Agenda

1. Introduction
2. HRRP – Overview and update
3. Updates on partner's activities and planning related to preparing for reconstruction (e.g. training, mobile teams) and partner capacity to assist with the enrolment process.
4. Technical working group discussion to achieve uniformity in various shelter approaches (construction, monitoring checklist, pre post-test for BBS messaging in 10 key messages etc.)
5. Improving coordination among local NGO and INGO
6. AOB

1. Round Table Introductions:

2. HRRP – Overview and update:

- The Housing Recovery and Reconstruction Platform western Hub coordinator Loren Lockwood presented about working structure, objectives, role and responsibilities of HRRP. Mapping of different recovery and reconstruction preparedness activities of partners were presented by Loren based on data provided by partners and discussed about gaps, dense intervention and duplication. Presentation is available in HRRP website.

3. Updates on partner's activities and planning related to preparing for reconstruction (e.g. training, mobile teams) and partner capacity to assist with the enrolment process:

- Partners are ready to share and update the templates made by HRRP and give detail information of their housing related activities and planning.
- Partners were informed about the progress of eligibility survey and first roll out of the subsidy is planned for 25th of Feb in Dolakha. Partners were asked about their preparedness for beginning of subsidy roll out in Gorkha, with particular attention to Mason EQ training, Mobile technical support and supervision and demonstration constructions. Also the potential that government may require support with the enrolment process and partners

were asked to gauge their organization's capacity to do so by western hub coordinator Loren.

- Partners also suggested HRRP to strengthen advocacy to central level focusing on Social inclusion (Prioritization of Female headed households, PWDs and vulnerable HHs) regarding enrollment of subsidy, Involvement of female in trainings and Clear policy on material supply, Bank soft loan and accessibility.
- Partners were informed about Building Construction Catalogue (Nepali) and HRRP requested partners to assist in printing of Catalogue and Approved DUDBC designs and spread it up to ward level and Partners were also interested to summarize it and also translate it into local languages for areas with language barriers.

4. Technical working group discussion to achieve uniformity in various shelter approaches (construction, monitoring checklist, pre post-test for BBS messaging in 10 key messages etc.):

- Partner (CRS) presented an overview on construction monitoring checklist for NGO to assist householders to construct to minimally meet the standards required to comply with DUDBC but that we provide supplementary items that will assist in improving and assuring the quality of construction.
- Partners were ready to participate and suggested HRRP to align with government on checklist to establish uniformity.
- Partners agreed to work on Pre-Posttest of 10 key messages which will be very helpful during door to door assistance on BBS messaging and circulate through HRRP.

5. Improving coordination among local NGOs and INGOs:

- HRRP Proposed maximum participation of Local NGOs which results in effective coordination and information sharing in Gorkha.
- HRRP requested Local Partners to get involved in every activities of HRRP and use same common platform to disseminate program sharing and Capacity building.

6. AOB:

- Partners suggested HRRP to strengthen advocacy as access to bank will be biggest challenges for people in North and upper middle part of Gorkha as half of subsidy will be their travel expenses for two way transportation to banks.
- A discussion was led regarding integration of sanitation and livelihood in housing program with some innovative approaches such as Home garden approach, Grey water collection, rain water harvesting etc.
- HHs with PWDs and female headed household should have different policies and priorities.
