

This district profile outlines the current activities by partner organisations (POs) in post-earthquake recovery and reconstruction. It is based on 4W and secondary data collected from POs on their recent activities pertaining to housing sector. Further, it captures a wide range of planned, ongoing and completed activities within the HRRP framework. For additional information, please refer to the HRRP dashboard.

FACTS AND FIGURES

Population: 336,067¹

46 VDCs and 1 municipality

Damage Status - Private Structures

Damage Grade (3-5)	76,644
Damage Grade (1-2)	12,478
Total	89,122²

Type of housing walls

OPERATIONAL PRESENCE

ACTIVITIES

The maps depict the reached figures according to different thematic areas³. A proper analysis of such information allows the stakeholders to identify possible gaps, minimize cases of duplication, and serves as a vital tool for supporting decision-making processes.

Mason Training - Short training (masons)

BBS Messaging (households)

Demonstration Constructions (constructions)

Mason Training - Vocational (masons)

Material Assistance - Toolkits (masons)

Construction supervision-DLPIU (households)

NEWS & UPDATES

1. 513 masons have been trained by UMN through four phases of its training package at Mahadevsthan, Pida, ReeGaun, Lapa and Jharlang VDCs.

2. NSET has concluded its mason training under Baliyo Ghar Project. 502 masons received certification as trained masons on construction of earthquake resistant rural residential buildings.

3. Local stakeholders have raised concerns regarding locally suitable house designs in the northern far-flung areas of Dhading district. Further, discussion is ongoing regarding the suitability of pine wood and related local construction materials for the reconstruction of houses in those northern areas.
