12 April 2019	KanpurKalapani, Namobuddha-5	• Ishor Neupane, HRRP
Objective(s)	• Participate in the commencement ceremony of Model Retrofit House	
Summary	The program of Model Retrofit House by UNOPS Consortium was commenced at Namobuddha Municipality-5. CEO of National Reconstruction Sushil Gyawali inaugurated the program. Prior the field program, a sharing meeting was conducted at Namobuddha Municipality. The major points discussed in the meeting were: • Need of efficient tranche release system • High migration rate into the urban areas of the palika and neighboring palikas and its impact in the palika. • Need of data of beneficiaries receiving first tranche but have not yet reconstructed/not willing to reconstruct. • Promote retrofitting across the palika. • Ensure engineers training and community awareness programs on retrofit.

24 April 2019	Panauti 9, 10	- Reshma Shrestha, HRRP - Ishor Neupane, HRRP
Objective(s)	- Conduct Ward level meeting - Update the reconstruction progress at ward levels - Housing Typology Survey	
Summary	During the field visit, ward level coordination meeting was conducted in Ward 10 whereas housing typology survey was conducted in ward 9 and 10. At ward 10, ward level coordination meeting was conducted with participation of Ward Secretary, Ward Member and HRRP. 399 of the total beneficiaries have received first tranche, 191 have received second tranche and 115 have received third tranche. The list of 22 beneficiaries who constructed their house immediately after earthquake has been prepared and forwarded to Building/DLPIU whereas all the documents of 24 beneficiaries requesting to switch from retrofit to reconstruction have been forwarded to NRA. Grievances is the major issue of the ward. The earlier resurvey and reverification missed a total of 221 and 275 grievances from two previous wards now included in Ward 10. These will now be covered by the ongoing resurvey and reverification along with other grievances filed at the ward. Another major challenge of reconstruction in the ward is the communication gap from the top level. Almost all of the notices and policies of NRA reach the ward after the deadline. Similarly, only the palika levels are oriented on the reconstruction policies. But it is the ward level where these orientations and communication are most essential.

Objective(s)	• Visit the model retrofit house • Interaction with under training masons • Coordination meeting at Temal Gaupalika • Housing Typology Survey
--------------	--

Summary	Under the program of retrofitting 1000 houses across the earthquake affected areas by the UNOPS consortium, 8 model houses have been finalized in eight different local structures of Kavre. During the field visit, two ongoing retrofit demo houses at Kanpur Kalapani, Namobuddha-5 and Pokharinarayansthan, Temal-5 were visited. The house of Chatra Bahadur Pariyar of Namobuddha and Dil Bahadur Tamang of Temal were selected for the demo retrofit. During the 45 days schedule of retrofit, 6 masons (4 female, 2 male) at Namobuddha and 5 masons (3 female, 2 male) at Temal are being trained as retrofit masons in presence of two trained head masons and one engineer. A Coordination meeting was conducted at Temal Gaupalika with the participation of Deputy Chief of the palika. The reconstruction progress of the palika is medium, migration to urban areas and scarce water supply being the major issues of reconstruction. The deadlines for reconstruction and tranche return whereas has encouraged reconstruction at the palika. Reconstruction coordination meetings were initially conducted with the participation of all ward chiefs and technical persons and continued thrice but was discontinued reasoning the difficult access from the wards. A request was made to conduct regular reconstruction coordination meetings and information of newly assigned focal person and ToR was shared. In presence of palika representative and UNOPS representative, request was made to increase the retrofit awareness programs using the demo retrofit house.
