

This district profile outlines the current activities by partner organisations (POs) in post-earthquake recovery and reconstruction. It is based on 4W and secondary data collected from POs on their recent activities pertaining to housing sector. Further, it captures a wide range of planned, ongoing and completed activities within the HRRP framework. For additional information, please refer to the HRRP dashboard.

FACTS AND FIGURES

Population:

43,300¹

18 VDCs

Damage Status - Private Structures

Damage Grade (3-5)	12,024
Damage Grade (1-2)	620
Total	12,644²

Type of housing walls	Rasuwa	National
Mud-bonded bricks/stone	87%	41%
Cement-bonded bricks/stone	10%	29%
Other	3%	30%

% of households who own their housing unit	90%	85% (Census 2011) ¹
--	-----	-----------------------------------

NEWS & UPDATES

1. The Orientation on Inspection SOP for POs was held on 4 Jan. It was raised during the session that the inspection SOP does not cover a number of housing typologies and materials relevant to the local context, or emerging technical approaches.
2. POs have been requested to support with providing technical assistance and the DL-PIU engineers are responsible for conducting inspections. The strict nature of the SOP, which has no tolerances for any specifications, was felt by some to be a major challenge for households to follow the inspection process, causing more cases of non-compliant construction.
3. According to LDO, Ward level Reconstruction Committee needs to be formed by the end of January.
4. Helvetas has started On the Job Training in some of its working VDCs, two model houses have completed as of 6 Jan. Helvetas informed that the trainees will be paid NPR 250 per day, slightly lower than the market wage. All POs are requested not to overpay trainees and use fixed district wage or less wherever training programmes are conducted.

- 0 VDC with all 6 TA Activities
 2 VDCs with no TA
 2 VDCs with no TA and more than 60% damage

The coverage of Technical Assistance (TA) is defined according to the presence (planned and on-going) of the following 6 activities and the VDCs highlighted suggest the summation of the activities presented:

- Community/household orientation with more than 1 session
- Continuous Door to door technical assistance (Mobile Technical Support)
- Short training for Masons (Target achieved)
- Vocation/on the job training for masons (Target achieved)
- Helpdesk/Technical Support Center
- Demonstration construction

Disclaimer:

The highlighted VDCs indicate that at least one of the aforementioned activities is being conducted/planned by partner organizations, irrespective of the methodology or household level coverage of the activity. For activity c and d, it is highlighted when there are more than 70% of masons trained according to the targets defined by NRA and field surveys.
