KEY HIGHLIGHTS

- I. **Flood creates havoc in Kathmandu valley; 36 person rescued**
- II. **Monsoon induced disaster claim lives of 143 people till 29th July**
- III. **Government provides Rs 200,000 each to people affected by monsoon-induced disasters**
- IV. **Policy Discussion on Madhesh Development Madhesh Policy and Planning Commission**

KEY GOVERNMENTAL UPDATES

Flood creates havoc in Kathmandu valley; 36 person rescued

The flood occurred in different rivers in the Kathmandu Valley following a heavy rain on the night of 31st July and has affected normal life in the Capital City. Incessant rains have raised the water level in all the rivers that pass by major cities of Kathmandu valley. The Spokesperson of Nepal Police, Dan Bahadur Karki, said that 12 persons from Kathmandu district and 24 from Lalitpur district were rescued from the flood-induced disasters in the city. Karki shared that 11 persons from the Balkhu and Kuleshwor area and an individual from the Naya Buspark area were rescued. The riverbank areas in the city including Balkhu, Bafal, Dhobikhola corridor, Sundarighat area and others were waterlogged due to inundation. Likewise, a house was damaged in a landslide at Nagpokhari in Phutung area. Furthermore, 24 persons including two from UN Park, eight from Sundarighat, one from Balkumari, seven from Chagathali and six from Mahalaxmi Ram Mandir area were rescued in Lalitpur district. Monsoon induced disaster claim lives in various parts of the country

With the onset of monsoon rainfall in various parts of Nepal, according to the Ministry of Home Affairs, 143 people died and 47 people went missing as of data dated 30th July 2024 due to disasters such as floods and landslides in various places. 22 people died in Koshi province, 6 people died in Madhesh province, 31 people died in Bagmati province due to floods and landslides. According to the ministry, 42 people died in Gandaki province,

24 people in Lumbini, 8 people in Karnali and 10 people in Sudurpaschim province. In addition, More than 589 cattle have perished in the monsoon-induced disaster. During the period, more than 3,779 households were displaced from their homes by the disaster. Details: [monsoon induced disasters people affected by monsoon 2024 monsoon claim people's lives](#)

Government provides Rs 200,000 each to people affected by monsoon-induced disasters

The government has released Rs 200,000 per family for relief distribution to the families of 69 people who lost their lives in the monsoon disaster as per reports. The funds have been released to the concerned District Disaster Management Fund. According to the NDRRMA, Rs 13.8 million has been released for the nearest families of the 69 people who lost their lives in monsoon-induced disasters. Some districts have already completed the process and distributed relief to the victims' families. By 29th July, during the monsoon season this year, more than 143 people had lost their lives due to various monsoon-induced calamities, with most deaths caused by floods, landslides, and lightning. The NDRRMA has informed that 125 individuals who were at high risk due to heavy rainfall have been relocated to safer places by security agencies. The District and Local Disaster Management Committees, Nepal Red Cross, and other organizations have distributed food and non-food items to the disaster affected families. According to the report, Rs 15,000 to 20,000 has been distributed as immediate relief to the families affected by the monsoon. "The Red Cross has provided 745 nets, 295 blankets, 250 mattresses, 125 utensils, 100 hammocks, 225 hygiene kits, and 1,138 meters of cloth. Additionally, the agency under the Ministry of Home Affairs has provided 520 tarpaulins, 50 tents, 300 blankets, 500 mattresses, and 50 sleeping bags," shared by the Under Secretary and Spokesperson at NDRRMA, Dr. Dijan Bhattarai. Heavy rains at the beginning of the monsoon have caused significant damage to human lives and property. Policy Discussion on Madhesh Development Madhesh Policy and Planning Commission

Policy Discussion on Madhesh Development Madhesh Policy and Planning Commission organized Policy Dialogue on 25th July at Janakpurdham, Dhanusha. Hon. Chief Minister of Madhesh province, Satish Kumar Singh and Hon. Minister Pramod Jaishwal (Sports and Social Welfare and Development Partners). Representatives of more than 35 development organizations including UN and bilateral agencies participated in the policy discussion and delivered their thoughts on current development and administrative issues.

Hon. Vice Chair Dr. Sohan Prasad Sah presented key priorities of Madhesh Government and 71 potential scopes for partnership and appealed development partners for partnering in 71 key priorities and requested submission of interest by 9th August. The Chief Minister shared the vision for Madhesh development and reiterated on continuing the discussion and partnership for development of Madhesh province through the impactful and visible programmes. Minister Jaishwal expressed commitment to create a welcoming and healthy working environment to development partners in Madhesh and made an announcement to endorse INGO/NGOs coordination and regulation bill from Madhesh Parliament. The Ministry informed the development partners for sharing organization information and key development scopes in the prescribed format by 16 August.

AIN Madhesh Chapter Lead Pramila Adhikari of World Vision International facilitated the Policy Discussion and presented about the Development Partner's contribution for Madhesh Development. He made a humble appeal to the Government for creating a healthy and harmonious relationship for prosperous Madhesh. UN representatives shared about their progress and showed commitment to contribute to the Government Priorities. Likewise, the Education Working Group presented the Model School Policy Analysis and suggested Madhesh Government for taking necessary actions. [Source: AIN Social Media](#)

PARTNERS' UPDATES

Bipad Localization Training held in Biratnagar that highlighted on relevant policies

2-days Bipad Portal Localization Training was conducted in Biratnagar from 9th-10th July by Nepal Red Cross Society (NRCS) Morang in collaboration with NDRRMA and NHSRP. The event aimed to enhance the capacity of IT officials, DRR focal persons, and technical staffs from various local levels (Biratnagar Metropolitan City; Belbari, Rangeli and Sundarharaicha Municipalities and Kerabari, Dhanpalthan, Gramthan and Jahada Rural Municipalities) of Morang district, including staffs of NRCS Morang and members of DEOC, and PEOC. The training sessions covered an overview of disasters and relevant policies, technical guidance on using the Bipad portal & the various modules. Hands-on sessions focused on data integration into the profile and risk info modules, specifically the capacity and resources section. Additionally, participants were trained on techniques for data analysis and visualization of disaster-related data. The training successfully improved participants' technical skills in using the Bipad portal for effective disaster risk reduction and management. For more information: yubaraj.bhandari@hrrpnepal.org

Preparing communities landslides through ALARM Project

As part of UK Aid and Start Network-funded Advancing Landslide Anticipatory actions for disaster Risk reduction and Management (ALARM) project, CRS Nepal, together with partners - NSET Nepal and KIRDARC Nepal, joined hands with the local governments and communities to support landslide awareness and risk mitigation efforts in Jajarkot and Rukum (West).

A cornerstone of the ALARM project was community awareness. Awareness activities have been conducted at 26 very high-risk sites identified by the NDRRMA. Additionally, 122 awareness programs have been carried out at high and medium-risk sites through local champions across 67 wards of 13 local governments in Jajarkot and Rukum West. Mass communication through local radio stations is still ongoing, ensuring widespread dissemination of critical information.

Community-based disaster risk reduction (DRR) measures were another vital component of the project. Immediate risk reduction activities, such as crack sealing using soil, tarpaulins, and plastic, and drainage management, have been implemented in 50 locations across 5 local governments in Jajarkot and Rukum West (Barekot, Nalgad, Bheri, Aathbiskot and Sanibheri), carried out to reduce the likelihood of landslides in one single rainfall event and provide some lead time to the community members for evacuation. Furthermore, social mobilizers were deployed in high-risk areas to gather essential information on population data, open spaces, public buildings, and emergency resources, to further plan & support the emergency planning and ensure that communities are better prepared for potential disasters.

The ALARM project also focused on strengthening local government response capabilities. 2-day basic Search and Rescue (SAR) training has been provided to local community volunteers, who will be registered in the NDRRMA volunteer management system. Additionally, local governments have received SAR, non-food items (NFIs), and water, sanitation, and hygiene (WASH) items to be used in emergencies. Hands-on training has been provided to DRR focal persons, and modules for accessing various weather information and forecast tools are developed to aid in dissemination of forecasted information and real-time monitoring. For more information: anish.khanal@crs.org

7-days mason trainings in Jajarkot for earthquake resistant building construction technique

The Jajarkot Earthquake Response Project (JERP), implemented by CRS Nepal in collaboration with Caritas Nepal, successfully completed three events of 7-day skilled mason training on "Earthquake Resistant Building Construction Techniques for Rural Masons" in Jajarkot district. This training is part of a broader initiative with 15 sessions planned, and the first session trained 22 skilled masons from Bheri Municipality Ward - 1, facilitated by the technical teams of CRS Nepal and Caritas Nepal. This training aimed to equip masons with essential skills for recovery efforts in Jajarkot and empower them with safer building practices for the upcoming reconstruction phase. Notably, the second training session ensured 33 percent participation of women masons. Despite the mid-monsoon season, dedicated local masons gathered to enhance their skills in earthquake-resistant construction, all set against the stunning backdrop of the Bheri River at its peak. For more information: arun.sharma@crs.org

Capacity Gains on building earthquake and flood resilient construction training

7-days mason training on earthquake and flood resilient construction techniques successfully conducted at Gulariya Municipality (Bardiya), which was organized from 28th June - 4th July, by CRS Nepal and Caritas Nepal co-organized the training in coordination with local municipality, empowering 12 local masons with essential skills through Homes & Communities Initiative of CRS Nepal. Key techniques covered during the training were -Earthquake-resistant construction, Horizontal & vertical band placement, Proper opening locations, Reinforcement detailing, Stone & brick joint details, Lime stabilized mud for flood resistance and Better carpentry and joinery techniques for bamboo. For more information: rupesh.shrestha@crs.org

2-days training event on open space, critical resources and integration of data

IOM partnered with NAXA and organized two days event on Pathway to Bipad portal localization – Training on open space, critical resources and integration of data into the Bipad portal in coordination with MoFAGA, NDRRMA, MoIAL and MoPID in Karnali and Sudurpaschim Provinces. The event was conducted as a part of USAID Nepal and

USAID's Bureau for Humanitarian Assistance for introducing and implementing the SIKAI project, focusing on various elements of disaster preparedness. Representatives of all four local levels of SIKAI project were brought together in the event, to provide an opportunity to share and learn from each other. The mapping exercise of open spaces and critical resources was done that will be a milestone for all four local levels in moving towards better preparedness. For more information: ruthapa@iom.int

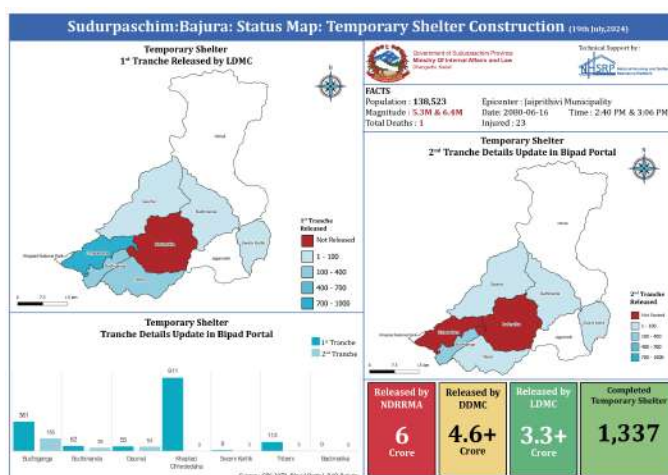

NHSRP's PROVINCIAL ENGAGEMENTS

UPDATES FROM SUDURPASCHIM

Technical support was laid by NHSRP in an event carried out by MoIAL Sudurpaschim on 2nd June at Dhangadhi. The event was chaired by the Secretary of the MoIAL and facilitated by the NDRRMA. During the event, the DRR focal person of MoIAL Sudurpaschim Province shared the status of the Monsoon and MPRP, along with the initiatives undertaken by the Ministry in the region. Additionally, the report of the fire study was also presented, highlighting the collaborative efforts in disaster risk management.

Map detailing the construction of transitional shelters in Bajhang & Bajura and produced by the NHSRP Sudurpaschim team illustrated the tranche release status, providing municipal-level information and shelter numbers. In Bajhang, significant activity is observed in Jaiprithivi Municipality and Kedarseu Rural Municipality, with over 4,300 shelters completed and funds released by NDRRMA. Map of Bajura shows notable progress in Khaptad Chhedeada, with 1,337 shelters completed. These visualizations aid in resource allocation and planning.

UPDATES FROM KARNALI

Partners coordination meeting held in Jajarkot on 1st July with a purpose of strengthening coordination with development organizations working in Jajarkot earthquake response, facilitated and initiated by the NHSRP Jajarkot team. Highlights of the meeting included -discussion on potential relief materials for

monsoon disasters; review of the MPRP draft and exchange of updates and insights on ongoing programs. The multitude of partner organizations working in Jajarkot district related to Jajarkot earthquake response programming attended the meeting.

Jajarkot District Disaster Management Committee (DDMC) held a meeting on 2nd July in Khalanga that was attended by key district and local government officials, along with sectoral officials, representatives of district security forces, the Red Cross district chapter, journalists, local political representatives, and development partner organizations. Key discussions included: Presentation of the draft Monsoon Preparedness and Response Plan (MPRP); Discussion on potential risks and preparedness measures for monsoon disasters; Updates on the second tranche release process; Volunteer mobilization for monsoon response from local government and DPOs; The DDMC meeting concluded with the approval of the MPRP draft.

NHSRP Karnali province extended technical support by sharing the key insights and knows hows on using NDRRMA's Reconstruction MIS during the facilitation of Disaster Risk Reduction and Management Information Systems (Bipad Portal) capacity development event for frontline personnels of Emergency Operation Centers (EOCs), with technical and financial support from the UNDP-SUPER project.

For more information contact: ujjwal.adhikari@hrrpnepal.org

UPDATES FROM LUMBINI

NHSRP Lumbini province laid the technical facilitation to conduct orientation on the monsoon-induced reconstruction guidelines and provided insights on inspection procedures following a session on building code implementation (BCI) in Pyuthan district. The program was chaired by Mr. Narayan Prasad Aryal, the Chief District Officer of Pyuthan. Approximately 35 participants attended, including several representatives from district-level sectoral line agencies and a significant number of Palika engineers.

Similarly, refresher orientation on NDRRMA RMIS and Bipad Apps was also organized and facilitated by the NHSRP Lumbini team. The program was led by Rapti Rural Municipality (Dang district) and the main participants were Palika technical staff. For more information contact: prakash.basnet@hrrpnepal.org

UPDATES FROM GANDAKI

Provincial forum on monsoon and fire induced disaster risk reduction organized by NDRRMA, saw the participation of representatives from all province ministries, security agencies, chamber of commerce, media and all local levels of Kaski district. Mr. Rajan Bhattarai, UnderSecretary of OCMCM Gandaki Province presented on the current status of disaster risk (Monsoon and Fire) reduction and future direction of the province. Also, NDRRMA presented on 'validation of fire-induced disaster Risk Reduction at province level: Stocktaking of four categories of fire, data collection, volunteer mobilization and identification of gaps and challenges'.

Capacity building through virtual mediums continued for technical staff of local level in the RMIS system. Similarly, technical support to the province on fund release on monsoon/fire induced reconstruction along with sensitization on Bipad portal.

For more information contact: rajesh.sunuwar@hrrpnepal.org

UPDATES FROM BAGMATI

Continuous technical support extended to various districts in the Bagmati province, including Dolakha, Makawanpur, Sindhupalchowk, Dhading, Rasuwa, and Nuwakot. This support focuses on the NDRRMA reconstruction and resettlement procedural guidelines and is extended to municipal bodies within Bagmati province and the districts of Makawanpur, Dolakha, Ramechhap, Sindhuli, Dhading, and Nuwakot. The assistance primarily involves creating User IDs, incident data verification, approval and enrollment of the respective palikas (local government units), as well as district and inspection processes of reconstructed houses and tranche release processes. For more information contact: vishma.basnet@hrrpnepal.org

UPDATES FROM MADHESH

Two-days orientation on systems and procedures of NDRRMA's guidelines, RMIS, BIPAD App, Bipad Portal and Building Code Implementation completed in Saptari district from 29th -30th July. NHSRP collaborated with the Ministry of Home Affairs, Communication and

Law (MoHCL), Madhesh province and District Administration Office Saptari to successfully organize orientation by assembling key frontliner staff of 18 local governments of Saptari district. Hon. Minister of Ministry of Home Affairs, Communication and Law (MoHCL) Mr. Rajkumar Lekhi inaugurated the orientation program emphasizing the coordination among all three tiers of government to jointly contribute to DRRM focusing especially on monsoon and fire related disasters in Madhesh province. The 2-days orientation covered overview of flood and fire incidents in Madhesh Province along with Provincial Monsoon Preparedness and Response Plan 2081, activities to be prioritized by local levels for monsoon preparedness and response and key insights on NDRRMA's reconstruction procedures.

7-days training on structure analysis and design of building was organized by Mithila Bihari Municipality, Dhanusha from 9th - 15th July 2024 and technical facilitation NHSRP team including Madhesh Province team also. The participants included engineers, sub engineers, assistant sub-engineer and technical officials of Janakpur Sub Metropolitan city, Mithila Bihari and Kamala Municipalities, Laxminiya and Aurahi Rural Municipalities. The provisions in Nepal National Building Codes for safer building construction was the highlight of the training that included a field visit to under-construction RC building site for observation of detailing of rebars and quality as well as basics on check of compliance in analysis, design, drawing as well as implementation. The NHSRP Madhesh team also presented briefly about NDRRMA's reconstruction procedures and usage of information management systems in DRRM decision making.

An interactive workshop on Monsoon Preparedness and Response and Fire-Induced Disaster Risk Reduction conducted successfully in Janakpurdham, Madhesh province on 3rd July, jointly hosted by NDRRMA and the MoHCL Madhesh province. NHSRP Madhesh provided technical support to conduct the workshop. The workshop discussed the MPRP plan of Madhesh province. Minister Bimala Ansari highlighted the DRR situation at Madhesh province and requested for significant coordination & collaboration among PEOC, DEOC, LEOC and all levels of government to address monsoon and fire risk in Madhesh province. Joint Secretary of NDRRMA, Basanta Adhikari advocated for disaster preparedness and better utilization of available resources for disaster risk reduction and management.

2-day training on disaster risk reduction and management conducted in Chhinnamasta Rural

Municipality (Saptari district) from 30th June to 1st July, with technical facilitation from NHSRP Madhesh team. The participants included the Chairperson, Deputy Chair, Ward Chairpersons, as well as senior officials of Chhinnamasta, along with members of the Local/Community Disaster Management Committee (LDMC/CDMC) & security agencies and technical personnels. The 2-days training covered overview of disaster and its policies along with roles and responsibilities of LDMC/CDMC. Comprehensive overview of NDRRMA's reconstruction and recovery procedures and Bipad portal, Bipad Apps, Reconstruction MIS tools were also provided to the participants. Additionally, a hands-on practice session was conducted to utilize the Bipad Apps. 2 surveyors user IDs were created. The NHSRP Madhesh team also successfully conducted on-site surveys of households affected by fire. Chhinnamasta Rural Municipality is assured to collect beneficiary data and conduct surveys of fire affected households using the NDRRMA Bipad App and verify it through the NDRRMA RMIS system.

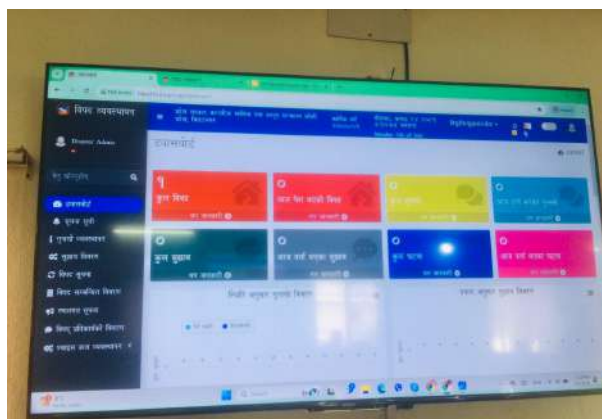

For more information contact: sandip.yadav@hrrpnepal.org

UPDATES FROM KOSHI

Provincial-level awareness workshop on Monsoon and Fire-Induced Disaster Risk Reduction was jointly organized by the NDRRMA and the MoIAL Koshi with technical support from NHSRP on 4th July. The discussions during the workshop revolved around fostering collaboration between the province, districts, local bodies and development organizations on DRR efforts. The need to strengthen Provincial/District and Local Emergency Operation Centers was highlighted, alongside challenges in relief distribution, investment in disaster preparedness, and improving disaster governance and its structure for effective disaster risk reduction and management.

Disaster Management and Response System officially launched by MoIAL Koshi province, including the Bipad Management Portal and Tring Tring Mobile Apps. The launch event was graced by the Chief Minister of Koshi Province. *The features of Bipad Management Portal includes* - AI-based disaster early warning dissemination; Emergency contact for rescue and relief for disaster-affected individuals; Status updates on requests made by disaster-affected individuals; Emergency rescue assistance requests; On-site information management; and Complaint and suggestion management. *The features of Tring Tring Mobile App includes* -Public accessibility; Early warning system using geo-fencing technology; Grievance management; and On-site information collection and dissemination. This

innovative platform aims to enhance disaster preparedness and response, ensuring timely assistance and effective management during emergencies.

Discussion program on Multi-Hazard Rapid Visual Survey (MH-RVS) of Public Buildings of Morang District Findings and Results - was conducted in Biratnagar on 10th July in joint collaboration of NDRRMA with MoIAL Koshi. The program was attended by chairpersons and vice chairpersons along with DRR focal persons and IT officers from the 17 local levels of Morang district, representatives from all three security agencies, along with key development organizations working in Koshi and the PEOC, DEOC officials and journalists.

पहिरोबाट बचाऔं र बचाऔं

पहिरोका पूर्वसंकेत

- घरमा: सुनसरा रतले विचाली जमिन फाँटी लम्दै नरकाउनु।
- जमिन: कुनै फुल्लु, काँचिलु, चिरा घर्नु, चीजा फाट्नु।
- जमिनका पहिलेदेखि नै रहेको चिरा वा घाँच फाँटिने हुँदै जानु।
- रुख: भिजुलीको फूल वा घरका नौवा बढिन्छन्।
- घरको छिमे: घर्सीलगा चिरा देखिनु र बढ्दै जानु।
- घरका अन्चाल-सोका काँचिलु र खोल्लु जाडो हुनु।
- जसका फाँटिने कुल सुनसुनु वा जमिनकिनबाट फलाउने फाँटि धमिलो हुनु।
- जमिन खुबिबाट पछुल फुट्नेको जस्तो कट्कट आवाज आउनु।
- जमिन छर्कनेको जस्तो हुनु।
- हक किनिलको जस्य लफ्फो लेटो गढो बनेको देखिनु।

पहिरो आएको संकेत पाए के गर्ने ?

- भूकम्पिले तर जमिनको पोरो नुराखि रखाउनु अर्को।
- सान्त्वना जोगाउनु अर्को।
- जग्गा र जग्गा परिसरलाई नुराखि रखाउनु अर्को।
- नरिल्ल, बालबालिका, जेठ नागरिक, गर्भवती तथा सुक्रेरी, अग्रजता लघका बालिकालाई पहिले नुराखि रखाउनु अर्को।
- खोल्सी बाउले लफ्फो लफ्फो पहिले नुराखि रखाउनु अर्को।
- जसको क्षेत्र तथा जमिनको क्षेत्रमा ठूलो फाँटि घरेको अवस्थामा राखि कठोरकल घट्टा जगा जाओ बरले।
- लफ्फो आउनु बालिकालाई जमिनको पोरो लफ्फो जगाओ।
- फिलिटी, प्रहरी, प्रशासनलाई सबै जगाओ।

बाढीबाट जोगिन पूर्वतयारी गरौं

बाढीको जोखिम घटाउने उपायहरू

- नदी किनारमा घर-गोठ बनाउँदै नबनाऔं।
- घरछेउका खोला-नदीमा बेलैमा तटबन्ध लगाऔं।

बाढी आउनु अगाडि नै तयारी गरौं

- बर्खायलगा सट्टै लोबाइलगा पर्याप्त ब्यालेनस र ब्याडी राखौं।
- बर्खा र बाढीको अवस्थामा टोल घुम्न नबन्नु १९५५ वा रेडियो-टेलीफोन विचारित जानकारी लिने गरौं।
- नदीमा बढेको फाँटि, ब्यालेन र तटबन्धको अवस्थामा बेलै बेलामा जानकारी लिदै गरौं।
- प्रहरी, सुरक्षा विभाग र प्रबुलेनसको नगर लोबाइलगा सेम गरेर राखौं, सकिन्छ भने कण्ठ पारौं।
- आफ्नो गाडी-छाँट र वस्त्रमा सबै थिलेर रबरका हुवा, लाइफ जकाँट, होरी, बोन र प्राथमिक उपचारका सामग्रीहरूको जोडो गरेर सुराखि राखौं।
- आपत-विपदाका लागि अन्न, दाल, खान, तेल र खान्नेजस्तो अत्यावश्यक सामग्री घरको नैजममा अडोले ठाउँमा राखौं।
- नागरिकता, लालपुर्जा, लाइसेन्स, पासपोर्टजस्ता महत्वपूर्ण कागजपत्र र औषधी प्लाष्टिकले राखरी घेको घरेर घरको अडोले ठाउँमा राखौं।
- छर्प, होरी, सिङ्गो, लोरोजस्ता सामान सजिलै छेउले ठाउँमा राखौं।

बाढी आइहाले के गर्ने ?

- बर्खायलगा उभै लोबाइलगा, जमिनले तथा नुराखे जमिन, घरेली, अन्नलगा सामान ब्यालेनसलाई सकिन्छ पहिले नुराखि ठाउँमा लेजाओ।
- घरेली ठाउँमा बनेलगा नदी बाढी आएको बारे सुरक्षा तुरुन्त दिने।
- प्रहरी, सुरक्षा विभाग र प्रशासनलाई सबै जगाओ।

आगलागीबाट सुरक्षित रहौं

आगलागी भइहाले के गर्ने ?

- सल्लाह पक्राइसकेपछि घितिकै आगो निगाइसलौं ।
- भिलिगडरको रेगुलेटर, पाईप वा तुलरोबाट उचास चुस्न नदिऔं ।
- सल्लाई लाइटर बालबालिकाले मेउले ठाउँमा नराखौं ।
- जोठमा कुँछे पक्राइसकेपछि राम्ररी पानी छ्यापेर आगो निगाऔं ।
- घुरोट, तमासु धिलिम, सुल्फा नखाऔं । यसको आगो राम्ररी निगाऔं ।
- घुसबरी, टियो बाल्टा नजिकै तेल, काठान र कपडाजस्ता बस्तु नराखौं ।

सावधानी अपनाउने हो भने आगलागीबाट हुने जनघनको क्षति कम गर्न सकिन्छ ।

- बिजुलीका तारप्लग, स्वीच वा कायरिड निखालिन जाँच गर्नु ।
- मलिटप्लग पानी लगाउने किरली टिप्पी लगाउनु उपकरण काम सकिए बितिकै बन्द गर्नु ।
- सेलबारीमा आगो लगाउने काम नगर्नु ।
- जोशिमना रहेको घरवस्ती नजिकै कुनै तरिकाले पानीको जोहो गर्नु । सेउला, माटे, बालुवा धुपारेर राख्नु ।
- स्थानीय तहले फायर फर्म लगाउनुका आगलागी निवन्त्रण गर्ने उपकरणको जाँच गर्नु ।

Asia Pacific Shelter and Settlements Forum 2024 [Call for Expression of Interest](https://forms.gle/foypFDEgvegc3RP3A) for Subject Matter Expert, Session Moderator and Session Notetaker. Visit: <https://forms.gle/foypFDEgvegc3RP3A>

****All about - Asia Pacific Shelter and Settlements Forum****

The Asia Pacific Shelter and Settlements Forum will be held in the Philippines from October 21 to 23, focusing on core themes:

- SHELTER & SETTLEMENTS: Preparedness and Relief Supporting Self-Recovery
- SHELTER AND SETTLEMENTS RECOVERY: Supporting Wellbeing & Resilience
- PROMOTION FOR ENVIRONMENT, INCLUSION AND INNOVATION IN SHELTER AND SETTLEMENTS PROGRAMMING

The Asia-Pacific Shelter and Settlements Forum provides an effective platform for Shelter and Settlements Practitioners to meet and share lessons and experiences of Shelter and Settlements response in the region. The forum explores best practices in communities that have safe, adequate, and dignified shelters and settlements.

Stay tuned for updates! [#APSSF2024](#)
