HRRP BULLETIN

30 April 2018

Correction and retrofitting in Barpak, Gorkha. Photo Credit: Er. Mahendra Sahi Thakuri.

Highlights

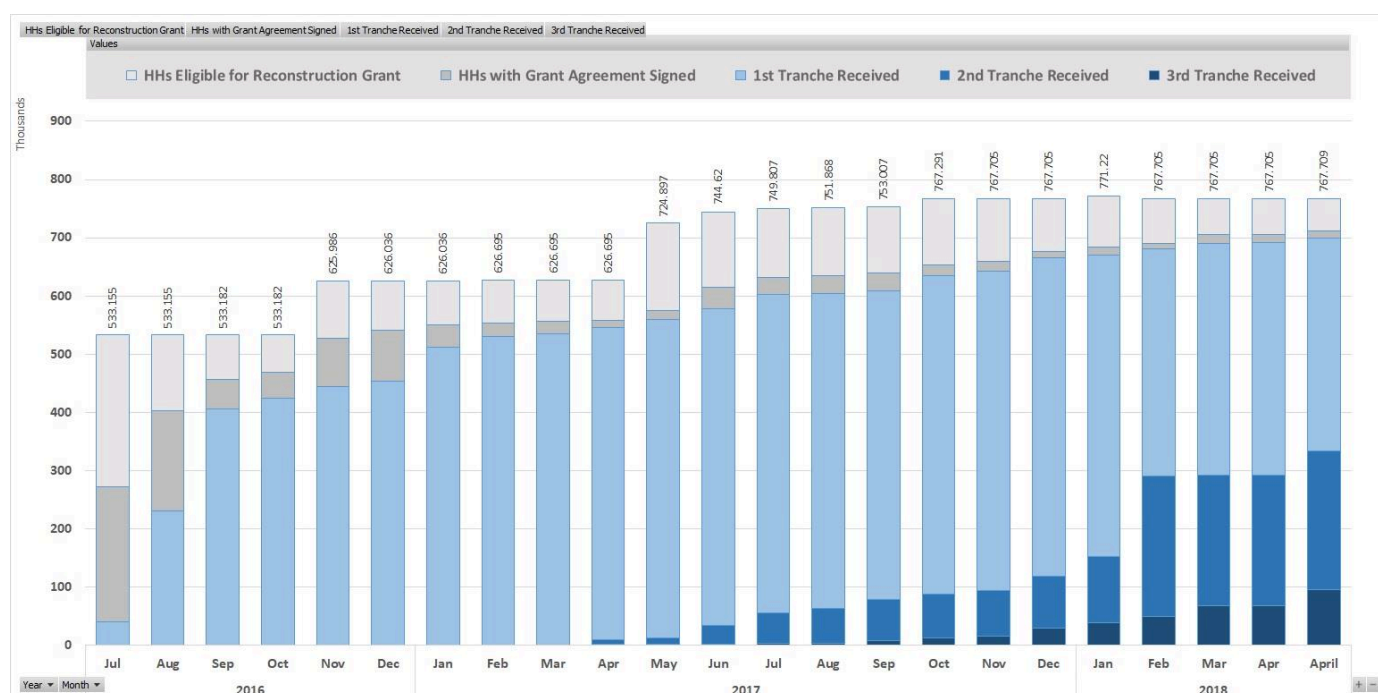

- [Light Timber / Steel Frame Structure Manual for Houses that have been Built Under the Housing Reconstruction Programme](#), published by NRA
- New and Updated HRRP Dashboards, [4W Activities](#) and [Masons Trained](#)
- [HRRP Bulletin, Special Edition, Third Anniversary of the Gorkha Earthquake, 26 April](#)
- [The Path to Housing Recovery, Nepal Earthquake 2015, Housing Reconstruction Three Years On](#), timeline prepared by HRRP covering the key moments in the housing reconstruction process so far
- [HRRP Housing Reconstruction Progress Maps](#), based on MoUD CLPIU inspection data as of 22 April

UPDATES & REQUESTS

National

MoFALD CLPIU Enrolment Data, as of 29 April ([Nepali](#) and [Unofficial English Translation](#)):

	1 April	15 April	29 April
Total No. Eligible HHs	767,705	767,705	767,709
HHs Enrolled	705,616	708,610	712,173
HHs Received 1st Tranche	691,107	695,384	699,684
HHs Applied for 2nd Tranche	274,781	296,950	309,287
HHs Received 2nd Tranche	292,595	319,012	334,071
HHs Applied for 3rd Tranche	70,643	82,418	92,744
HHs Received 3rd Tranche	68,167	87,253	95,646

Housing reconstruction progress based on MoFALD CLPIU enrolment data from July 2016 to April 2018.

[Session on 'Introduction of a Professional Title for Engineers in Nepal & Staff Development Opportunities through Internship and Graduate Programmes', 17 April:](#) many thanks to those who attended the session which included presentations on the [Rural Access Programme \(RAP\)](#) intern and graduate programmes for engineers and on the Nepal Engineering Council's professional title for engineers. HRRP would again like to stress the importance of providing structured and regular support to socio-technical assistance field staff, especially the engineers responsible for inspection. HRRP field visits to the [18 Districts](#) in recent weeks have found that field staff in these districts are particularly in need in support as there is enormous need for corrections / retrofitting support which needs a higher level of technical input.

HRRP District Exhibition and General Meeting, 23 April: many thanks to everyone that attended the event. The materials shared at the exhibition stalls are available here:

- [Dhading](#)
- [Dolakha](#)
- [Gorkha](#)
- [Kathmandu Valley](#)
- [Kavrepalanchok](#)
- [Makwanpur](#)
- [Nuwakot](#)
- [Okhaldhunga](#)
- [Ramechhap](#)
- [Rasuwa](#)
- [Sindhuli](#)
- [Sindhupalchok](#)
- [18 Districts](#)
- [National](#)
- [Common Feedback Project](#)
- [BBC Media Action](#)
- [Durable Solutions](#)

The HRRP presentation from the general meeting is available [here](#) and photos and videos from the event are available on the HRRP [Facebook](#) and [Twitter](#). A full report will be shared shortly and a HRRP press release which includes some coverage of the event is available [here](#). HRRP would also like to acknowledge that the event – as well as previously shared feedback – highlighted the need for the platform to provide increased focus on working with implementing agencies to identify good practices and share details of modalities that have a positive impact on the reconstruction and enable households who have limited capacity to reconstruct. We will be working with partners on this moving forward.

Districts & Municipalities

HRRP District and Municipal Coordination Meetings, 16 – 30 April: during this period district coordination meetings took place in Dolakha (20 April), Dhading (26 April), and Nuwakot (26 April). Municipal level meetings took place in Indrasarobar Municipality, Makwanpur (26 April) and Balephi Rural Municipality, Sindhupalchok (27 April). Some of the highlights from these meetings include:

- In **Dolakha**, it was decided to include POs that have been working in other sectors in the housing coordination meetings. NRA decided to do a press conference to mark the third anniversary of the Gorkha earthquake on 25 April to provide an update on reconstruction in Dolakha for interested journalists. NRA also asked all the POs to communicate the tranche extension deadline to households.
- In **Dhading**, discussion was focused on conducting a detailed investigation of non-compliance houses. This will be carried out by MoFALD DLPIU, MoUD DLPIU, and MoUD CLPIU M&E Consultant, and they will be working to determine how 17 households in Jeevanpur VDC have received the second tranche of the GoN housing reconstruction grant despite their houses being non-compliant. NSET Baliyo Ghar programme committed to support MoFALD DLPIU by providing one of its staff for MIS entry purpose and People in Need (PIN) and CSRC are working jointly on addressing relocation and land issues for displaced people. 46 out of 276 beneficiaries have been supported with new land certificates for relocation purpose, but the purchase of insufficient land (i.e. 1-2 Anna) within the municipality at Damgade has created difficulties for some households to construct a compliant house and receive the housing reconstruction grant. MoUD DLPIU acknowledged the absence of NRA field engineer at Siddhalekh RM, ward no.1 which was raised by Transparency International-Dhading. MoFALD CLPIU requested POs to report as per the format provided.

MoFALD DLPIU wants support from HRRP for completion of PA form collection; around 15 thousand PA forms are yet to be collected in the district.

- In **Nuwakot**, the meeting highlighted that there is a significant gap in the proportion of households who received the second tranche and those that have received the third tranche. This gap might widen in view of the upcoming monsoon season and challenges in getting reconstruction materials on time. Concerns regarding the relocation and resettlement of the beneficiaries who took the first tranche and built houses in vulnerable areas were also raised in the meeting. Other concern raised was of 23 households of Manakamana VDC who received the housing reconstruction grant from both POs and the Government.
- In **Indrasarobar Municipality, Makwanpur**, the meeting focused on reconstruction status, timely inspection, separate interaction with technicians and households, and how to reduce non-compliance issues. The decisions taken during the meeting were: inspection files to be submitted within 7 days after they have been filled to speed up reconstruction, early inspection to be conducted by the engineers of the houses constructed up to roof band level, and constructed or repaired toilets compliant with the Building Code. This might minimise the gap between second and third tranche disbursement. It was agreed that a meeting will be conducted at the end of every month between technicians and ward members to discuss reconstruction.
- In **Balephi RM, Sindhupalchok**, local representatives' concerns were the pressure they have been facing from households regarding the results of the grievances. There is a shortage of trained masons in Balephi. Delay in tranche processing and lack of file tracking mechanism has created difficulty in locating the whereabouts of the files. There has been an absence of GoN engineers for a long time. For this, a letter has been issued by the Rural Municipality mentioning their absenteeism and forwarded to DUDBC for further action. Lack of clarity in the process of drawing approval (Naksa pass) and road standards. Gap in communication between field engineers and DLPIU engineers causing to repeat the works by field engineers. Local representatives do not have clear information on what should be done with the displaced households that have bought land with Rs. 200,000 taken from the Government and are still living in the original place.

HRRP District Coordination Team Gorkha, Weekly District Report, 13 – 26 April 2018

Ward No. 6, Bhumlichowk, Gandaki Rural Municipality, Gorkha: a single storey, two roomed, brick masonry house. The owner has received all three tranches of Government housing reconstruction grant.

HRRP District Coordination Team Kathmandu, Weekly District Report, 13 – 26 April 2018

Ward No. 8, Asapuri, Suryabinayak Municipality, Bhaktapur: a hybrid structure with no bands and no beam. The home owner has not received the second and third tranches of the GoN housing reconstruction grant due to the non-compliance issues.

HRRP District Coordination Team Sindhupalchok, Weekly District Report, 13 – 26 April 2018

Ward No. 6, Mankha, Balefi Rural Municipality, Sindhupalchok: a brick and cement mortar masonry structure. The home owner has received the second tranche of the GoN housing reconstruction grant and has been approved to receive the third tranche.

Requests for Partner Support

[Intrepid Solutions Lecture Series, Nepal Engineers' Association, Tuesdays, 5pm:](#) supported by UNOPS and Build Change, this lecture series provides an opportunity to connect with national and international experts to explore innovative solutions for improving construction practices. The next lecture will take place on 8 May with the topic 'Recording What Remains at Dhulikhel' presented by Ar.Kriti Rajkarnikar, Project Support Coordinator, Build Change and Ar.Buddha Shrestha, Lecturer, Architecture Faculty, Kathmandu University. Previous Intrepid Solutions lectures can be watched on the Build Change Facebook page - <https://www.facebook.com/BuildChangeNepal>.

[Shelter Cluster Workshop, Revision of Contingency Plan and NFI TWG, 2 May:](#) DUDBC has invited partners to be part of this workshop, which will be facilitated by Global Shelter Cluster focal points, on 2 May, from 8am-5pm, at the Hotel Himalaya. Participants should have working experience in shelter, and the organisers request one participant per organisation. If you wish to attend, please contact ramesh.ghimirey@nrccs.org and sureshkhaira@gmail.com.

[ALNAP Webinar: What's Missing? Adding Context to the Urban Response Toolbox, 8 May, 19:45-21:15 NPT:](#) this webinar will present key findings from ALNAP's new study '[What's Missing? Adding Context to the Urban Response Toolbox](#)' and feature presentations from two organisations currently using these tools. Throughout the webinar, participants will have the opportunity to ask questions and share their own experiences.

[Request to Partners to Share Research Datasets and Reports:](#) there is an enormous amount of research work related to the housing reconstruction that has been completed by partners, or is being carried out on a regular basis. HRRP would like to request partners to make all relevant datasets and reports available to the greatest extent possible. HRRP can support with pulling together data in ways that manages any confidentiality restraints that partners have. Building a strong knowledge base will improve all reconstruction actors understanding of the reconstruction context and what can be improved. Partners interested to share data / reports may contact Siobhan Kennedy, HRRP Recovery Advisor, siobhan@hrrpnepal.org, with any questions, or may directly upload materials to the HRRP Google Drive [here](#).

[Milijuli Nepali, BBC Media Action, Episode 934:](#) this episode was recorded and broadcast on the third anniversary of the 25 April 2015 earthquake. The presenters travelled around Kathmandu, Bhaktapur, and Lalitpur to collect stories from residents about their experience of the earthquake, preparation for future disasters, and prioritising children, elderly, and differently-abled people during disasters. The programme also includes an interview with, Kedar Neupane, Head of the Disaster Management Division in the Ministry of Home Affairs, who talked about the government's plan for future disasters.

[Milijuli Nepali, BBC Media Action, Episode 931:](#) this episode includes stories from Okhaldhunga, Makwanpur, and Gorkha. The first story is of Chatra kumari from Ragani, Okhaldhunga who is about to complete the construction of her house and is planning to perform the marriage ceremony of her daughter in the newly built house. The second story is of Balram Bhatta from Rajaya, Makwanpur who spent all his savings to rebuild his house and now is involved in different income generating activities. The third story is of Sanu Maya Shrestha from Gorkha who shares her interest to make money by learning masonry skills.

[Baliyo Ghar TV Programme, Episode No. 100 and 101:](#) episode 100 comes from Dhading with success stories from Khalte, Patle, and BahunDada of Nilkantha Municipality (previously Khalte VDC). Episode 101 looks at what has been done so far for safer reconstruction as well as what the gaps are and what the way forward might be. The episode include interviews with the NRA CEO, Mr. Yubraj Bhusal, Expert / Planner, Mr. Kishore Thapa, and Disaster Expert, Mr. Gangalal Tuladhar.
