

Nepal Earthquake Response: Lamjung

HRRP and Shelter Cluster Gandaki Province Situation Report No. 1

(as of May 19, 2021)

This report is produced by Housing Recovery and Reconstruction Platform (HRRP) and Shelter Cluster Nepal, Gandaki Province in collaboration with partners. It covers the situation of Lamjung and neighbouring districts after the jolt of the earthquake and subsequent aftershocks in the morning of May 19, 2021.

Highlights

1. A total of **635 people** are reported to be affected by the earthquake and its after-shocks.
2. **5 people** got injured with none death with approximately **1195 people (239 households)** displaced.
3. **245 houses** are fully damaged and **395 houses** partially damaged in **Lamjung, Tanahun and Kaski** districts of Gandaki Province.
4. At the Local level, Ward Chairpersons are leading rapid assessment and the relief work.

Situation Overview

On **19 May 2021**, Wednesday at 5:42 AM local time, the earthquake measuring **5.8M** followed by subsequent aftershocks of **4M** at 8:16 AM and **5.3M** at 8:26 AM, hit Lamjung district of Gandaki Province in Nepal as per the Seismological data. According to the preliminary source of information from local governments, **15 people** were injured; **35 houses** were fully damaged and **49 houses** were partially damaged. The initial assessment of the loss and damage is ongoing by the local governments. The approaching monsoon is likely to impact on the livelihoods and access to basic services for these affected households impacted by this earthquake. People panicked and rushed out of their homes as they felt the tremor. Most of the people were seen in the open spaces and roads after the earthquake.

The impact of this earthquake was felt heavily in and around the epicenter of Lamjung district including the neighbouring districts Kaski and Tanahu with weak shaking reaching as far as Kathmandu City, the capital of Nepal, 121 km from the epicenter. This earthquake comes at a time when Nepal is still in the process of recovery and reconstruction, almost approaching the end of the given tenure of National Reconstruction Authority (NRA), mandated to Nepal's post earthquake recovery and reconstruction from 2015 Nepal earthquake.

Loss and Damage

Based on the preliminary sources of information from local governments, the injured persons and displaced persons along with damage of houses are reflected in the table given below:

Districts	Injured Persons	Fully damaged houses	Partially damaged houses	Death	Displaced Persons
Lamjung	5	240	395	0	239
Tanahun	0	2	0	0	0
Kaski	0	1	0	0	0
Total	5	245	395	0	239

(Data Source: Initial Rapid assessment and Local representatives)

Response

All injured people were hospitalized for medical treatment. Communities are responding to earthquakes from the available local resources. Initial Rapid Assessment is still ongoing in all three districts with support from local ward representatives. Discussion with district and local level stakeholders is ongoing for response and support. Currently, the District Administration Office (DAO), Lamjung has reached out to Province Headquarter, Pokhara to fetch basic relief supplies such as tents and tarpaulins. Nepal Red Cross Society (NRCS) lamjung district chapter has distributed tarpaulin and tents for the few affected populations of Marsyangdi rural municipality and Besisahar municipality.

Gap and Needs

The local governments in the district are in the process of identifying gaps and needs of the affected population. There is a need for a response plan to support immediate life saving needs of the affected population. The displaced people are currently sheltering in neighbouring houses, schools and other public buildings.

Districts	Tents	Tarpaulin	Mattress	Blanket	Clothes Set	Kitchen Set
Lamjung	240	240	480	1120	1039	240
Tanahun	2	2	4	5	0	0
Kaski	3	3	6	9	0	0
Total	245	245	490	1134	1039	240
