3. Evaluation of mason training
4. Planning for "One day Technical Workshop"
5. Inclusion issues in housing
6. How to address WASH issues in housing reconstruction and recovery
7. Community based reconstruction committee
8. AOB

After all participants were welcomed for coming, the meeting was started with the following discussion and decisions.

1. Supply Chain Assessment

Ram Hari Adhikari, HRRP Makwanpur, District Coordinator briefly described about the need of Supply Chain Assessment and requested to all partner organizations on supporting to conduct it. He further said that it is very crucial in assessing the local needs, supply status and price of the locally available materials and the construction materials from the market. He added that this will enable the government and partners to determine the requirement of their need in supporting the community in housing in an affordable cost and ultimately enhances the reconstruction and recovery process in the district. Furthermore he told that the POs don't need to allocate a huge budget to organize the assessment, rather each organization can assign one or two Social mobilisers for two or three days in their working area for assessment. He shared the example of Gorkha where all POs had participated in designing the assessment and started it very easily. Moreover, he told that Practical Action had promised to facilitate the assessment workshop and support in designing the assessment, developing the tools and analyzing the data if POs are ready to

collect data in the district by mobilizing the community level staffs. Mr. Adhikari also mentioned that HRRP Makawanpur is planning to organize it in February.

Participating on the discussion, the DE of the DWSSDO Mr. Padam Kunwar said that it is significant for the community in installing wash facilities in their households as well. Similarly, the other participants also suggested to conduct assessment to assess the need of other sectors that is related to housing.

2. Sharing about updated maps, training coverage and gaps

Mr Yogendra Napit, IM of HRRP presented the updated maps and showed the gaps in mason training and technical assistance. He said how the POs can identify their own roles by seeing the gaps and how the maps can be accessed in HRRP website. He encouraged to visit the HRRP dash board and access the maps to identify the gaps and prepare their plan to cover the gaps. Finally he did commitment to support the partners whenever they need it. Please find the links for coverage and gaps maps as bellow;

3. Evaluation of mason training

The importance of evaluating the effectiveness of mason training was discussed. Mr. Adhikari gave an example of the evaluation organized by JICA in Gorkha and shared the major findings of the evaluation. He added that this evaluation helps to find out the gaps, plan for refresher, mobilize the masons in the optimum level and identify the weaknesses of the training. After this all organizations that were involved in mason training such as CEEDF, RADO, and NRCS shared their findings on the present conditions of the masons who were trained.

4. Planning for “One day Technical Workshop”

Mr. Adhikari told that HRRP is planning to organize one day technical workshop on February 13, 2017. He further said that this workshop will enable the POs to resolve their technical problems, which have been facing in the field.

5. Inclusion issues in housing

Ms. Shova Shah, Chief of Women and Children Development Office, raised the inclusion issues that needs to be considered while working in housing sector. She requested all POs to think and plan to incorporate inclusion issues of senior citizens, disables, children and women. She added that houses should be disables and senior citizens friendly as well.

6. How to address WASH issues in housing reconstruction and recovery

Mr Padam Bahadur Kunwar, DE of DWSSDO briefed about why and how WASH should be incorporated in housing. He told about the sanitation strategic plan which aims to declare Nepal as total sanitation by 2017. He further added that there must be toilets in newly

constructing houses and must have community toilets as well for other people who are walking through the villages. In addition he said that we should have drinking water facilities to maintain the sanitation and that should be disable friendly, child friendly and inclusive in all ways.

He further said that we need to carry out sanitation marketing to ensure sanitation provisions in the new housing. He promised to tell more on the next meeting.

DE, Som Raj Timilsena cleared by his remarks that the government is providing Rs.25,000.00 in the third tranche which is out of the Rs.100000.00 for sanitation

Participating on the discussion, Mr. Raju Karki of WFP told that there is scarcity of water in the remote areas such as Namtar VDC. He further added that livelihood of the people were damaged due to earthquake and that should be included in the recovery programs along with WASH and other issues.

7. Community based reconstruction committee

Mr Som Raj Timilsena, DE of DTO told about the formation of reconstruction committees in the community level. He told that there will be 7 membered committee including at least three women members. Similarly, he described about the latest update on housing and the allocation of the second and third tranche distributed to the families.

He thanked Plan International Nepal for providing two data assistants who entered more than 10,000 grievance within one months. He requested the POs to provide support in extending their tenure by one month more as they have been supporting significantly.

In the end, Mr. Sudip Acharya, DE of DUDBC summarized the discussion of the meeting and thanked the participants for the participation and wished to get more support on housing in the future.

8. AOB

- Samiran Koirala from CCDN announced that CCDN is going to form reconstruction committees in Daman and Palung of Thaha municipalities and Phakhel, Namtar and Chitlang VDCs of Makwanpur in the next few weeks. He told that they have been receiving technical support from HRRP central to form these committees.
- Purna Bhadra Chaulagain of CEEDF announced that they will support in the extension of the data assistants for one month and provide stationary materials and 17 design catalogue for the technicians of NRA working in Markhu, Kulekhani and Phakhel.

9. Action Points

- All POs will support and participate in supply chain assessment to be organized in February in facilitation of Practical Action.
- All POs will organize the evaluation of the masons, who were trained by them.
- All POs will participate in the technical assistance workshop that is going to be organized in February.
- All POs will consider inclusion issues in housing.
- All POs will consider WASH issues in housing.

- All POs will support in forming reconstruction committees.
- All agencies will follow the instruction given by the DUDBC and DTO.

10. Next Meeting

The next HRRP meeting will be held on the 17th of February, 2017.
