Organised in Kathmandu Nepal, 3rd Asia Shelter Forum (ASF) concentrated widely on “Regional Learnings and Collaboration in Shelter and Settlements”

The third “Asia Shelter Forum” (ASF) 2021 were successfully organized in Kathmandu Nepal from 25-27 November. With improvement in COVID 19 situation globally, in consultation with the government Ministries of Nepal, the organizing committee of ASF has successfully conducted a three-day physical event in Hotel Himalaya, Kathmandu, Nepal, where the event followed a hybrid model of both virtual webinar and face-to-face physical event. The Regional Forum was hosted by the Government of Nepal (GoN) under the leadership of Ministry of Urban Development (MoUD) and National Disaster Risk Reduction and Management Authority (NDRRMA), Ministry of Home Affairs (MoHA) with technical and financial support from ASF Organizing Committee members. The theme of the conference was concentrated on the theme of “Regional Learnings and Collaboration in Shelter and Settlements”.

The primary objective of ASF 2021 was to draw on the lessons and experiences of recent disasters and the wider experience of shelter response and recovery practices in the region. The forum also aimed at exploring best practices in achieving safe, adequate and

dignified shelter for disaster affected households with active community engagement.

ASF, a regional forum initiated by shelter practitioners in 2015 in Bangkok, Thailand aimed to localize the UK Shelter Forum, global annual shelter meetings and other established shelter forums. The ASF aims to improve coordination, collaboration, share learnings and best practices among countries in the Asia region by engaging governments, donors, development partners, shelter cluster mechanisms and humanitarian organizations and partners.

The ASF 2021 were supported by USAID, UKAid, Global Shelter Cluster and ASF Organizing Committee members. The ASF Conference Organizing Committee members are CRS Nepal, International Federation of Red Cross (IFRC), International Organization of Migration (IOM), National Association of Engineers (NEA), Habitat for Humanity International (HFHI), CARE Nepal, NGO Federation of Nepal, and HRRP. HRRP remained as the ASF Secretariat of the organizing committee members.

The first day of the conference was inaugurated by Honorable Minister Ms. Ram Kumari Jhakri followed by technical sessions focusing on best practices, lessons and challenges on shelter and settlement issues and interventions from Nepal. The second day was focused on discussing achievements across the Asia Region and prioritized the sharing of shelter and settlement practices through presentations and group discussion sessions. All sessions of ASF have encouraged greater collaboration and coordination among shelter practitioners and propelled advocacy with governments to increase their investments in shelter and settlements. A total of four panel sessions were held with 6 parallel sessions and 21 presentations altogether in different compelling thematic areas that focussed mainly around earthquake reconstruction, recovery, capacity strengthening, localization, vulnerable beneficiaries, corporate engagements, social solutions and technologies advances pertaining to recovery.

Honorable Minister Ms. Ram Kumari Jhakri mentioned that GoN is conscious about rehabilitation and recovery of disaster affected people therefore Janata Awas Program (People's Housing Programme) will be enhanced throughout the country where shelter needs are critical for disaster affected people in different districts. Minister Jhakri shared

that the right to housing, a fundamental right mentioned in the Constitution of Nepal 2015, would be implemented with the collaboration of provincial governments.

Chief of Shelter & Settlements, UNHCR and Co-lead of Global Shelter Cluster Mr. Brett Moore, during the panel session highlighted that international best practices of humanitarian and recovery efforts should be brought in the Asia Region as capacities that are built today are critical for the future.

CEO of NDRRMA, Mr. Anil Pokhrel, stressed for scaling up of the National Platform for Disaster Reduction and further the capacities at local level needs to be strengthened to address future disasters of differential magnitudes.

CEO of NRA, Mr. Sushil Gyewali informed the ASF audiences that Nepal's owner driven approach of Nepal earthquake reconstruction has stood out as an exemplary intervention. Mr. Gyewali further added that NRA is working closely with GoN and NDRRMA to establish Nepal Disaster Resilience Framework 2030 (NDRF) and also giving technical advisory support to make Nepal Disaster Board by 2030.

Director General of DUDBC- MoUD/GoN, Mr. Padma Kumar Mainalee expressed that in order to translate the instilled actions and lessons learnt, there is need to endorse the technical know-hows in day to day work procedures of provincial and local level and capacity strengthening on top of the implementation. Similarly, Mr. Mainalee addressed the Regional Forum that relevant groundworks of implementing National Building Code actions were implemented from 2005 onwards in which 2015 Nepal earthquake played a triggering wake up call for its utmost necessary endorsement.

Joint Secretary of NDRRMA, Ms. Anita Niroula stated that in currently NRA and NDRRMA is working out on formulating NDRF that will guide NDRRMA for upcoming 10 years so that the priority on responding to multi-disaster events will be streamlined and the making our settlements and houses more resilient and strong will be emphasized ever after.

Joint Secretary, MoHA -GoN Mr. Pradip Kumar Koirala, expressed that events like ASF can also help in lobbying and advocating for funding support at international and national

levels for disaster recovery.

Director General, Department of Disaster Management, Ministry of Disaster Management and Relief, Bangladesh, Mr. Md. Atiqul Haque stated that there is a need for a holistic approach and ASF can act as a bridge coordinator between government and likeminded INGOs/NGOs in reconstruction and recovery.

Appreciation and Token of Love distribution to ASF Organizing Committee on 2nd day event was given by Chief Guest, Mr. Anil Pokhrel, CEO NDRRMA. On top of this, Mr. Pokhrel gracefully passed Handover of ASF Responsibility for Year 2022 from GoN to the Government of Bangladesh in which Mr. Md. Atiqul Haque, Director General, Department of Disaster Management, Ministry of Disaster Management and Relief, Bangladesh took over the handover responsibility to organise ASF 2022 in Bangladesh during the closing ceremony on 26 Nov.

The key extracts of all sessions will be documented and shared with lessons learned and way forward in the ASF Proceeding Report with a larger aim to strengthen Nepal Shelter and Housing Community of Practice. The conference has featured discussions on longer-term recovery and added value to create a network of shelter and settlement practitioners across the Asia-Pacific.

The ASF 2021 were regarded as an opportunity for governments, I/NGOs, and community-based organizations (CBOs) to share and identify the most appropriate housing solutions for safe and dignified homes for vulnerable households through improved collaboration and networking. This Regional Forum has boosted robust dialogues between governments, non-governmental organizations, and CBOs to ensure sustainability and institutionalization of best practices. The conference has escalated promotion of forming the National Shelter Forum (NSF) for collective coordination among shelter practitioners and government agencies.

Detailed ASF 2021 Proceedings will be shared later. For more information, please contact HRRP National Coordinator, Mr. Minar Thapa Magar: minar@hrrpnepal.org

National Reconstruction Authority (NRA) to organize International Conference on Nepal's Reconstruction (ICNR) from 7 - 9 December 2021

The NRA is organizing an international Conference on Nepal's Reconstruction (ICNR) with the theme **"...from Reconstruction to Resilience"** from 7-9 December, 2021 (21-23 Mangsir 2078) at **Hyatt Regency Hotel** in Kathmandu. The Conference aims to share its experiences and learning from the post-earthquake reconstruction and rehabilitation including to present the road map for disaster resilient Nepal through Nepal Disaster Resilient Framework (NDRF). The ICNR will have panel discussion on various themes of emergency response, private housing, cultural heritage, social & public infrastructure, livelihood & economic recovery including governance, institutional arrangements and financing among others.

The conference is being held in a Hybrid model, providing people options to participate in-person or through Zoom Meeting. Many experts and prominent personalities are coming to Kathmandu to participate in-person while many others are participating virtually. The NRA encourages all to participate in this event through the [registration](#) process.

For more information or for any queries, please contact Conference Secretariat email: conferencesecretariat@nra.gov.np; phone: +977-1-4211482/4211647 and visit <https://icnr.nra.gov.np/> for more information on day -wise schedule- [ICNR 2021 \(nra.gov.np\)](#)

HRRP provided technical support to conduct orientation program on NDRRMA Private Housing Reconstruction and Rehabilitation Guidelines 2077

In November, NDRRMA in technical coordination with HRRP provided orientations to disseminate and localize the NDRRMA's private housing reconstruction and recovery grant disbursement procedural guidelines-2077 and information management tools to all municipalities and districts of Bagmati and Gandaki Province. One day orientation program was held in Sindhupalchowk and Lamjung district for staff of local government bodies including elected local heads, technical staff, social mobilisers, computer operators and relevant frontliners. Orientation has been completed in 9 municipalities of Sindhupalchowk and 3 municipalities of Lamjung district respectively. A total of 110 male participants and 45 female participants were reached and equipped through this orientation. Orientation in remaining municipalities will be planned soon in December.

The purpose of the orientation at district and municipal level is to strengthen the capacity of local government staff to speed up private housing recovery and reconstruction processes of affected populations. HRRP also provided orientation to local level technical staff about the reconstruction inspection process to strengthen the capacity of technical staff for the housing reconstruction inspection process as per NDRRMA guidelines. has successfully organized orientation programs to disatean interaction program on post-disaster reconstruction and rehabilitation. The orientation package included brief presentation on the procedural guideline contents from the Guideline was widely discussed while compelling challenges of grant disbursement mechanism were also explored and interacted such as strengthening system based documentation and reporting, lack of trained human resources to run the system, lack of technical human resource for housing reconstruction inspection, ensuring matching fund from provincial and local governments and ensuring swift access to housing grant by disaster affected households from District Disaster Management Committee (DDMC).

Completion of India -aided houses reconstruction in Gorkha and Nuwakot districts:

Housing reconstruction supported by the Indian Government, in Gorkha and Nuwakot districts has been completed. Through a closing ceremony program organised on 15 November in Kathmandu, the Indian Embassy in Nepal informed that a total of 50,000

houses have completed reconstruction through an owner driven approach led by NRA-GoN. According to the statement made by Indian Embassy in Nepal, together with UNDP and UNOPS, Government of India in March 2018 has provided socio-technical assistance services to earthquake affected beneficiaries in altogether 4 urban municipalities and 14 rural municipalities of Gorkha and Nuwakot districts. This project was implemented with India's grant assistance of Rs. 10 billion and loan assistance of Rs. 5 billion. This was utilized to provide Rs. 300,000 private housing reconstruction grant to each of the 50,000 beneficiaries in the two districts. Economic Impact Study Update: The Evaluation Report of Socio-Economic Impacts of Reconstruction in Nepal is finalized and is going to be published officially at the NRA's International Conference on Nepal's Reconstruction (ICNR) 2021. The Independent Study was led by Dr. Govind Nepal and his team: Dr. Biswo Poudel and Dr. Rudra Sulwal. For more information, contact HRRP Information Management Coordinator, Mr. Keshab Shrestha (9843264474) Keshab.Shrestha@hrrpnepal.org

HUMANITARIAN SITUATION UPDATE

COVID-19 update from Ministry of Health and Population (MoHP) (as of 5 December 2021): According to the MoHP [website](#) national COVID-19 data, as of **5 December 2021**, a total cumulative new cases are 822,592 (via RT-PCR test) out of which 804,544 patients (97.8%) have recovered. Likewise, as per national death tally, a total of 11,541 (1.4%) people have succumbed to the virus as of 5 December MoHP data. For more information, click in the given link **COVID-19 Response and Preparedness Plan** released by UN-RCO Office and Situation Report (SitRep) as of 1 November https://un.org.np/sites/default/files/doc_publication/2021-11/Nepal%20C19%20SitRep%201%20November%202021.pdf and Focussed COVID 19 Nepal Media Monitoring [https://reliefweb.int/sites/reliefweb.int/files/resources/Focused%20COVID-19 Media%20Monitoring December%202021.pdf](https://reliefweb.int/sites/reliefweb.int/files/resources/Focused%20COVID-19%20Media%20Monitoring%20December%202021.pdf)

PROVINCIAL UPDATES - GANDAKI

Lamjung Earthquake Response Program (LERP) Update: The LERP was a short term project implemented to cater the emergency response of the Lamjung earthquake affected population. The project came to an end in October 2021. As of 5 December, 75.03% of the total 2520 earthquake affected households' damage grade assessment have been completed. For more information contact Mr. Rijan Gajurel, Technical Coordinator-Localization: rijan.gajurel@hrrpnepal.org

PROVINCIAL UPDATES - BAGMATI

In **Kathmandu**, Kasthamandap, a landmark cultural monument in the heart of the capital Kathmandu, has neared completion of reconstruction. Kasthamandap, one of the significant monuments in the world heritage sites of Hanumandhoka Durbar Square was flattened by the 2015 Nepal earthquake. Kasthamandap Reconstruction Committee (KRC) Chairperson and also a Member of the Bagmati Provincial Assembly, Mr. Rajesh Shakya informed in the media press briefing about the completion status of Kasthamandap reconstruction. The Kathmandu Metropolitan City has invested Rs. 115 million for the post earthquake reconstruction of Kasthamandap, says Committee Chair Mr. Shakya. Reflecting on the reconstruction efforts of Kasthamandap, Mr. Shakya stated that KRC took over the reconstruction process in May 2018 and dealt with many challenges throughout. KRC firmly followed the same design and architectural excellence that were exact with the original one. Base of the temple's pinnacle (gajur) is already placed and the outer rafter is also over, while some finishing works are yet to be done as claimed by locals of Basantapur. Besides woods, KRC has used better materials such as stones, soil, bricks and brass in its construction for assuring resilience and strong structure. New sculpture of Gorakhnath has been placed in the middle of the temple. KRC will soon work out dates to officially inaugurate the Kasthamandap, says Committee Chair Mr. Shakya.

In **Lalitpur**, Reconstruction of Bhimsen temple located in Patan Durbar Square is taking full swing while more than 90 percent reconstruction has been completed. The 2015 earthquake and subsequent aftershocks has weakened the wooden structure of the temple in its upper stair. Targeted to complete remaining construction soon in upcoming few weeks, Lalitpur Metropolitan City initially provided Rs 10 million and initiated

reconstruction of Bhimsen Temple with a slogan 'Let us build our heritage on our own' where local communities and the construction committee took initiative collectively to rebuild the temple by raising funds from local sources. Mangal Tole Sudhar Samittee that looked after the reconstruction works of Bhimsen Temple have organised joint local labour input on 4 Dec. where more than hundreds of locals from various walks of life joined hands together in labour support to rebuild their quake damaged monument.

MEDIA COVERAGE & COMMUNICATION ON RECONSTRUCTION NRA & NDRRMA CORNER

Baliyo Ghar Surakshit Nepal - 66 | Asia Shelter Forum 2021: This episode #66 focused on the happenings of Asia Shelter Forum 2021 was premiered on 3 Dec. The program airs on Nepal Television every Friday 7:00 pm and every Saturday 10:30 pm.

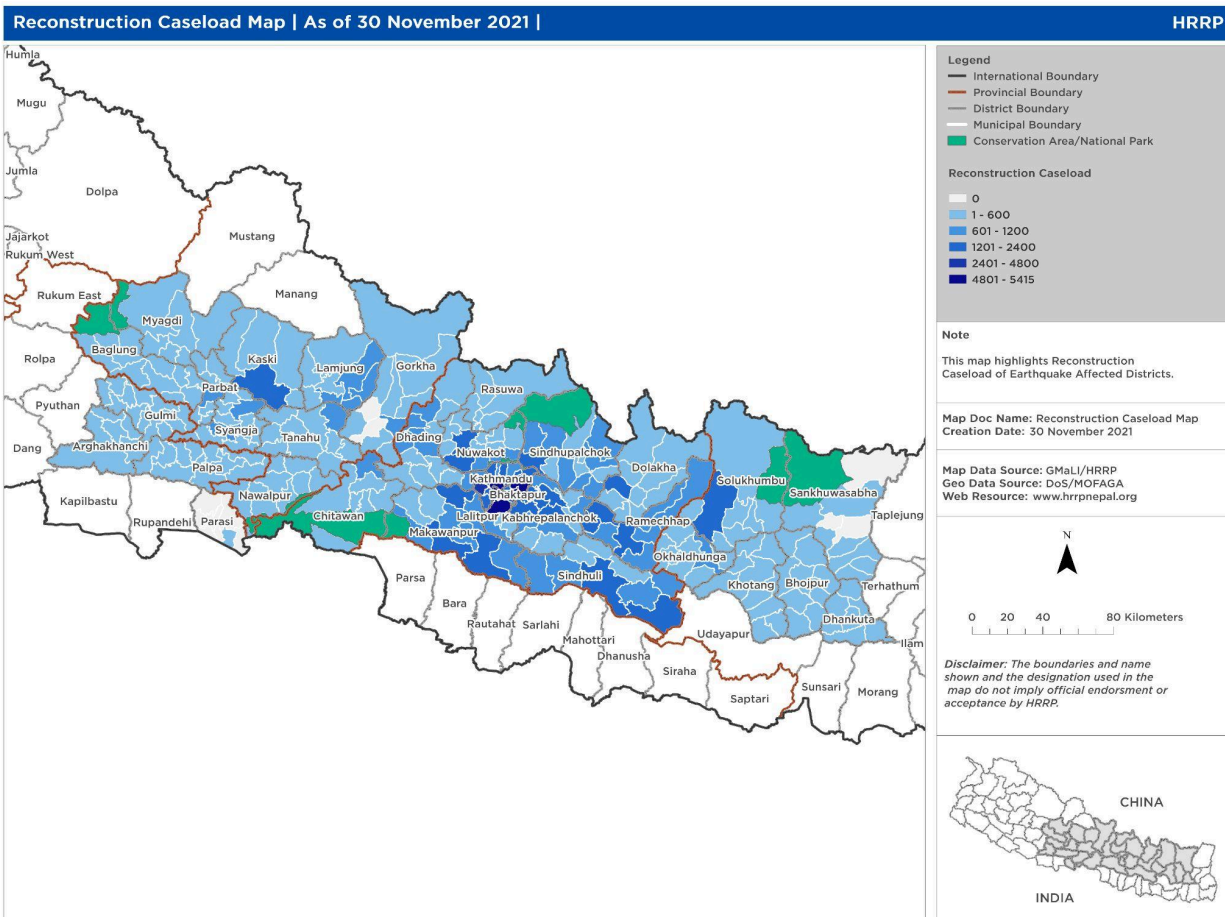

[SURAKSHIT NEPAL 2078-08-04 - YouTube](#): This episode of Surakshit Nepal was aired on NTV News Nepal on 23 Nov. that highlighted the effect of cold waves and its preparatory measures to be taken by NDRRMA.
