Baliyo Ghar

A Program To Ensure Build Back Safer In Earthquake Reconstruction

Implemented by:

**National Society for Earthquake Technology-Nepal
(NSET)**

with funding support from

**United States Agency for International Development
(USAID)**

This is a experience on TA, After

- **Reaching 30152 people through 1074 Orientations on Housing Reconstruction for awareness,**
- **Providing training to 1468 masons,**
- **Developing 556 instructors for mason training through Mason Training TOT**
- **Reaching more than 1500 housing construction site for Construction Supervision**

Glimpses

NSET-Baliyo Ghar Program TA

Long Project Period: 5Yrs. October 2015 to September 2020 Year I : October 2015 to 30 Sep 2016

Wider Coverage: 1/3rd area of Dhading, Dolakha, Nuwakot and One municipality at Kathmandu

Supportive to enhance the Partner organization capacity in a scope of NSET expertise.

Follow the GON Approach to support Reconstruction and mobilized accordingly.

Baliyo Ghar Technical Assistant Means

- ❑ **More than 70% of reconstructed houses at program are will compliance to the NBC.** (This is good opportunity to build safer houses at rural areas in huge numbers with in certain time period)
- ❑ **At least one trained masons will be involved in housing construction to ensure safer construction.**
- ❑ **House owner will be aware about the safer construction practices.**
- ❑ **Awareness on disaster resilient construction will scale up.**
- ❑ **Policy and guidelines will developed for safer construction and submit to the Government.**

Concept!

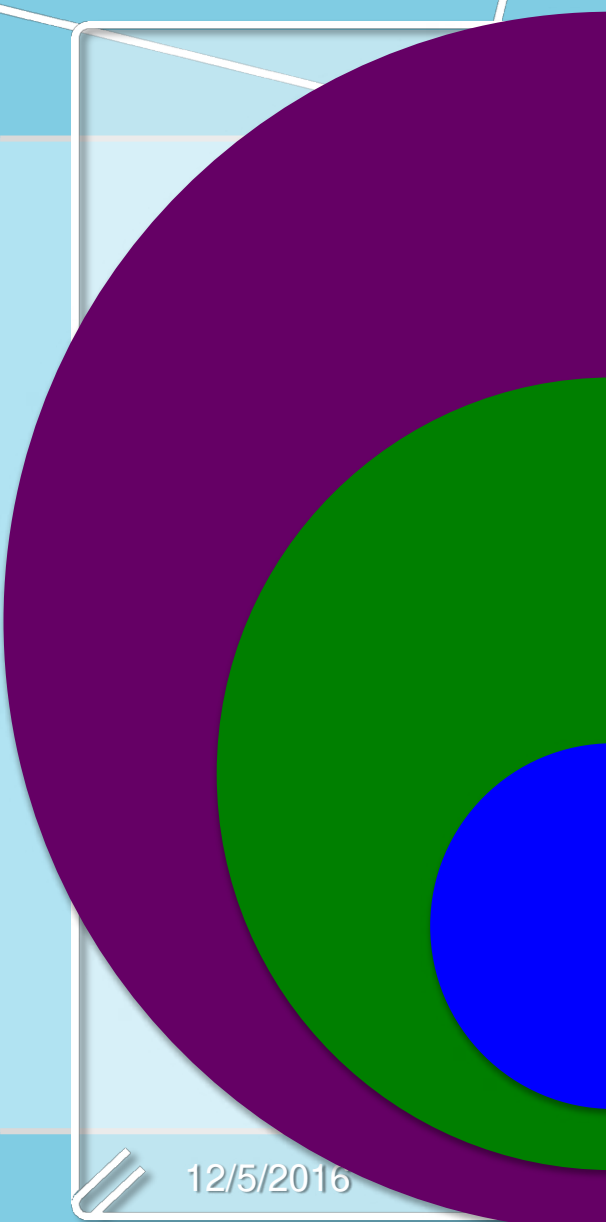

Blanket Technical Support to Every Household

There are sufficient lessons from around the World:

- On Technology
- On Process

Implementation Approaches

National NRTC

- Technical support on Curricula, Guidelines, Manuals, Advocacy etc.
- National Reconstruction Technology Centre (NRTC)
- Develop Instructors for Other Districts

District

- District Reconstruction Technology Centre (DRTC)
- Training to Trainers
- Support Project Teams

Local

- Establishment of Local Reconstruction Technology Centers (LRTCs)
- House to House Technical Support in selected VDCs
- Training
- Campaign
