- Funding Organisation: DFID Nepal UKAID
- Project Period : 1 year starting from January 2017
- Project Beneficiaries: Families living in IDPs camps
- Target Audience: Primarily National Reconstruction Authority (NRA) and local authorities at districts

Objectives

The objective of this project is to assist displaced households and the government in developing and implementing participatory and ethical durable solutions and mitigate the immediate risks displaced households are experiencing throughout the course of the intervention.

This process can be broken down into three outputs:

- **Displacement sites** are categorized with respect to the **severity of their displacement and mitigation steps** are taken wherever necessary.
- **Displaced households are profiled** with respect to their vulnerability, intent to return, resettle or integrate, and the cause of their displacement.
- Displaced households are **empowered to advocate for durable solutions** and the government is supported in developing the necessary processes to implement durable solutions.

Outputs and Activities

Output 1: Displacement sites are categorized with respect to the severity of their displacement and mitigation steps are taken wherever necessary.

- *Activity 1.1: Re-assessment and profiling of sites according to severity*
- *Activity 1.2: High and Medium severely displaced sites have their protection needs addressed and receive required mitigation support through coordination with other actors.*

Outputs and Activities

Output 2: Displaced households are profiled with respect to their vulnerability, intent to return, resettle or integrate, and the cause of their displacement.

Activity 2.1: Development of and profiling of displaced households; creation of district and national reports on displaced households

Output 3: Displaced households are empowered and supported in advocating for durable solutions and the government is supported in developing the necessary processes to implement durable solutions.

Activity 3.1 – District level coordination and stakeholder dialogue on displaced populations in the targeted districts.

Activity 3.2 – National level support to the NRA to develop a framework for action on displaced populations as well as coordinate amongst stakeholders and actions delivering durable solutions.

Thank You.
