Field Visit Reports

Date	Location	Participants
09-Nov,2017	Gatlang (Ward 1 to 6 and 9)	- Rijan Gajurel - Deepak Saud - Laxmi Prasad Bhatta
Objective(s)	- To get a general update on the reconstruction progress - To get building construction detail of Dry Stone Masonry - To observe Mason training conducted by Manakor Society	

Summary	HRRP district team together with HRRP DMT Technical Coordinator Mr. Deepak Saud and National Technical Officer Mr. Laxmi Prasad Bhatta visited Gatlang on 9th Nov, 2017. Gatlang is a Tamang village, also known as “Black village”. They have their own traditional style houses especially made up of dry mason wall and timber in roof. As per MoUD-CPIU data of 23rd Oct, 2017 86% received 2nd tranche, 35% received 3rd tranche but only 4% construction is completed. Paurakhi Nepal is providing technical support in the area and Manakor society is conducting mason training. DUDBC, Goal, Lacoss have already conducted short mason training in Gatlang and Helvetas conducted one OJT event. Build change is conducting retrofitting on 2 dry stone masonry construction.		
Challenges / Issues Identified	Action Required	Responsible	Timeframe
Earth quake affected houses need to demolition.	Need to demolition fast and start construction	Local Community, Rural Municipality, NRA.	
They have poor traditional construction with cultural style so it's hard for them to familiar with design catalog.	Need Social awareness and Government must design their culture and environment suitable housing design.	CLPIU, DLPIU, NRA, HRRP.
