Questions Collected

Question	Who Asked the Question?	Response Provided (By Whom)
What if we cannot complete or start our house construction before NRA's deadline?	Participants	NRA published deadline as we need to complete our housing reconstruction within 3 years of earthquake reconstruction program and if there are any problems/complications and blockages to complete our houses reconstruction before deadline then based on consultation with your ward an extra time can be provided to vulnerable households to support households to complete their house reconstruction. (NRA)
I have started building my houses, but due to lack of skilled labor and construction materials, I am unable to reach DPC level till date. But the deadline announced by NRA is approaching very close. Do I get 2 nd tranche or not?	Beneficiary	If you started building your houses, please continue working by looking for skilled labor and buying construction materials, NRA will help you to receive 2 nd tranche even if the deadline has crossed. (NRA)
