for Social Mobilizers’ on Earthquake Safer Reconstruction”

[2017-October-15-17]

Name of Training Program	Training program for Social Mobilizers’ on Earthquake Safer Reconstruction				
Training Venue, Location	New Araniko Hotel & Resort, Chautara, Sindhupalchok				
	GPS				
Date	15-10-2017 to 17-10-2017				
Organizing Partners	1. National Reconstruction Authority (NRA)				
	2. Housing Recovery and Reconstruction Platform (HRRP)				
	3. District Level Project Implementation Unit (DLPIU)				
Type of Training/Program (Tick in appropriate box)	Mason	Engineers	Social Mobilizers	Orientation	Other
			√		
No. of Participants (Mention Types and No. e.g., Engineer, Mason, Carpenter etc.)	Type and No. of Participant				
	Social Mobilizer	Technical person	Field officer	Community Facilitator	Total
	35	0	1	1	37
Geographical Coverage	Sindhupalchok district				
Resource Persons	Coordinator:		Aarju Basnet (HRRP)		
	Team Members:		Laxmi Prasad Bhatta (HRRP)		
			Tulsi Ram Lamichhane (HRRP)		
			Aarju Basnet (HRRP)		
			Manisha Rai (HRRP)		
Guest Speaker	Roshan Kumar Kesari (M&E consultant, Kavrepalanchok and Sindhupalchok)		Email: roshan_1369@yahoo.com Contact No.: 9841640357		

Daily Activities and Observations

Day	Activity	Remarks
1	- Welcome and participants Introduction and Expectation Collection of expectation along with group formation, pre-test and course introduction - Concept of Community development - Community Mobilization and work cycle. - Expanding relation with community, motivation and effective communication. - Preparedness for social mobilization - National Reconstruction Authority (NRA), concept and Reconstruction	The first day of the training focused mainly on the social aspects of the reconstruction. The training program was targeted to the social mobilizers of Partner Organizations who have been working in Sindhupalchowk District. The general overview of the orientation along with its objective and schedule was presented. The total 37 participants were divided in 4 groups.
2	- Grant agreement procedure for reconstruction - Earthquake basis - Non-structural Mitigation and Earthquake preparedness - Appropriate building configuration and structural system of building - Earthquake resistant construction method of masonry building and inspection form	The second day of the training focused on the technical aspect of the reconstruction. Each group has different responsibility such as, report/review of last day, management, entertainment and evaluation. For the group activities, all the participants as divided into groups of 4. Each group was given a topic and 1 hour time for the preparation of the group presentation for the second day of the training.
3	- Earthquake resistant construction method of masonry building and inspection forms - Earthquake resistant construction method of timber structure, mixed structure and inspection form - Quality of material and workmanship - Group presentation - Role and responsibility of the M&E consultant and the District support engineer.	Each group was given 10 minutes of the presentation. The evaluation of the presentation was done based on the group participation, presentation content, time management. M&E Specialist presented on the working modality of MOUD Monitoring and Evaluation Team along with descriptions of roles and responsibilities of the district team in monitoring and evaluation of DLPIU engineers. A brief description of the MOUD-CLPIU reconstruction framework was provided.

Problems, Lessons, Follow-up	
Problems	The participation of social mobilizers was highly demanded as some of POs has problem to select their SM for the training. So that could not include from few POs who informed late.
Lessons	The target group should therefore be clearly mentioned and follow accordingly.
Follow up	- Notice of the training needs to be provided at least two weeks before the program. - Follow up for next SM training if demand is high from Pos.

Following documents are attached with this report.

1. Training Schedule
2. Expectations of from Participants
3. Feedback from Participants.
4. Participants Expectation
5. Participants Course Evaluation
6. Group presentation evaluation
7. Registration and Attendance of participants
8. Training Photograph

Course Schedule

Time		Day 1	Day 2	Day 3
9:00	9:30	Registration & Inauguration	Review of Previous Day	Review of Previous Day
9:30	10:15	Introduction & Expectations Collection	Grant Agreement Procedure for Reconstruction	Group Presentation
10:15	11:15	Group Formation, Pre-test & Course Introduction		EQ-Resistant Construction Method of RC Building & Inspection Form
11:15	11:30	TEA Break	TEA Break	TEA Break
11:30	12:30	Concepts of Community Development	Non -Structural Mitigation & Earthquake Preparedness	EQ-Resistant Construction Method of Timber Structure, Mixed Structure & Inspection Form
12:30	13:15	LUNCH	LUNCH	LUNCH
13:15	13:30	Video/Icebreaker	Video/Icebreaker	Video/Icebreaker
13:30	14:15	Community Mobilization & Workcycle	Appropriate Building Configuration & Structural System of Building	Quality of Materials and Workmanship
14:15	15:15	Expanding Relation with Community, Motivation & Effective Communication	EQ-Resistant Construction Method of Masonry Building & Inspection Form	Reconstruction Campaign & Role of Social Mobilizers (Group Presentation)
15:15	15:30	TEA Break	TEA Break	TEA Break

16:00	16:15			Monitoring and Evaluation (MOUD)- Procedures
16:15	16:30	National Reconstruction Authority(NRA) & Concept of Reconstruction	Preparation for Group Presentation	Post-test & Training Evaluation
16:30	16:45			Certificate Distribution/Closing Ceremony
16:45	17:00			
17:00	17:15	Wrap up of the day	Wrap up of the day	

Expectations of Participants

1. To get knowledge on role social mobilizers in the earthquake safer reconstruction.
2. How to encourage people to start reconstruction and build earthquake resistant house.
3. To get information on NRA guidelines about loan, inspection and correction manual.
4. To be able to support to beneficiaries on technical assistance in the absence of technical person.
5. Learn to effectively communicate with beneficiaries, communities and motivate them for reconstruction.

Good Aspects (from the Participants)

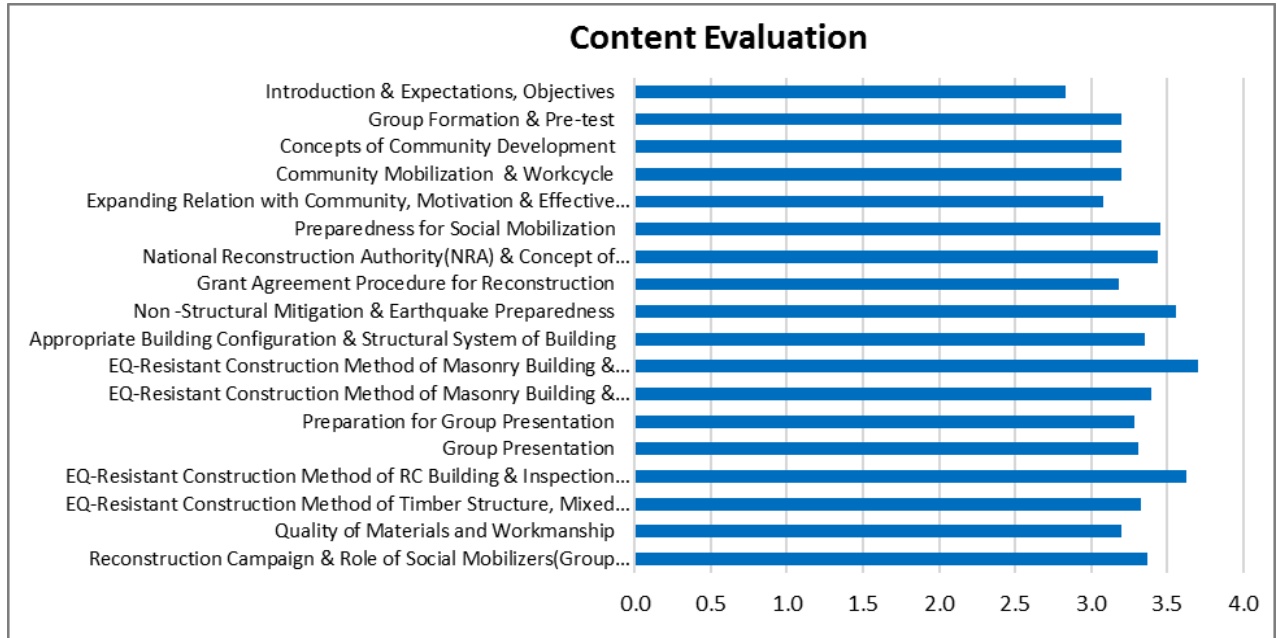

1. Good presentation methodology and content with inclusion of images, graphics.
2. Two-way interaction.
3. Group Presentation
4. Session of Technical knowledge/inspection form

Suggestion for Improvement (from Participants)

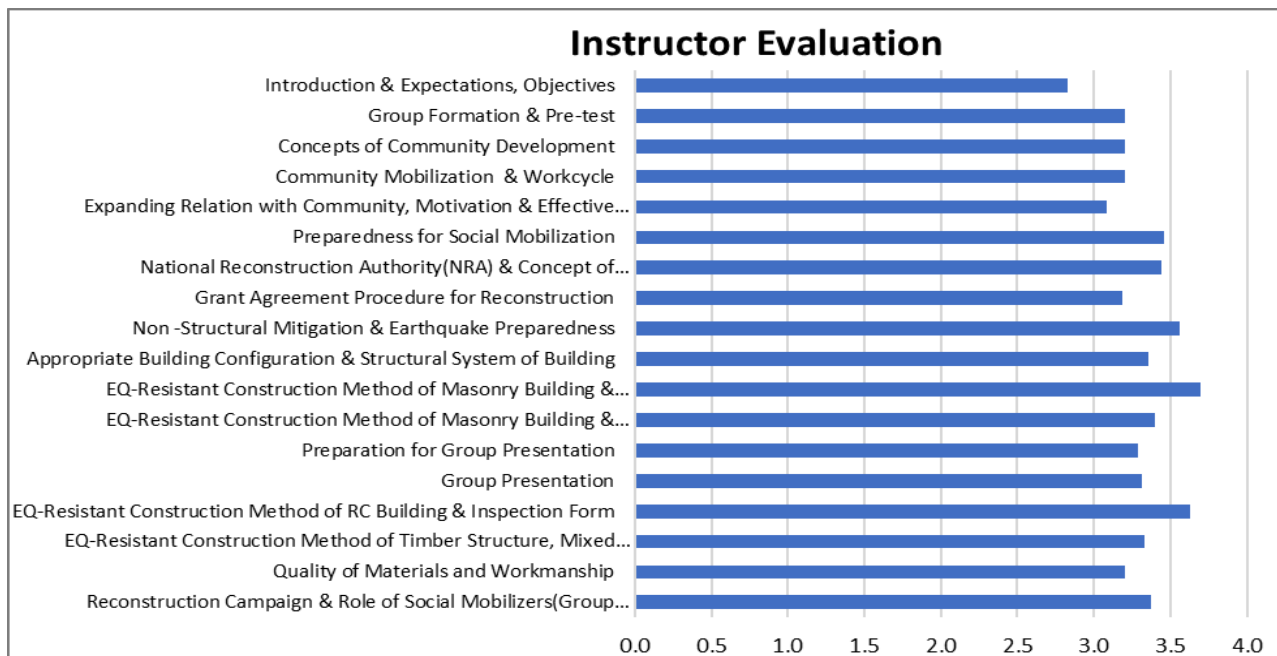

1. Training duration seems not enough.
2. Sound quality/volume of video was not good.
3. Such training should be given in time to time.
