NRA/GMALI, Gorkha organized an interaction meeting with banks representatives in Gorkha in presence of CDO, Chief of DCC, DTCO Chief,	17 th August 2018			dc.gorkha@hrrpnepal.org	

Summary of events during this period

MoUD/DLPIU Chief, HRRP, EHRP today. The main objective of organizing the meeting is to mitigate fiduciary risk, shorten the process to release tranche to beneficiaries from banks, recommendations process from ward, rural municipality, and urban municipality in an specific cases such as death of beneficiaries, migrant worker wife, duplication in tranche disbursement, and status of soft loan provision – whether there are any beneficiaries who came to request soft loan at bank or not and issues and challenges. All banks representatives from Gorkha Municipality and some representatives from Rural and Urban Municipalities attended in the meeting. The meeting reached to a common understanding that if beneficiaries citizenship number is mistyped, banks can provide tranche to them taking recommendation from ward office, but if duplication occurred in tranche disbursement process, beneficiaries should take recommendation from concerned offices in the district. The meeting also reached to an understanding that if any of the beneficiaries come to request soft loan, bank and concerned authorities, DTCO, DAO, GMALI will facilitate if higher level of coordination

Questions Collected

Question	Who Asked the Question?	Response Provided (By Whom)
There are some errors with the NRA vulnerable list. Some vulnerable people are missing in the list provided by NRA. How can these people be supported?	Local Representatives	As these data came from central level, districts cannot do anything about it. In the future, if there is any re survey done than they can be included. (GMALI)
What are the roles of ward chairperson to support beneficiaries who want to change to retrofitting beneficiaries from full beneficiaries?	Ward chairperson	Beneficiary need to submit written application for changing their PA agreement. Based on their application, ward chairperson can mobilize DLPIU engineer of the ward for monitoring the house and report to the ward chairperson. Based upon the field report, a minute of the ward level grievance management committee stating the beneficiary name and detail has been changed from full to retrofitting beneficiary. A letter from the concerned local body with all the document mentioned above needs to submit to GMALI for changing the beneficiary status. (GMALI)
What are the roles of ward chairperson for beneficiaries who have been added after grievance result to get first tranche?	Ward chairperson	Beneficiary who has been added to the reconstruction beneficiaries lists needs to do the PA agreement with the ward offices. The beneficiary needs to come to ward office with the necessary documents and sign a PA agreement with the ward office i.e. ward chairperson is one of the person to sign the agreement with the beneficiary. (GMALI)

Challenges and Way Forward

Challenge	Way Forward
What are the roles of ward chairperson in PA agreement	The beneficiaries can now sign the PA agreement with the local bodies and the local bodies forward the name list with the PA no to the GMALI which will the process the first installment.
Startup of tranche payment	Coordinate with the GMALI office to start the payment of tranches to beneficiaries.
Confusion in retrofitting categories houses have not made PA agreement	Training of trainers should be provided to DLPIU engineers and need to start making agreement as soon as possible

Case Story

Reconstruction of Ultra Poor House hold

A CBRC meeting was held on 16th May in the presence of CBRC president, some community people, elected member of ward 9 and EHRP team present in the ward. The discussion CBRC proposed a beneficiary who is vulnerable and is in need; Tara Bahadur BK (36-63-9-0-42). So further discussion was held for helping Tara Bahadur BK's construction. He was not a vulnerable beneficiary categorized by NRA, but his economic condition was very weak. He had already constructed up to sill band and was unable to manage manpower due to his poor financial status. His house construction was stopped due to that. He and his family could barely eat working all day long.

The meeting between CBRC of ward 9 and EHRP team finally concluded for the supporting of Tara Bdr. BK with two mobile masons of other ward daily on a term that house owner should manage other 2/3 workers and masons too.

From 18th May, 2 mobile masons were dispatched daily. Ward 9 didn't have a mobile mason, so mobile masons of other ward should work there in alternation. He also received second tranche during the construction period which supported in purchasing materials and paying the masons and manpower. Now, the construction has been completed. Tara Bahadur's house has been inspected by DLPIU team for third tranche.

Tara Bahadur BK, his wife is happy and thank to all people involved and for the support as their house has been completed before the rainy season.
