

Orientation program on Correction/Exception manual and New approved designs Gorkha District 14th June, 2017

Activity Date:	14/06/2017
Report Prepared By:	Minar Thapa Magar / Keshab Shrestha

Discussion:

Inauguration and Overview – Er. Roshan Shrestha, Chief of DUDBC/DLPIU Gorkha

- Mr. Roshan Shrestha incepted orientation program with summary on housing reconstruction flow and progress and presented need and purpose of correction and exception manual.
- He requested partner organization to provide support in structural analysis of those non-compliance cases which could not be resolved by correction and exception manual as manpower deployed by NRA is not sufficient. He also committed to provide space in DUDBC/DLPIU office for those structure engineers who will provide support in structure analysis through partner organization.
- He briefly explained correction/exception manual and answered some queries regarding typical field cases, plan, policies and guidelines.

MOUD/CL-PIU Monitoring and evaluation specialist for Gorkha and Dhading- Mr. Khagendra Awasthi

- Mr Khagendra Awasthi briefed about his role as M&E specialist in earthquake Housing Reconstruction Project (EHRP) to monitor and evaluate training activities and housing construction. He requested all POs to inform him prior to training and other activities related to housing reconstruction and explained that monitoring and evaluation plays a critical role in analysing situation of housing reconstruction in different context of Gorkha district.

NRA District support engineer- Mr. Balram Pudasaini

- Mr. Balram Pudasaini updated that team of four district support engineers were hired and deployed by UNDP/NRA to provide support in structure analysis of every non-compliance cases in Gorkha district. Team has been working through DUDBC/DLPIU office and requested partner and DLPIU technical staff to provide detailed plan, dimension and pictures of non-compliance cases which do not fall in correction and exception manual and target of those houses should be in such a way that a single case will act as sample for certain number of cases.

Orientation program on correction/exception manual and new approved designs- Mr. Minar Thapa Magar, HRRP Gorkha (Click Here)

- 54 participants from various partner organizations and government attended orientation and participated throughout interaction and presentation sessions. One correction and exception manual in handbook size were distributed to all participants by HRRP Gorkha.

Discussion:

- Mr. Minar Thapa Magar presented need, objective, scope, limitations and content of correction exception manual and walk through easy way to understand and use correction/exception manual.
- He also briefed about updated inspection forms and way to use old forms for exception and corrected cases. New approved designs and recently analyzed dry stone, RCC and low cost designs were also presented and explained in brief.
- Importance of effective communication was emphasized during presentation and brief introduction to various communication skills and tools were introduced to all participants.

Confined masonry and manual overview – Ms. Sunita Shrestha, Deputy chief, DLPIU Gorkha

- Ms. Sunita Shrestha explained that more detailed knowledge and guidelines are needed to implement Confined masonry structure in Gorkha district and to maintain good quality confined construction.

Closing remarks – Mr. Rajendra Karki, chief, Secretariat of District coordination committee, Gorkha

- Mr. Rajendra Karki shared his experience from recent field visit and emphasized need of door to door assistance to provide technical assistance to suggested minimum requirements for new construction and corrective measures for non-compliance houses.
- He also requested partners to provide correction/exception manual to DLPIU engineers working in their respective VDCs.
- “Since after publication of correction and exception manual, we do have solution for almost all masonry houses and now we need to put effort on providing more assistance and influencing house owners to reconstruct and to get government subsidy”. He urged everyone to work together to support and encourage households to reconstruct as per government standards and received government tranches as soon as possible.

Questions Collected	Who asked the Q?	Response Provided
What type of toilets need to be constructed by HHs as there are no any specification for toilets/bio-gas and solar?	DLPIU engineer/POs	Toilet/Bio-gas and Solar in use. i.e. usable state
What should we do to inspect and provide corrective measures as we do not have updated inspection forms available now in our VDCs/municipalities?	DLPIU engineer	We need to use remarks column and elaborate why that requirements were fulfilled based on which clause of correction/exception manual.
People are curious to know about subsidize loan as everyone have heard that government will provide subsidize loan and what is the process?	PO shelter officer	Recently guideline was released and NRA is coordinating with world bank to work out and finalize process.
What about landless issues, we have heard that government will provide NRs 2 lakh to buy land? What about Budhi Gandaki Inundation area victims, will they get subsidy for temporary house construction and to buy land?	PO staff	NRA announced to provide NRs 2 lakh to buy land for landless and NRs two lakhs for temporary shelter for Budhi Gandaki victims but guidelines has not been published yet. We think we need to define temporary shelter ourselves from district as this is only problem of Dhading and Gorkha district.
