

District Report

Nuwakot

28 September - 11 October 2018

Summary of events during this period

Name of activity/event	Event date	Participants summary		Contact Person	Reference Document
		Male	Female		
District Coordination Meeting, In Nuwakot, the discussion mainly focused on those beneficiaries on geo hazard area about 377 some are to be studied recently. Among them 60 have their own land and most of them had already built their houses in same place. 190 have procured the land and in different places but the beneficiaries have taken third tranche of Kimtang and Dupcheswar. Oxfam has plan 244 houses to build but most of them has already built their houses in same place. As per NRA instruction they should pay back the tranches to receive facility from Oxfam. Oxfam has requested to take a decision regarding the issue as soon as possible. Similarly, Chair of DCC Nuwakot Santaman Tamang has request to focus on infrastructure development with coordination of local government to the Partners.	28 Sep 2018			dc.nuwakot@hrrp.nepal.org	Meeting Minute

Field Visit /Joint Field Monitoring Visit Reports

Date:	Location:	Participants from HRRP and stakeholders
26 September	Tarakeshwar RM-1, Dangsing, Nuwakot	• Badri Pyakurel, HRRP • Pravuram Pokhrel M&E DLPIU • Buddhasing Thakuri, HRRP

Tarakeshwar consists Taruka, Budhasing , Dangsing, Gorsyang and 3 wards of Khadkabhangyang. It has 94% progress on 2nd tranche and 62% of progress on 3rd tranche. Save the children has supported on Taruka, Dangsing and Gorsyang from the beginning. Most of the households were facilitated technically during its support. Most of the houses are made of Mod stone and CGI roof. We can see rare houses are RCC on road head and bazar areas. Noncompliance cases are the houses which are made very initial phase. People are not aware on housing code and not available of trained Mason. The construction will be concluded with very satisfied way.

Challenges / Issues Identified	Action Required	Responsible	Timeframe
Beneficiaries from land slide vulnerable has constructed their house in the same place because they are not informed timely.	Should take appropriate and prompt decision.	NRA, GMALI	As soon as possible
Transportation of reconstruction Materials	promote to use locally available materials	POs, Ward offices	Regular
Quality of reconstruction materials	Quality assurance to local supplier	DCC, Rural Municipality	Regular

Ward Level Meeting of Tarakeshwar RM. (Ward – 05) Chaired by ward chair ChudaMani Gajurel. The meeting was centered to solve the noncompliance issues and sharing the best practices. He highlighted that 32 real beneficiaries are left on grievance addressal as well. There 8 beneficiaries whose agreement has not done yet because some beneficiaries are out of country and landless issue and more that 80% of the beneficiaries have got third tranche.

House Owner: Jash Man Tamang
Nuwakot, Tarkeshwar Rural Municipality ward no 5,
Mud Mortar with fix roof.
has received 3rd tranche and supported by save the children

Questions Collected

Question	Who Asked the Question?	Response Provided (By Whom)
I have already Constructed my house by the NRA tranche and my savings and loan as well. Then people from ward and different organization came to return back the tranche to move from the landslide area, from where should I back the Money.	Balsing Tamang, Meghang-4, Kimtang Beneficiary	Our Response is that be in close contact with ward office, it will informed you. And we have informed to ward Chair about his concern.
How much Land will get in New place? Only 4 aana land may not sufficient for our livelihood.	Balchhi Tamang, , Meghang-4, Kimtang Beneficiary	Our Response is that contact to GMALI
Now I am living in landslide vulnerable place, but not listed as NRA beneficiaries, where do I for further process?	Subba Tamang, , Meghang-4, Kimtang Beneficiary	Our Response is that contact to GMALI
What will be support to us, in coming days?	Lal Bdr Taamng, Relocated beneficiaries from Urlen	GMALI Act, Usesh Shrestha has respond that as per need NRA may continue the supports.

Challenges and Way Forward

Challenge	Way Forward
Lack of technical assistance in the hard to reach field area. NRA engineers are not in regular monitoring to the house. When they visited for the inspection, they only commented for non-compliance.	MOUD-DLPIU should monitor the engineer and instruction for regular visit.
Delayed and partial addressing of grievance. Real victim from the earthquake has not addressed as beneficiaries. They have applied for grievance many times but not addressed.	NRAs should address as soon as possible by the help of local elected persons, Like ward chair and other members.
When will retrofit start? People don't have trained manpower for the retrofit, they are waiting the response from NRA side.	Training and other technical issue with proper communication to the common people should be done before monsoon starts.

Case Study

५१ वर्षिय मैना सिंह तामाङलाई कामले भ्याइ नभ्याइ छ । उनलाई एकछिन पनि फुर्सद छैन । कारण: उनको गाउँ काहुले गा.वि.समा अहिले पुनः निर्माणको काम भइरहेको छ र उनी एक भवन निर्माण विभागद्वारा प्रमाणित दक्ष मिस्त्र हुन् । पहिला पहिला कामको खोजीमा भारत र काठमाडौँमा धेरै वर्ष बिताएका उनी अहिले आफ्नै गाउँमा चाहे जति काम गर्न पाउँदा निकै खुशी छन् । अहिले सम्म उनले २२ वटा भुकम्प प्रतिरोधी घरको निर्माण सम्पन्न गरीसकेको र अन्य ७ वटाको डि पि सि को काम थालिसकेका छन् । उनी आफ्नो काममा निकै गर्व गर्दछन् र आफ्नो गाउँलाई नमुना बस्ति बनाउने सपना रहेको बताउँदछन् । यही कारणले उनले अहिलेसम्म बनाएका सबै घर एकै डिजाइनका छन् ।

विगतमा वार्षिक २, ३ वटा सम्म घर निर्माण गर्ने र खेती किसानिबाट गुजारा गर्दै आएका तामाङ हाल भुकम्प प्रतिरोधी निर्माण प्रविधिको सिप सिकी वार्षिक १० वटा भन्दा बढी घरहरु निर्माण गर्ने अवसर पाएकोमा आफुलाई भाग्यमानी सम्झन्छन् ।

हुनत ५ वर्ष काठमाडौँ बस्दा उनले भारी बोक्ने तथा मिस्त्रीको काम पनि गरेका हुन् र गाउँ फर्केर पनि घर बनाउने कामलाई नै निरन्तरता दिएका थिए । तर तालिम पश्चात विगतका आफ्ना काममा निकै सुधारात्मक पक्ष रहेको उनलाई महशुस हुन्छ । पहिले नै तालिम प्राप्त भएको भए भुकम्प जाँदा आफ्नो घर पनि भत्किने थिएन होला भन्छन् । भुकम्पले उनको घर मात्र हैन उनको छातीको ज्यान पनि लग्यो र उनको श्रीमतीको एउटा चलने खुट्टा पनि नचल्ने बनाइदियो । उनी आफैलाई पनि ढिस्कोले थिचेपछि छाती दुख्ने रोग लागेको थियो र अब केही काम गर्न सकिन्न होला भन्ने समेत लागि सकेको थियो । त्रिशुली अस्पतालमा जचाउन जाँदा रेडक्रसले खानपिनको सजिलो व्यवस्था गरिदिएको पाए र हाम्रो गाउँमा पनि रेडक्रस आईदिए कति राम्रो हुन्थ्यो भन्ने सोच आएको उनी सम्झन्छन् ।

नभन्दै २०१६ जनवरी १ देखि नेपाल रेडक्रस नुवाकोट जिल्ला शाखाले काहुलेमा भुकम्प प्रतिकार्य कार्यक्रम अन्तर्गत काहुलेमा काम सुरु गर्यो र लगत्तै मिस्त्री तालिम दियो । उनी पहिलो चरणमा नै तालिममा सहभागी भए । उनलाई

बलियो घर बनाउने तरिका सिक्ने चाह थियो । तालिम लिएपछि उनले थप जाँगर र उत्साहका साथ काम गर्दै आएका छन् । पहिला उनी दुइ छाक टार्न काम गर्थे भने तालिम लिएपछि उनी आफ्नो गाउँको अगुवा बनेर सबैलाई बलियो घर बनाउन प्रोत्साहित गर्दै लागिपरेका छन् ।

गाउँभरि भुकम्प प्रतिरोधी घर निर्माणमा सकृय तामाडले १० महिना अघि नै आफ्नो घर पनि भुकम्प प्रतिरोधी बनाई बस्न थाली सकेका छन् । सोही अनुरूप उनले नेपाल रेडक्रसबाट निजि आवास अनुदान रु. ३,००,००० का साथै आफ्ना श्रीमतीका लागि अपाङ्गमैत्री टोइलेट निर्माणको प्रक्रियामा छन् । टोइलेट निर्माणका लागि उनले रेडक्रसबाट निर्माण सामाग्री लिइसकेका छन् र निर्माण पश्चात ज्यालादारी स्वरूप रु ६,५०० पनि पाउनेछन् । भुकम्प गएपछि सबै आशा हराइसकेका मैना सिंहको जिवनमा थप उर्जाका साथ नयाँ संकल्प पनि रहेको छ । भुप्रोमा नै बस्छु भन्ने आफ्ना छिमेकी साथीभाईहरुलाई पनि उत्प्रेरीत गर्दै उनी भुकम्प प्रतिरोधी समुदाय निर्माणको जिम्मेवारीमा लागेका छन् ।
