Counterpart Coordinator	<i>Biren Shah</i> <i>Abhishek Ghimire</i> <i>Ganesh Bahadur Thapa</i>		<i>Contact No. 9817396852</i>
Program Brief	The one-day Orientation on Technical Guidelines and Policies for Engineers, Sub Engineer and Assistant sub-engineers was organized by NRA-CLPIU Building, NRA-CLPIU-GMaLI with technical support from HRRP at Legacy hotel (P) LTD, Mustang Chowk, Pokhara-7, Nepal Kaski on 19th September 2019. The program was chaired by Mr.Lekh Bahadur Karki-GMaLI, Kaski. The program has participation from DLPIU – Building Kaski, Engineers, sub-engineers and sub-assistant Engineers and technical. Opening Remarks Mr.Lekh Bahadur Karki-GMaLI He welcomed all the participants to the one-day Orientation on Technical Guidelines and Policies and shared that this is the most important opportunity and learning experience to all the technical staffs working in the reconstruction. He updated all the participants on the reconstruction progress of kaski district .He shared that the reconstruction in Kaski district is two years behind with respect to the other 14-most earthquake districts due to the delay in the deployment of technicals in the district just after the quake. He highlighted that the scenarios would have been different if just after the earthquake the technicals would have been deployed in Kaski the condition and status have been different. His major concerns were on when the NRA would complete the process of grievance and list the names of the beneficiaries and the name of beneficiaries from RTB to RCB. Finally, he told all the participants to forget the small issues and work together to complete the reconstruction effort. Also, this training is a big opportunity so learn as experienced trainers will be conducting the session, so he requested all		

Activity Report of Orientation

	the participants to take the training seriously, gain valuable knowledge and follow the rules and regulations of the training. Finally, he focused on the fact that the role of field technicals are most important factor to achieve the goal of prosperous and successful reconstruction. Technicals are the pillar in the reconstruction effort. This forum has provided opportunities in learning new things so don't lose this chance. Learn more, don't feel ashamed to as thing which you don't know.
Session and Observations	
Lists of Session/support from HRRP	• Correction/Exceptional Manual • Inspection SOP manual • HCB Manual • NRA Guidelines and Policies • Retrofitting Manual
Good Aspects of the Program & Area of Improvement	• The sub-engineers and sub-Asst engineers were not familiar with these guidelines and manuals which will help them to overcome the future non-compliance decrement and compliance check. • HCB manual and retrofitting manual were new to the technical. Since, retrofit is one of the major challenges of private housing, this orientation helped them to learn a lot about the concept and methods of retrofit.
