

This district profile outlines the current activities by partner organisations (POs) in post-earthquake recovery and reconstruction. It is based on 4W and secondary data collected from POs on their recent activities pertaining to housing sector. Further, it captures a wide range of planned, ongoing and completed activities within the HRRP framework. For additional information, please refer to the HRRP dashboard.

% of households who own their housing unit 46% 85%
(Census 2011)¹

NEWS & UPDATES

1. A photo book launch event was organized on Thursday, 16th March, 2017 at the Himalayan Bank, Kamaladi. Renown photojournalist Omar Havana took the photographs right after the earthquake of 2015, which showed the endurance of people of Nepal in the aftermath of the earthquake. Profits from the book sale will be donated for education of earthquake affected children.

2. A field visit to monitor the reconstruction in Kot Dada and Bungamati Lalitpur district was conducted on 7th March along with the participants of the DFID conference on climate change and infrastructure. Build up Nepal in partnership with We Help Nepal provided training in the community to produce earth bricks and construction of the Demonstration house using those bricks. The demonstration house will be used as an office for the water supply committee in the area.

0 VDC with all 6 TA Activities
26 VDCs with no TA

The coverage of Technical Assistance (TA) is defined according to the presence (planned and on-going) of the following 6 activities and the VDCs highlighted suggest the summation of the activities presented:

- Community/household orientation with more than 1 session
- Continuous Door to door technical assistance (Mobile Technical Support)
- Short training for Masons (Target achieved)
- Vocation/on the job training for masons (Target achieved)
- Helpdesk/Technical Support Center
- Demonstration construction

Disclaimer:

The highlighted VDCs indicate that at least one of the aforementioned activities is being conducted/planned by partner organizations, irrespective of the methodology or household level coverage of the activity. For activity c and d, it is highlighted when there are more than 70% of masons trained according to the targets defined by NRA and field surveys.
