1. Introduction

HRRP district meeting was organized with attendance of representative from 11 PO's. The meeting was mainly focused on Enrollment Procedure and Mapping of Enrollment sites. It was facilitated by HRRP Gorkha district Coordinator Minar Thapa Magar. HRRP Western Hub coordinator Loren Lockwood provided insights of enrollment process and answered queries of partners. He also noted constructive suggestions from partners which he will advocate in national level.

2. HRRP Update

- HRRP District Coordinator Minar informed PO's about the importance and necessity of 4W data collection regarding the shelter activities and requested them to provide timely updates regarding their shelter activities and also to push forward programs for Skilled Mason trainings and other shelter activities. He also discussed with partners about their responsibilities to make community prepare in terms of Technical Assistance before subsidy rolls out.

- He also reiterated about the importance and responsibilities of partners regarding commitment for enrollment. In addition to that he reminded about NRA's Policies assisting in reconstruction through enrollment process and technical assistance.
- Loren informed about HRRPs assistance to NRA and mentioned HRRP's responsibility to represent partner's interest. He emphasized about NRA's focus in enrollment and NRA is seeking for assistance for enrollment and also technical assistance from partners.
- Loren informed that people who have already started to build their houses are also eligible for enrollment and if they are in eligible list published by CBS survey's report, will receive subsidy if they follow the structural guidelines provided by DUDBC and they are in compliance with reconstruction checklist.
- Government (NRA) has recognized that the 17 designs for the shelter which they had drafted previously may not be appropriate/applicable for every context. Therefore, NRA has enforced specific construction guidelines and techniques that must be followed for reconstruction of shelter.
- Grievance mechanism is a process of dealing/analyzing with those applications whose names are not enlisted by CBS's survey for enrollment for provision of subsidy and its policy is being worked upon by NRA.

3. Partners Update

- PO OXFAM informed that they were planning to establish information center in 4 of the working VDC's and are also planning to make 5 demo houses. They have not started the trainings yet but are planning to initiate from the end of March.
- JICA updated about the completion of 7 days training in Barpak and have started in Simjung VDC. In addition to that they are also carrying out house owner orientation in 3 other VDCs.
- Save the children has approached for Vocational training and Training for Mason-Carpenter. They have ongoing Mason selection process and will start training them soon.
- UVN/ Samaritans Purse informed about their ongoing VDC visits. They are starting to construct a school in Simjung. They are planning to carry out leadership training followed by mason trainings.

4. Enrollment Process

- Minar gave a brief explanation about enrollment process and how it has been planned to carry out.
- Loren explained about Government policy for eligibility in order to receive the subsidy. Beneficiaries must fit in 3 categories among 5 to become eligible. For anyone who claim for subsidy but are not enrolled, those cases are handled by Grievance Mechanism.
- Loren briefed about the enrollment process in the enrollment site.
- IOM needs have to a internal discussion to commit for assistance in enrollment process . Two teams have been mobilized in Kharibot and Ghairung for dissemination of 10 key messages.
- PO's suggested that northern VDC must consist one enrollment site for each VDC referring to their geographical inaccessibility. IOM suggested for a Pilot enrollment center to practice enrollment procedure in order to analyze the possible complications that may arise during the enrollment process.
- POs worked together in mapping possible enrollment sites which will be proposed to NRA through HRRP for enrollment.

5. T-Shelter Improvement

- OXFAM is mapping the t-shelter condition in its working area and has completed mapping in Takumaj and
- HRRP requested organizations to gather information about condition of t-shelter (photos recommended) and distribute tools about ways to improve t-shelter and think of alternatives to strengthen existing t-shelter for monsoon and high winds.
- Save the Children informed that they are supporting latrines, t-shelter and demolishing of damaged in Swanra, Takukot, Pandrung and Panchkhuwa deurali. They are also planning to provide financial support of NRs 13000 for 1600HH for the improvement of T-shelter.
- IOM suggested to develop a simple standard checklist to monitor the t-shelters that can be used by partners to identify condition of t-shelters and to develop a strategy to strengthen existing shelters.

6. Key Discussions

- A session was carried out for mapping of efficient enrollment site with recommendation from partners. According to the raw discussion in the meeting, 33 Enrollment sites were proposed and Mapping was carried out which will be shared with partners so that they can propose fixed site for enrollment centers. They are yet to be discussed in more details with partners before finalizing and drafting them.
- Loren led a discussion regarding Grievance Mechanism and its importance.

7. AOB

- There were some issues regarding duplication of shelter activities among partners working in same VDCs. HRRP requested partners to coordinate with each other to avoid duplication and for effective implementation. HRRP will organize a discussion among partners working in same VDCs for relation building and coordination to avoid duplication and to direct resources to those VDCs with less planned activities.
